New Headway English Course. Upper-Intermediate. Pronunciation Book mit CD Bill Bowler, Sarah Cunningham, 2005-04

Pronunciation in EFL Instruction Jolanta Szpyra-Kozłowska, 2014-12-05 In view of recent debates on the global spread of English and its international lingua franca role what pronunciation models are appropriate for millions of EFL learners Which aspects of English phonetics should be taught to foreign students and which can be neglected with little loss to successful communication How can English pronunciation be taught in an interesting and effective way which is both learner and teacher friendly in accordance with the latest scholarly and technological achievements This research based book addresses these and many other fundamental issues that are currently at the centre of pronunciation teaching It offers a wealth of new theoretical ideas and practical solutions to various phonodidactic problems that arise in EFL contexts approaching pronunciation instruction from global and local perspectives and supporting its theoretical claims with extensive empirical evidence It will be of interest to EFL teachers and teacher trainers pronunciation specialists and students of applied linguistics

Ta(l)king English Phonetics Across Frontiers Biljana Čubrović, Tatjana Paunović, 2009-10-02 Highlighting some interesting and intriguing aspects of English phonetics and phonology from a variety of perspectives this book brings up a number of empirical questions in order to emphasize the necessity of taking a very broad view of what spoken English means in today's socio cultural context English has become a truly global means of communication used as a first second or additional language by millions and millions of diverse speakers in a multitude of different communicative contexts so that the very notions of native and non native seem to have changed profoundly as have the notions of central peripheral and standard non standard with regard to English varieties spoken around the globe Therefore today more than ever before in studying English phonetics many small research steps need to be taken to provide diverse and broad empirical data from as many different standpoints as possible This collection indeed looks at English phonetics from a wide spectrum of perspectives including those of native or EFL speakers language varieties L2 language teaching and learning as well as language contact development and change

New Headway english course upper-intermediate. Liz Soars, John Soars, 2000 New Headway English Course takes the successful Headway series into an exciting new era It introduces new features to challenge adult and young adult students and ensure that learning English is interesting and motivating The course combines the best of traditional methods with more recent approaches to help students use English both accurately and fluently Learners at the upper intermediate level

require a different approach. It is no longer appropriate to examine language items in isolation. In New Headway Upper intermediate grammatical areas are treated in greater depth so that students begin to perceive the systems that underlie the language. This new upper intermediate course provides around 120 hours of language learning. It follows on from New Headway Intermediate and together with Headway Elementary Headway Pre intermediate and Headway Advanced provides a fully comprehensive language teaching series. Key features: New universal topics selected from a wide variety of sources including authentic listening texts. In depth treatment of grammar. Each unit starts with a Test your grammar section followed by Language in context where students work out rules through Grammar questions. The Practice Bank provides a choice of wide ranging exercises and the Grammar Reference gives detailed rules of form and use. The grammar of spoken English is examined with work on areas such as being polite, linking and commenting, adverbs, exaggeration and understatement and lexis in discourse. Thorough skills syllabus. All four skills are developed systematically and integrated through related tasks. Well defined lexical syllabus with work on systems such as collocation, binomials, homonyms and compounds. Pronunciation practice is integrated at appropriate points throughout the units. Everyday English is practised in the Postscript section. In addition to the Student's Book there is a Teacher's Book with extra photocopiable activities, two Class Cassettes, a Workbook and an optional Workbook Cassette. This level is supplemented by Headway Upper intermediate Video and New Headway Upper intermediate Pronunciation.

The International Student's Guide Ricky Lowes, Helen Peters, Marie Turner, 2004-05-05

This book is intended for students from all language backgrounds other than English attending or preparing to attend a university where the medium of instruction is English, particularly in the UK. The International Student's Guide helps you succeed at university by sharing the experiences of many international students who have already attended a university in the UK. Every student is unique with different abilities and needs. With this in mind the authors provide you with practical information and help on a range of aspects of study. They focus on both spoken and written forms of communication and deal with the approaches to thinking and learning which you will meet in higher education in the UK system. Written by experienced lecturers in language and learning, the book offers a wealth of advice and guidance on topics such as ways of learning, how to make the most of your own strengths, working in seminars and groups, writing in different forms, disciplines and at different levels, assessment techniques such as exams and oral presentations. Whether you are embarking on a pre degree foundation course or a postgraduate programme, this book will help you manage all the challenging aspects of studying through the medium of another language in a new and different environment. This book is for students studying at any level in English on Foundation courses, on degree programmes, undergraduate or postgraduate or on pre masters programmes. It could be used in EAP classes and on summer courses and pre entry programmes or for self study. It could also be used for staff development purposes with lecturers teaching students from different language backgrounds. It is assumed that the reader already has a grasp of English at least equivalent to IELTS 4.5 or 5 or TOEFL 450-500, 130-170 on the
