Patt,2024-01-25 Avinoam Patt examines the relationship between two of the most significant events in modern Jewish history the Holocaust and the creation of the state of Israel While there may be no direct causal connection between the Holocaust and the founding of the Jewish state in 1948 the memory of the Holocaust has been a constant presence in Israeli politics culture and society since even before 1948 The State of Israel has always existed in an uneasy relationship with the Shoah On the one hand Israel was faced with the challenge of taking in hundreds of thousands of Holocaust survivors as new citizens of the state many of whom were discouraged from sharing their traumatic wartime experiences with their fellow citizens On the other hand the destruction of European Jewry and the failure of Western democracy to protect the Jewish minority in Europe seemed to vindicate the Zionist worldview even as classical Zionism argued that the Jewish people deserved a state on the basis of their deep historical connection to the Land of Israel By tracing the evolving relationship to the memory of Shoah Avinoam Patt argues we can also trace shifting conceptions of Israeli self understanding and identity Israel s relationship to the wider world its neighbors the Jewish Diaspora and the Jewish past Israel and the Holocaust documents these tensions and analyses the changing nature of Israel s relationship to the Shoah revealing that it only seems to strengthen with the passage of time *Stop the Americans* Lincoln Phillips,2018-08-05 Stop the Americans An international political thriller based on a major American spy scandal of the 1980s that has never been solved About the Novel Large crowds public places some people are in extreme danger everyone else is perfectly safe It is June 1992 A senior Mossad official is defecting to the United States with information on an Israeli intelligence source who has worked in the U S intelligence community Evidence of the existence of this source came to the attention of U S officials during the controversy over a major spy scandal of the 1980s in which a civilian intelligence analyst was caught providing classified information to Israel The source referred to as X was never identified The defecting Mossad executive will finally close this gap Unknown to the Americans the Israeli government

**Creating White Australia** Jane Carey, Claire McLisky, 2009-11-16 The adoption of White Australia as government policy in 1901 demonstrates that whiteness was crucial to the ways in which the new nation of Australia was constituted And yet historians have largely overlooked whiteness in their studies of Australia s racial past Creating White Australia takes a fresh approach to the question of race in Australian history It demonstrates that Australia s racial foundations can only be understood by recognising whiteness too as race Including contributions from some of the leading as well as emerging scholars in Australian history it breaks new ground by arguing that whiteness was central to the racial ideologies that created the Australian nation This book pursues the foundations of white Australia across diverse locales It also situates the development of Australian whiteness within broader imperial and global influences As the recent apology to the Stolen Generations the Northern Territory Intervention and controversies over asylum seekers reveal the legacies of these histories are still very much with us today

**Deborah, Judge, Prophetess and Seer** Carole M. Lunde, 2013-06-26 Judges 4-5 Now Deborah, a prophetess, the wife of Lapidoth, was judging Israel at that time. She used to sit under the palm of Deborah between Ramah and Bethel in the hill country of Ephraim, and the people of Israel came up to her for judgment. This is the extent of what we know about Deborah before the battle with Sisera. Judges 5 is a poetic rewrite of Judges 4 with the added story of Sisera's mother who waits in the window of her palace for her son to come home. The woman waiting in the window is a motif used in many writings to indicate a woman of great power. Here are two powerful women whose stories are so brief as written but beg for a larger look at their lives. Biblical fiction is a wonderful way to flesh out their stories leading up to Judges 4 and 5. How did Deborah grow up? How did Barak grow up? Deborah was in Ephraim and Barak in Kadesh Naphtali, some sixty miles apart. How did they know each other? How did Deborah learn of scriptures and battle plans in a society where neither of these areas were open to women?

*Handbook of Research Methods in Human Memory* Hajime Otani, Bennett L. Schwartz, 2018-10-09 The Handbook of Research Methods in Human Memory presents a collection of chapters on methodology used by researchers in investigating human memory. Understanding the basic cognitive function of human memory is critical in a wide variety of fields such as clinical psychology, developmental psychology, education, neuroscience, and gerontology, and studying memory has become particularly urgent in recent years due to the prominence of a number of neurodegenerative diseases such as Alzheimer's. However, choosing the most appropriate method of research is a daunting task for most scholars. This book explores the methods that are currently available in various areas of human memory research and serves as a reference manual to help guide readers' own research. Each chapter is written by prominent researchers and features cutting-edge research on human memory and cognition with topics ranging from basic memory processes to cognitive neuroscience to further applications. The focus here is not on the what but the how: how research is best conducted on human memory.
