Notes On The Final Solution Euphemism:

Notes on the Final Solution (Euphemism) William Thomas, **Translating Holocaust Lives** Jean Boase-Beier, Peter Davies, Andrea Hammel, Marion Winters, 2017-01-26 For readers in the English speaking world almost all Holocaust writing is translated writing Translation is indispensable for our understanding of the Holocaust because there is a need to tell others what happened in a way that makes events and experiences accessible if not perhaps comprehensible to other communities Yet what this means is only beginning to be explored by Translation Studies scholars This book aims to bring together the insights of Translation Studies and Holocaust Studies in order to show what a critical understanding of translation in practice and context can contribute to our knowledge of the legacy of the Holocaust The role translation plays is not just as a facilitator of a semi transparent transfer of information Holocaust writing involves questions about language truth and ethics and a theoretically informed understanding of translation adds to these questions by drawing attention to processes of mediation and reception in cultural and historical context It is important to examine how writing by Holocaust victims which is closely tied to a specific language and reflects on the relationship between language experience and thought can or cannot be translated This volume brings the disciplines of Holocaust and Translation Studies into an encounter with each other in order to explore the effects of translation on Holocaust writing The individual pieces by Holocaust scholars explore general theoretical questions and individual case studies and are accompanied by commentaries by translation scholars
