The Mysteries of Paris and London Richard Maxwell, 1992 In this ambitious and exciting work Richard Maxwell uses nineteenth century urban fiction particularly the novels of Victor Hugo and Charles Dickens to define a genre the novel of urban mysteries His title comes from the mystery mania that captured both sides of the channel with the runaway success of Eugene Sue s *Les mysteres de Paris* and G W M Reynold s *Mysteries of London* Richard Maxwell argues that within these extravagant but fact obsessed narratives the archaic form of allegory became a means for understanding modern cities The city dwellers drive to interpret linked the great metropolises with the discourses of literature and art the primary vehicles of allegory Dominant among allegorical figures were labyrinths panoramas crowds and paperwork and it was thought that to understand a figure was to understand the city with which it was linked Novelists such as Hugo and Dickens had a special flair for using such figures to clarify the nature of the city Maxwell draws from an array of disciplines ideas and contexts His approach to the nature and evolution of the mysteries genre includes examinations of allegorical theory journalistic practice the conventions of scientific inquiry popular psychiatry illustration and modernized wonder tales such as Victorian adaptations of the *Arabian Nights* In *The Mysteries of Paris and London* Maxwell employs a sweeping vision of the nineteenth century and a formidable grasp of both popular culture and high culture to decode the popular mysteries of the era and to reveal man s evolving consciousness of the city His style is elegant and lucid It is a book for anyone curious about the fortunes of the novel in the nineteenth century the cultural history of that period particularly in France and England the relations between art and literature or the power of the written word to produce and present social knowledge

Pearson's Magazine, 1905

G. K. Chesterton Ian Ker, 2011-04-21 G K Chesterton is remembered as a brilliant creator of nonsense and satirical verse author of the Father Brown stories and the innovative novel *The Man who was Thursday* and yet today he is not counted among the major English novelists and poets However this major

new biography argues that Chesterton should be seen as the successor of the great Victorian prose writers Carlyle Arnold Ruskin and above all Newman Chesterton's achievement as one of the great English literary critics has not hitherto been fully recognized perhaps because his best literary criticism is of prose rather than poetry Ian Ker remedies this neglect paying particular attention to Chesterton's writings on the Victorians especially Dickens As a social and political thinker Chesterton is contrasted here with contemporary intellectuals like Bernard Shaw and H G Wells in his championing of democracy and the masses Pre eminently a controversialist as revealed in his prolific journalistic output he became a formidable apologist for Christianity and Catholicism as well as a powerful satirist of anti Catholicism This full length life of G K Chesterton is the first comprehensive biography of both the man and the writer It draws on many unpublished letters and papers to evoke Chesterton's joyful humour his humility and affinity to the common man and his love of the ordinary things of life
