employment discrimination to coping with medical bills infertility to fear of recurrence survivors share their experiences and speak candidly about how cancer has impacted their lives For twenty four year old Amy it s how her illness changed her relationship with her parents Mike a male survivor of breast cancer talks about gender stereotypes and genetic testing And Eric the father of a five year old survivor of a brain tumor recalls how friends and strangers helped his family with financial issues and how the experience brought him and his wife closer together While heartbreaking at times these powerfully honest stories are ultimately uplifting and extremely reassuring to patients and their families They offer the wisdom and hope that only survivors can give LiveStrong is a remarkable testament to the resilience of the human spirit From the introduction by Lance Armstrong My work with the LAF shows me daily that sharing our stories and learning from one another s experiences helps us cancer survivors continue to survive Some people think the cancer experience is only about the diagnosis and treatment of cancer as if after the disease goes into remission it no longer exists But survivorship goes beyond remission Survivorship is an evolution

The Will to Live L.L. Baynes,2013-06-26 The Author kept a diary recording his 1 000 days of captivity at the hands of the Japanese army The difficulties and risks involved in this task were immense yet he persevered although it meant deliberately defacing and cutting up the small pieces of paper As a result his memoir is both contemporaneous and entirely reliable Reading this account of life and death during the fruitless fighting and his subsequent captivity in numerous camps in Singapore and on the Death Railway in Thailand is a humbling and moving experience He describes not just the appalling hardship and brutality but tellingly his relationships with fellow POWs his captors and the local population As an NCO Len found himself fronting up for his men and being a self sufficient man with strong beliefs this led to some difficult situations at times with both the Japanese and his British superiors While critical about a number of the latter he has nothing but respect for others such as the legendary Colonel Toosey of Tamarkan Camp Thanks to his honest and direct style *The Will To Live* is a fine and inspiring firsthand example of the ever popular Japanese POW Railway of Death genre It reveals much

about the nightmare experiences suffered by the Author and his colleagues and the way they coped under the most adverse conditions His drawings complement the text and the Foreword by Ronald Searle also a POW speaks for itself *Buffalo is a Cool Place to Live*. Alex Bitterman,2006 Illustrated with splendid images of architectural details from around the city the book is a collection of memories hopes and opinions about Buffalo Publisher description
