**An Embarrassment of Riches** Alexander Green,2013-11-06 Tune into the news and you ll hear stories of war disease natural disasters corruption violence poverty crime nuclear proliferation terrorism and political dysfunction in Washington Polls show many believe the American dream is fading our children face limited opportunities and the country is decidedly on the wrong track Yet this dour perspective one recycled 24 7 by the national media is a gross distortion of the world we live in today As national investment expert and bestselling author Alexander Green reveals in this engrossing and provocative new book the human race has never had it so good In the West today we work shorter hours have more purchasing power enjoy goods and services in almost limitless supply and have more leisure time than ever before Living standards are the highest they have ever been The human life span has nearly doubled over the past hundred years Literacy and education levels even I Q s are at all time highs Technology and medicine are revolutionizing our lives All forms of pollution with the exception of greenhouse gases are in decline Access to the arts has never been greater Crime is in a long term cycle of decline And the risk of death by violence has never been smaller for most of humanity By almost every measure our lives today are wealthy beyond measure We are all heir to an embarrassment of riches Yet thanks in large part the drumbeat of negative media coverage most of us don t realize it Green compares the average citizen to a lottery winner whose ticket is lost in some

upstairs drawer The consequences of adopting the cynical but popular worldview are many including needless pessimism missed investment opportunities and surprisingly even poorer health Yet *An Embarrassment of Riches* provides a powerful antidote Green begins with a robust survey of the many ways our lives are becoming longer easier safer healthier and more prosperous He then embarks on a wide ranging exploration of the ideas and the many men and women both living and dead that are still enriching our lives today Among the many subjects explored are American exceptionalism the extraordinary power of economic freedom the lifesaving role of medicine and technology the life extending benefits of optimism the radical theology of Thomas Jefferson the keys to civility and greatness the wisdom of Confucius and Aristotle the ability of beauty to enrich our lives and even one artist s thought provoking take on how to defeat death In *An Embarrassment of Riches* New York Times bestselling author Alexander Green offers a holistic approach to wealth and offers a welcome perspective that allows us to live fuller richer lives
