Examining FCE and CAE Roger Hawkey, 2009-03-19 This volume examines the historical development of the First Certificate in English FCE and the Certificate in Advanced English CAE **Examining Speaking** Lynda Taylor, 2011-08-25 An up to date review of the relevant literature on assessing speaking *Listening in the Language Classroom* John Field, 2009-01-22 This book challenges the orthodox approach to the teaching of second language listening which is based upon the asking and answering of comprehension questions The book's central argument is that a preoccupation with the notion of comprehension has led teachers to focus upon the product of listening in the form of answers to questions ignoring the listening process itself The author provides an informed account of the psychological processes which make up the skill of listening and analyses the characteristics of the speech signal from which listeners have to construct a message Drawing upon this information the book proposes a radical alternative to the comprehension approach and provides for intensive small scale practice in aspects of listening that are perceptually or cognitively demanding for the learner *Listening in the Language Classroom* was winner of the Ben Warren International Trust House Prize in 2008 Exploring Language Frameworks Evelina D. Galaczi, Cyril J. Weir, 2013-01-10 This book explores the impact of language frameworks on learning teaching and assessment viewed from the perspective of policies procedures and challenges It brings together a selection of edited papers based on presentations given at the 4th International Conference of the Association of Language Testers in Europe ALTE held in Kraków Poland in July 2011 The selected papers focus on the conference's core themes as follows the effect of frameworks on teaching learning and assessment the value of frameworks for teachers learners and language policymakers the contribution of frameworks towards describing particular languages **Іностранные іazyki v shkole**, 2005 Language in Use Upper-intermediate Self-study Workbook with Answer Key Adrian Doff, Christopher Jones, 1997-03-13 A popular and highly acclaimed four level course which both interests and stretches learners
