*Housing and Planning References* ,1971      **Who Gets a Childhood?** William S. Bush,2010-01-01 Using Texas as a case study for understanding change in the American juvenile justice system over the past century the author tells the story of three cycles of scandal reform and retrenchment each of which played out in ways that tended to extend the privileges of a protected childhood to white middle and upper class youth while denying those protections to blacks Latinos and poor whites On the forefront of both progressive and get tough reform campaigns Texas has led national policy shifts in the treatment of delinquent youth to a surprising degree Changes in the legal system have included the development of courts devoted exclusively to young offenders the expanded legal application of psychological expertise and the rise of the children s rights movement At the same time broader cultural ideas about adolescence have also changed Yet the author demonstrates that as the notion of the teenager gained currency after World War II white middle class teen criminals were increasingly depicted as suffering from curable emotional disorders even as the rate of incarceration rose sharply for black Latino and poor teens He argues that despite the struggles of reformers child advocates parents and youths themselves to make juvenile justice live up to its ideal of offering young people a second chance the story of twentieth century juvenile justice in large part boils down to the exclusion of poor and nonwhite youth from modern categories of childhood and adolescence      Document Retrieval Index ,1974      Library Book Catalog United States.
