Kenneth Rexroth and James Laughlin Kenneth Rexroth, 1991 Frankly H Miller was defended by me only because he spoke against the War and I think that was the main reason for his fame Now I do not believe what with Palmistry Chirography Phrenology and the Great Cryptogram he will survive the retooling period I honestly think he is the most insufferable snob I have ever met but all reformed pandhandlers are like that in a letter from Kenneth Rexroth to James Laughlin *Vision and Mission Focussing on New Directions* , **New Directions for the 1970's** United States. of local grassroots coalitions crucial to the borough's rejuvenation. In recounting the varied and extreme transformations this remarkable community has undergone, Evelyn Gonzalez argues that it was not racial discrimination, rampant crime, postwar liberalism, or big government that was to blame for the urban crisis that assailed the Bronx during the late 1960s. Rather, the decline was inextricably connected to the same kinds of social initiatives, economic transactions, political decisions, and simple human choices that had once been central to the development and vitality of the borough. Although the history of the Bronx is unquestionably a success story, crime, poverty, and substandard housing still afflict the community today. Yet the process of building and rebuilding carries on, and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future.

Christian Critics Eugene McCarraher, 2000 While all supported movements for the rights of labor, racial minorities, and women, some endorsed the military industrial order that established the professional managerial class as a dominant national force, while others favored a decentralized political economy of worker self management. At the same time, McCarraher recasts the debate about the therapeutic ethic by tracing a shift not from religion to therapy but from religious to secular conceptions of selfhood.
