Thomas Moran Thurman Wilkins,1998 This extensively revised edition of Thurman Wilkins's masterful and engaging biography well illustrated in color and black and white draws on new information and recent scholarship to place Thomas Moran more securely in the milieu of the Gilded Age It also portrays more fully the controversies that surrounded the art of Moran's time as he became the Dean of American Painters The American West was the subject of Thomas Moran's greatest artistic triumphs Yosemite the Grand Canyon of the Colorado Zion Canyon the Virgin River Colorado's Mountain of the Holy Cross and the Grand Tetons but his travels with Ferdinand V Hayden's geological surveys of the Upper Yellowstone were matched by trips to his native Britain and to Venice Florida the Spanish Southwest and Old Mexico These scenes inspired memorable landscapes and seascapes as did the sojourns of the Moran family in Pennsylvania New Jersey and East Hampton Long Island when they retreated from the demands of the New York art scene In the 1880s Moran and his artist wife Mary Nimmo Moran also threw themselves into the etching craze of the period creating some of the finest prints produced in the United States Moran was an artist happy in his work He wrote I have always held that the grandest most beautiful or wonderful in nature would in capable hands make the grandest most beautiful or wonderful pictures The New York Times said of the first edition of this unique account of his life Moran's mastery comes through clearly and awesomely and often pleasurably Readers will find the new edition equally enjoyable

Thomas Moran Thomas Moran,Anne Morand,1996 This illustrated catalog of Thomas Moran's field sketches includes an interpretive essay tracing the artist's seventy year career in the field a chronological stylistic and geographical survey of his fieldwork an illustrated checklist of the 1080 sketches in public collections Moran is best known for his work in the American West during the post Civil War expansion particularly in what would become Yellowstone Grand Canyon and Yosemite national parks Yet this virtuoso painter and draftsman also traveled in search of inspiration in Pennsylvania New York's Long Island Florida Wisconsin Mexico England Scotland Wales France and Italy returning repeatedly to favorite subjects An almost compulsive desire to sketch refined his innate skill as one of America's finest landscape artists Most of Moran's known field sketches are reproduced here As described in the introduction their range encompasses summary contour drawings of the spectacular topography of the American West luminous watercolors that simultaneously fix local color and evoke the artist's rapturous response to the natural world and fully realized works that nevertheless preserve the intensity of Moran's firsthand experience of his plein air subjects No

George de Forest Brush Nancy K. Anderson,James C. Boyles,National Gallery of Art (U.S.),Seattle Art Museum,2008 George de Forest Brush 1854 1941 created an important series of paintings of American Indians that was much celebrated in his time but has been seen rarely since Brush combined extraordinary technical skills acquired during several years of training in the studio of Jean L on G r me with first hand experience of living among the Arapahoe Shoshone and Crow Indians in Wyoming and Montana Completed during the 1880s many of these works were quickly acquired by major American collectors and have remained in private hands through several generations This beautiful book the first scholarly study of Brush s Indian paintings features detailed discussions of individual paintings interpretative essays exploring the historical and cultural context in which the paintings were produced a comprehensive chronology and lavish colour reproductions of numerous paintings not shown publicly since the nineteenth century After more than six years of study in Paris during the 1870s Brush travelled to Wyoming to join his brother in a ranching venture Fascinated by the native people he met he quickly undertook life studies of Indians living on the Wind River and Crow reservations Later when he returned east he produced a number of studio paintings in which the Indian served as metaphor New research reveals that these stunningly beautiful paintings of American Indians are also surprisingly complex meditations on the advent of modernism
