Reluctant Defender:

Quarterly Review of Military Literature, 1955 **Military Review**, 1955 **The Reluctant Defender** David Claerbaut, 1978 Unmasking the Administrative State John Marini, 2019-01-29 The election of Donald J Trump to the presidency shocked the political establishment triggering a wave of hysteria among the bicoastal elite that may never subside The biggest shockwaves of all however were felt not in the progressive parishes of Manhattan or San Francisco but in the halls of the political elite s cherished and oft overlooked center of power Washington DC s sprawling administrative state for President Trump represented an existential threat to its denizens who came to be known as swamp creatures How did it come to pass that the draining of the swamp would become a core aim of the Trump administration impacting everything from judicial appointments to the federal budget and regulatory policy Marini s unmasking of the administrative state goes beyond bureaucracy or legalism to its core in an intellectual elite whose consensus transcends whatever disagreements flare up The universities the media and think tanks that denounce Trump are its heart The answer to this question and many more lies in the underappreciated but revolutionary scholarship of Professor John Marini collected in his new book *Unmasking the Administrative State* which tells the critical missed story of the last century of political history The ascendance of the theory behind and resultant growth of an administrative state that has supplanted limited constitutional government with the tyranny of unbounded anticonstitutional bureaucracy Marini illustrates the existential threat of the administrative state to our republic exposes the regressive philosophy from which it springs and argues for the reassertion of the founding principles to restore self government The Trump administration may be the best chance to apply the lessons of Marini s life s work and seize this remarkable opportunity to restore power to its rightful owners the American people *Criminal Defender's Handbook* G. Feltoe, 2008 This Handbook is intended to give guidance to legal practitioners representing clients who are charged with criminal offences in Zimbabwe It is particularly aimed at newly qualified legal practitioners but it also contains reference material that will be useful for more experienced practitioners It covers selective aspects of criminal procedure evidence substantive law and sentencing **Professional Journal of the United States Army**, 1956 *A Very Mutinous People* Noeleen McIlvenna, 2009 Historians have often glorified eighteenth century Virginia planters philosophical debates about the meaning of American liberty But according to Noeleen McIlvenna the true exemplars of egalitarian political values had fled Virginia s plantation society **Today's Woman in World Religions** Arvind Sharma, 1994-01-01 This book examines how the women s movement is affecting traditional religions and civilizations throughout the world It reviews cases of global impact in Hinduism Buddhism Taoism Confucianism Judaism Christianity Islam and Australian aboriginal religion This volume completes the trilogy devoted to women in world religions edited by Arvind Sharma The second book in the series is entitled *Religion and Women* The present work surveys the position of women in the religious traditions covered in the first volume of the trilogy *Women in World Religions* placing these traditions in contemporary
