The Oxford History of the British Empire: Historiography Robin W. Winks, 1999 This volume investigates the shape and the development of scholarly and popular opinion about the British Empire over the centuries **Colonial South Africa: Origins Racial Order** Tim Keegan, 1997-01-01 It is a story that is strong in notable events slave emancipation the arrival of the 1820 British settlers a series of frontier wars the Great Trek of Boer emigrants as well as in striking personalities among them Dr John Philip Andries Stockenström John Fairbairn Moshoeshoe and Sir Harry Smith In Keegan's pages these familiar historical landmarks and characters emerge in entirely novel ways the subject of fresh interpretations and original insights **Britain and International Law in West Africa** Inge Van Hulle, 2020-10-22 Africa often remains neglected in studies that discuss the historical relationship between international law and imperialism during the nineteenth century When it does feature focus tends to be on the Scramble for Africa and the treaties concluded between European powers and African polities in which sovereignty and territory were ceded Drawing on a wide range of archival material Inge Van Hulle brings a fresh new perspective to this traditional narrative She reviews the use and creation of legal instruments that expanded or delineated the boundaries between British jurisdiction and African communities in West Africa and uncovers the practicality and flexibility with which international legal discourse was employed in imperial contexts This legal experimentation went beyond treaties of cession and also encompassed commercial treaties the abolition of the slave trade extraterritoriality and the use of force The book argues that by the 1880s the legal techniques that were fashioned in the language of international law in West Africa had largely developed their own substantive characteristics Legal ordering was not done in reference to adjudication before Western courts or the writings of Western lawyers but in reference to what was deemed politically expedient and practically feasible by imperial agents for the preservation of social peace commercial interaction and humanitarian agendas **Reluctant Empire** John Semple Galbraith, 1963 *External Research* United States. Department of State. External Research Division, 1963 **External Research. ER List** United States. Department of State. External Research Division, 1964 **Striking First** B. Glad, C. Dolan, 2016-04-30 How have the September 11th terrorist attacks and the subsequent U S led war on terrorism impacted American foreign policy at home and abroad The consistent theme throughout this collection of essays is that September 11th was a watershed event which sparked a redefinition and reassessment of U S foreign policy governmental institutions and the public's sense of internal and external security The Bush Administration's endeavor to remake American foreign policy with an emphasis on a preemptive first strike doctrine and its attempt to build an internal security apparatus are not only consequential in the war on terrorism such efforts are challenging the very fundamentals of American political life and its perception throughout the world **The Australian Frontier Wars, 1788-1838** John Connor, 2002 This text is a comprehensive military history of frontier conflict in Australia Covering the first 50 years of British occupation in Australia the book examines in detail how both sides fought on

the frontier and examines how Aborigines developed a form of warfare differing from tradition Popular Politics in the History of South Africa, 1400-1948 Paul S. Landau, 2010-09-20 Popular Politics in the History of South Africa 1400 1948 offers an inclusive vision of South Africa's past Drawing largely from original sources Paul Landau presents a history of the politics of the country's people from the time of their early settlements in the elevated heartlands through the colonial era to the dawn of Apartheid A practical tradition of mobilization alliance and amalgamation persisted mutated and occasionally vanished from view it survived against the odds in several forms in tribalisms Christian assemblies and other seemingly hybrid movements and it continues today Landau treats southern Africa broadly concentrating increasingly on the southern Highveld and ultimately focusing on a transnational movement called the Samuelites He shows how people's politics in South Africa were suppressed and transformed but never entirely eliminated *Lincoln and Native Americans* Michael S. Green, 2021-09-03 This book traces Lincoln's family history his early years and how they shaped and may have shaped his attitudes toward Native Americans *International Law in the Long Nineteenth Century (1776-1914)* Inge Van Hulle, Randall C.H. Lesaffer, 2019-09-16 International Law in the Long Nineteenth Century gathers ten studies that reflect the ever growing variety of themes and approaches that scholars from different disciplines bring to the historiography of international law in the period Three themes are explored international law and revolutions which reappraises the revolutionary period as crucial to understanding the dynamics of international order and law in the nineteenth century In law and empire the traditional subject of nineteenth century imperialism is tackled from the perspective of both theory and practice Finally the rise of modern international law covers less familiar aspects of the formation of modern international law as a self standing discipline Contributors are Camilla Boisen Rapha l Cahen James Crawford Ana Delic Frederik Dhondt Andrew Fitzmaurice Vincent Genin Viktorija Jakimovska Stefan Kroll Randall Lesaffer and Inge Van Hulle *Governors and Settlers* M. Francis, 1992-03-03 In nineteenth century settler colonies such as Upper Canada New South Wales and New Zealand governors not only administered they stood at the head of colonial society and ordered the festivities and ceremonies around which colonial life centred Governors were expected to be repositories of political wisdom and constitutional lore *Governors and Settlers* explores the public and private beliefs of governors such as Sir Thomas Brisbane Sir John Colborne Sir George Grey and Lord Elgin as they struggled to survive in colonial cultures which both deified and vilified their personal qualities **Routledge Library Editions: Racism and Fascism** Various, 2021-06-23 This set gathers together a collection of out of print titles all classics in their field Reissued for the first time in some years they offer an insightful reference resource to a variety of topics From Professor Colin Holmes's groundbreaking studies of racism in British society to Professor Kitchen's analysis of the rise of fascism in pre war Austria these books shed much light on society's recent dark past
