*New Labour's Foreign Policy* Richard Little, Mark Wickham-Jones, 2000 On 12 May 1997 the foreign secretary Robin Cook launched a mission statement for New Labour's foreign policy This essay asks whether New Labour have re orientated the path of foreign policy from that established by the Conservatives Secular Morality and International Security Maria Fanis, 2011-06-22 Fanis demonstrates an impressive ability to travel nimbly between abstract theoretical concepts and a messy reality In each one of the case study chapters her analysis is rich thoughtful and imaginative Ido Oren University of Florida Combining insights from cultural studies gender studies and social history Maria Fanis shows the critical importance of national identity in decisions about war and peace She challenges conventional approaches by demonstrating that domestic ethical codes influence perceptions of threat from abroad With an in depth study of U S British relations in the first half of the nineteenth century and with an application to the recent War in Iraq she ties changes in U S and British national interest to shifts in these nations domestic codes of morality Fanis's findings have important implications for contemporary international relations theory Apart from its relevance to current events her work also makes a contribution to the literatures on foreign policy specifically American and British foreign policies and the causes of war *Ethics As Foreign Policy* Dan Bulley, 2009-05-07 This book increases understanding of significant periods in contemporary British and EU foreign policy by reading them through the concepts of subjectivity responsibility and hospitality **The Militant Face of Democracy** Anna Geis, Harald Müller, Niklas Schörnig, 2013-10-10 Shifts the often naive focus of democratic peace theory towards liberal democratic militancy and highlights the role of national identities **New Labour's Pasts** James E. Cronin, 2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way or dull sociological accounts this book gets behind the clichés in order to show just what is left of Labour party ideology and what the future may hold New Labour has changed the face of Britain Culture class education health the arts leisure the economy have all seen seismic shifts since the 1997 election that raised Blair to power The Labour that rules has distanced itself from the failed Labour of the 70s and 80s but the core remains Labour remains gripped by its own past unable and unwilling to shed its ties to the old Labour party but determined to avoid the mistakes of which lead to four electoral defeats between 1979 and 1992 Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new millennium **British Foreign Policy** Jamie Gaskarth, 2013-07-11 Britain has been a significant voice in global politics in the last two decades and its impact on world events far outweighs its material resources But how does a small island on the edge of Europe continue to exercise this level of power on an international scale What kind of actor is Britain internationally And what future challenges will confront British foreign policymakers in a multi polar world of emerging powers In this comprehensive introduction to British foreign policy today Jamie Gaskarth addresses these and other key questions Against a rich historical

backdrop he examines the main actors and processes involved in British foreign policy making as well as the role played by identity in shaping such choices Later chapters focus on the relationship between economics and foreign policy what it means to be ethical in this policy sphere and the justification for and benefits of the UK's continued use of force to achieve its foreign policy goals Combining interview research theoretical insight and analysis of contemporary and historical trends this book charts how British foreign policy has come to be understood and practised in the 21st Century It will be an invaluable guide for students of British politics foreign policy international relations and related courses British Foreign Policy in former Yugoslavia 1989-1999 John P McCumiskey, 2023-12-06 British Foreign Policy in former Yugoslavia 1989 1999 Brotherhood and Unity Lost gives a broad analysis of Britain's foreign policy during the wars of Yugoslav secessions from 1992 to 1999 Normative approaches to Britain's foreign policy during this period have tended to place it in to two halves The notion there was a new morality in Britain's foreign policy appeared after New Labour's election landslide on 1 May 1997 Robin Cook declared shortly after the victory there would be an ethical dimension to Labour's foreign policy and this appeared to chart new territory As a result this would be a departure from what former US Assistant Secretary of State James Rubin believed was the hyper realism of the traditional British kind under British Prime Minister John Major The book includes interviews with key actors provides new archive material and re-examines claims by the New Orthodoxy which became prevalent after 1999 **New Labour and the European Union** Stefano Fella, 2018-05-08 This title was first published in 2002 This book makes a valuable contribution to the literature on the UK EU relationship and on the development of the Labour party since Tony Blair became leader in 1994 providing a detailed examination of the process of policy making undertaken by Labour in relation to the 1996 97 intergovernmental conference IGC of the EU It tracks policy development from opposition to government culminating in the conclusion of treaty negotiations at Amsterdam in June 1997 The book moves beyond the existing literature in providing an original account of policy making based on internal party and government sources It highlights a New Labour approach to the EU set in place by the time of the Amsterdam summit and characteristic of the Blair government's European policy thereafter and suggests that this approach represents both continuity and change with previous UK governments and a break from the European social democratic perspective that had been central to Labour's previous pro European conversion *British Foreign Policy and the Anglican Church* Timothy Blewett, Adrian Hyde-Price, 2021-08-27 Whilst the views of leaders within the Church of England are frequently canvassed during periods of national crisis little attention has been devoted to finding out whether there are Church perspectives on contemporary foreign policy issues The Church of England has not been regarded as an actor with a strong input into international affairs preferring to speak out on domestic and individual issues Yet world politics present fundamental ethical dilemmas which call for careful deliberation and the Church has a role to play both in shaping the debate and arguing for particular policy directions To what extent is national policy shaped by underlying Christian values Do the campaigning

efforts of faith groups really exert influence and guide the development of state policy This book seeks to elucidate whether there are particular Christian perspectives on the role that Great Britain should play in the world today It investigates the role that the Church of England has played in contemporary foreign policy issues including the use of force intervention counter terrorism and arms sales and overseas trade aid and debt forgiveness The book brings together senior individuals from within the Church academia and non governmental organisations to investigate these various ethical dilemmas

**Ethics and Foreign Policy** Karen E. Smith, Margot Light, 2001-09-13 Democratic citizenship possible MERVYN FROST

British Foreign and Defence Policy Since 1945 Robert Self, 2010-06-23 Foreign policy has dominated successive

governments time in office and cast a consistently long shadow over British politics in the period since 1945 Robert Self provides a readable and incisive assessment of the key issues and events from the retreat from empire through the cold war period to Humanitarian Intervention and the debacle in Iraq The Labour Party and the world, volume 1 Rhiannon Vickers, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This is the first comprehensive study of the political ideology and history of the Labour Party's world view and foreign policy It argues that the development of Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy but as an application of the ideas of liberal internationalism The first volume outlines and assesses the early development and evolution of Labour's world view It then follows the course of the Labour party's foreign policy during a tumultuous period on the international stage including the First World War the Russian Revolution the Spanish Civil War the build up to and violent reality of the Second World War and the start of the Cold War This highly readable book provides an excellent analysis of Labour's foreign policy during the period in which Labour experienced power for the first time

*Peace Studies in the Chinese Century* Alan Hunter, 2017-05-15 The rise of China is probably the most significant shift in the international power structure this generation China's leaders have so far committed themselves to a peaceful rising but serious tensions are inevitable in such a rapid transformation Dialogue on peace and conflict issues at this juncture is invaluable This volume focuses on developments in peace research in a number of key countries and in particular introduces for the first time in English the perspectives of a number of Chinese scholars who have started to engage with peace studies agendas Comparisons are drawn from the UK USA Mexico Japan and South Africa to provide a better understanding of the debates on a global level and the discussion among different countries Some of the outstanding peace researchers who contribute to the volume include Andrew Rigby Johan Galtung who is generally considered to have founded the discipline in its current form and Ursula Oswald The volume is a valuable and unique contribution to the contemporary peace research agenda and will appeal to an interdisciplinary readership in peace studies sociology politics international relations religious studies philosophy and Asian studies **The Labour Party and the world, volume 2** Rhiannon Vickers, 2013-07-19 This is the second book in a unique two volume study tracing the evolution of the Labour Party's foreign policy throughout the 20th

century to the present date This is the first comprehensive study of the history of the Labour Party's worldview and foreign policy It argues that Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy but as an application of the ideas of liberal internationalism Volume Two provides a critical analysis of Labour's foreign policy since 1951 It examines Labour's attempts to rethink foreign policy focusing on intra party debates the problems that Labour faced when in power and the conflicting pressures from party demands and external pressures It examines attitudes to rearmament in the 1950s the party's response to the Suez crisis and the Vietnam War the bitter divisions over nuclear disarmament and the radicalisation of foreign and defence policy in the 1980s It also examines Labour's desire to provide moral leadership to the rest of the world The last two chapters focus on the Blair and Brown years with Blair's response to the Kosovo crisis to 9/11 and his role in the war on terror Whereas Blair's approach to foreign affairs was to place emphasis on the efficacy of the use of military force Brown's approach instead placed faith in the use of economic measures This highly readable book provides an excellent analysis of Labour's foreign policy It is essential reading for students of British politics the Labour Party and foreign policy

*Labour's Ballistic Missile Defence Policy 1997-2010* James Simpkin, 2022-12-23 This book uses the strategic relational approach to explain how the Labour governments of Tony Blair and Gordon Brown integrated the United Kingdom into the US ballistic missile defence system in order to maintain national security and to uphold the special relationship while at the same time recognising that voters were in general opposed to missile defence Labour's Ballistic Missile Defence Policy 1997-2010 examines how the Labour administration was tasked with navigating a domestic political environment in which they had to appear tough on defence in general in order to appeal to a broader range of the electorate while recognising that voters were opposed to missile defence in particular This book seeks to answer the question of why the centre left government of Tony Blair and Gordon Brown elected on a mandate of multi lateralism in international relations and espousing an ethical dimension to foreign policy committed the United Kingdom to US ballistic missile defence an internationally divisive military project associated with the US Republican Party and George W Bush in particular This book is essential for students and researchers interested in British military history international relations strategic studies British politics Labour politics and political theory

*British Foreign Policy and the Conflict in Sierra Leone, 1991-2001* Michael S. Kargbo, 2006 This book critically examines the content of British policy towards Sierra Leone from the outbreak of conflict there in 1991 to its official conclusion in 2001 It attempts to find answers to why Britain's New Labour government pursued a more proactive policy in Sierra Leone than its Conservative predecessors This is done by means of traditionalist but especially transformationalist theoretical approaches Analysis is made of the influence of major international organisations on British policy towards the Sierra Leone conflict as well as the impact of other important states As foreign policy is not created in a vacuum analysis is also made of the impact of the domestic setting especially bureaucratic institutions

*Old Europe, New Europe and the Transatlantic Security Agenda* Kerry Longhurst, Marcin

Zaborowski,2013-09-13 The post September 11th security policies of Poland the UK France the US and Germany presented in this new book illustrate how and why the Atlantic community ruptured over Iraq a result in part it is argued of the existence of particular national strategic cultures Whilst the longer term effects of Iraq for the transatlantic security agenda have yet to fully transpire what is certain is that the EU s ambitions to become a credible security actor have been seriously questioned as has the notion of multilateralism as an international norm as has the function of international law The book addresses these issues by considering the evolution of the EU s role in the world and the development of American perspectives on the transatlantic security agenda This volume was previously published as a special issue of the journal *European Security*

Politics UK Bill Jones,Philip Norton,2014-06-20 The revised and updated eighth edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who s who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as the work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners

The Jews, the Holocaust, and the Public Larissa Allwork,Rachel Pistol,2019-11-25 This book explores the work and legacy of Professor David Cesarani OBE a leading British scholar and expert on Jewish history who helped to shape Holocaust research remembrance and education in the UK It is a unique combination of chapters produced by researchers curators and commemoration activists who either worked with and or were taught by the late Cesarani The chapters in this collection consider the legacies of Cesarani s contribution to the discipline of history and the practice of public history The contributors offer reflections on Cesarani s approach and provide new insights into the study of Anglo Jewish history immigrants and minorities and the history and public legacies of the Holocaust

*Between Export Promotion and Poverty Reduction* Jan-Henrik Petermann,2012-12-13 The end of the Cold War has prompted many donors of Official Development Assistance ODA to fundamentally realign their global aid and trade relations Despite recent progress in untying ODA and a number of

related efforts to enhance the overall efficiency of international cooperation with the poorest countries it remains unexplained why some OECD states have liberalised their bilateral programmes to a considerable extent whereas others have continued to use foreign aid as a means to promote domestic exports Jan Henrik Petermann widens the scope of previous macro analyses of system driven reorientations in tying practices in the wake of 1989 90 inquiring into donors national parameters of policy making at the strategic nexus between external trade and international development
