Black Muslim Religion in the Nation of Islam, 1960-1975 Edward E. Curtis IV, 2009-01-05 Elijah Muhammad's Nation of Islam came to America's attention in the 1960s and 1970s as a radical separatist African American social and political group But the movement was also a religious one Edward E Curtis IV offers the first comprehensive examination of the rituals ethics theologies and religious narratives of the Nation of Islam showing how the movement combined elements of Afro Eurasian Islamic traditions with African American traditions to create a new form of Islamic faith Considering everything from bean pies to religious cartoons clothing styles to prayer rituals Curtis explains how the practice of Islam in the movement included the disciplining and purifying of the black body the reorientation of African American historical consciousness toward the Muslim world an engagement with both mainstream Islamic texts and the prophecies of Elijah Muhammad and the development of a holistic approach to political religious and social liberation Curtis's analysis pushes beyond essentialist ideas about what it means to be Muslim and offers a view of the importance of local processes in identity formation and the appropriation of Islamic traditions

Following the Prophet Salih Sayilgan, 2025-11-04 Biographies of the Prophet Muhammad often focus on his historical context in seventh century Arabia Yet understanding the Prophet solely through the lens of ancient history fails to capture the significance and meaning of this individual whose teachings have shaped the world and continue to guide nearly one quarter of the global population today With this book Salih Sayilgan provides a loving portrait of the Prophet as he has lived in the hearts of Muslims across the centuries as a religious light and spiritual guide Drawing on a diverse body of Islamic literature on the Prophet Sayilgan offers a vista onto the expansive and variegated legacy of this vitally significant religious figure Examining how Muslims have remembered and reimagined the Prophet's spirit in different ways as expressions of their love for God and His messenger this book highlights the central place of the Prophet Muhammad in the religious lives of Muslim believers

The Life and Work of Muhammad Yahya Emerick, 2002 Given the current prominence of Islam it has become more important than ever that Westerners and Muslims gain an accurate look at who Muhammad was and what he stood for Provides a fascinating picture of both Muhammad and the world in which he lived Rather than settling in to the comfortable life of a merchant Muhammad had a vision of himself bringing the message of the one God to his idolatrous people Coverage includes the claim to prophethood Muhammad's teachings and his first converts the Muslim flight to Medina Muhammad's

battles and the eventual bloodless Muslim conquest of Mecca Muhammad's political victory in the Arabian peninsula and wars with Byzantium and Persia the death of Muhammad and the ways in which his message lived beyond him and Muhammad's place in history his role in Muslim theology and cosmology the ways he is viewed in different Muslim sects and regions and the influence of Muhammad today in Islamic movements both peaceful and fundamentalist
