Historical Dictionary of British Foreign Policy Peter Neville, 2013-03-22 British foreign policy has always been based on distinctive principles since the setting up of the Foreign Office in 1782 as one of the two original offices of state the other being the Home Office As a small island nation Britain was historically fearful of over mighty continental powers which might seek to menace its trade routes and naval primacy was essential Britain must dominate at sea while avoiding involvement in major continental wars and Britain accomplished this successfully until the end of the 19th century After World War II and the Cold War Britain was no longer the global naval super power and they had to adapt to a secondary supportive role This was to be based on its membership of regional defense and economic organizations in Europe The Historical Dictionary of British Foreign Policy provides an overview of the conduct of British diplomacy since the setting up of the Foreign Office in 1782 This is done through a chronology an introductory essay appendixes an extensive bibliography and over 300 cross referenced dictionary entries on British prime ministers foreign secretaries foreign office staff and leading diplomats but also on related military and political economic aspects This book is an excellent access point for students researchers and anyone wanting to know more about British foreign policy *Germ Foreign Pol 1871-1914* V9 Geiss, 2013-10-08 First Published in 2001 Looking at German Foreign Policy between 1847 to 1914 this Volume IX of the Foreign Policies of Great Powers collection It includes the general framework of the Reich and European diplomacy the second German empire s history and social structure and moves into the Pre Imperialist era of 1871 95 before the Welpolitik up until 1912 and finally the coming of the war over the period of 1909 14 and the German War of Aggression aims in 1914 **Foreign Pol France 1914-45** V7 Nere, 2013-10-15 First published in 2001 This is Volume VII of the Foreign Policies of the Great Powers eleven part series and focuses on on the policies of France from 1914 to 1945 It includes sections on French diplomacy of the War 1914 to 18 the Peace Settlement from Versailles to the Ruhr and the Dawes Plan the Franco Italian Rapprochement the Franco Soviet Treaty of Mutual Assistance and the policies around the beginning of the next War *Japanese Foreign Policy 1869-1942* Ian Nish, 2013-10-15 First published in 2001 This is Volume XI of the Foreign Policies of the Great Powers eleven part series and focuses on the policies of the Japanese from 1869 to 1942 It includes sections on the Iwakura period the Mutsu period Aoki Komura Kato Ishi Shidehara Tanaka Uchida Hirota Konoe and ending with the Matsuoka period in 1941 Japanese Foreign Policy, 1869-1942 Akira Iriye, 2002 **The War Plans of the Great Powers (RLE The First World War)** Paul

Kennedy,2014-04-24 The origins of the First World War remain one of the greatest twentieth century historical controversies In this debate the role of military planning in particular and of militarism in general are a key focus of attention Did the military wrest control from the civilians Were the leaders of Europe eager for a conflict What military commitments were made between the various alliance blocks These questions are examined in detail here in eleven essays by distinguished historians and the editor s introduction provides a focus and draws out the comparative approach to the history of military policies and war plans of the great powers

Haig and Kitchener in Twentieth-Century Britain Stephen Heathorn,2016-04-22 Lord Kitchener and Lord Haig are two monumental figures of the First World War Their reputations both in their lifetimes and after their deaths have been attacked and defended scrutinized and contested They have been depicted in film print and public memorials in Britain and the wider world and new biographies of both men appear to this day The material representations of Haig and Kitchener were shaped used and manipulated for official and popular ends by a variety of groups at different times during the twentieth century The purpose of this study is not to discover the real individual nor to attack or defend their reputations rather it is an exploration of how both men have been depicted since their deaths and to consider what this tells us about the nature and meaning of First World War commemoration While Haig s representation was more contested before the Second World War than was Kitchener s with several constituencies trying to fashion and use Haig s memory the Government the British Legion ex servicemen themselves and bereaved families it was probably less contested but overwhelmingly more negative than Kitchener s after the Second World War The book sheds light on the notion of heroic masculinity questioning in particular the degree to which the image of the common soldier replaced that of the high commander in the popular imagination and explores how the military heritage in the twentieth century came into collision with the culture of modernity It also contributes to ongoing debates in British historiography and to the larger debates over the social construction of memory the problematic relation between what is considered heritage and history and the need for historians to be sensitive and attentive to the interconnections between heritage and history and their contexts

Karpat,2001-05-03 Combining international and domestic perspectives this book analyzes the transformation of the Ottoman Empire over the nineteenth and twentieth centuries It views privatization of state lands and the increase of domestic and foreign trade as key factors in the rise of a Muslim middle class which increasingly aware of its economic interests and communal roots then attempted to reshape the government to reflect its ideals **The Late Victorian Army, 1868-1902** Edward M.
