### **Pronunciation in EFL Instruction** Jolanta

Szpyra-Kozłowska, 2014-12-05 In view of recent debates on the global spread of English and its international lingua franca role what pronunciation models are appropriate for millions of EFL learners Which aspects of English phonetics should be taught to foreign students and which can be neglected with little loss to successful communication How can English pronunciation be taught in an interesting and effective way which is both learner and teacher friendly in accordance with the latest scholarly and technological achievements This research based book addresses these and many other fundamental issues that are currently at the centre of pronunciation teaching It offers a wealth of new theoretical ideas and practical solutions to various phonodidactic problems that arise in EFL contexts approaching pronunciation instruction from global and local perspectives and supporting its theoretical claims with extensive empirical evidence It will be of interest to EFL teachers and teacher trainers pronunciation specialists and students of applied linguistics

### **Pronunciation and**

**Phonetics** Adam Brown, 2014-03-26 This engaging succinct text is an introduction to both phonetics and phonology as applied to the teaching of pronunciation to English language learners Section 1 selectively covers the main areas of phonetics and phonology without going into any area in more depth than the average English language teacher requires or that the average English language teacher trainee can handle Section 2 focuses on practical issues related to learners and how they learn languages and what represents good practice in terms of classroom activities for pronunciation including aspects such as targets motivation and priorities The chapters end with activities to help the reader understand concepts Section 3 provides innovative sample activities which put into practice the theoretical points covered in the first two sections answers to the various exercises recommended further reading both print and non print a glossary of technical phonetic terms and a bibliography of works on pronunciation teaching The text is accompanied by a Companion Website with audio recordings of model pronunciations and audio material relating to the activities

### **English Pronunciation Models**

Katarzyna Dziubalska-Kołaczyk, Joanna Przedlacka, 2008 The choice of a pronunciation model for the 21st century learner has become a major issue of debate among applied linguists concerned with teaching English The standard pronunciation models Received Pronunciation and General American have recently been confronted with a new proposal of a Lingua Franca Core LFC or English as a Lingua Franca ELF put forward as a didactic priority in teaching English pronunciation to foreigners This volume which includes selected contributions from the Pozna Linguistic Meetings of 2003 and 2004 does not intend to present yet another model but sets out to place the teaching and learning of English pronunciation in the context of the 21st century As the needs of English users are clearly changing fast in the globalizing world the question is to what extent if at all models of pronunciation have been able to keep up with them and whether they in fact should do so Thus key issues in the integration of pronunciation into English as L2 curricula are explored
