Look Out Doctor:

Look Out, Doctor! Robert Clifford, 2014-09-25 Doctor Bob lives in Tadchester on the Somerset coast. It's a good little town but like all English country towns it has its fair share of interesting cases. To start with there's young Mr Haggard who has a thing about doctors. Then there's Mr Wood the amorous but underdeveloped photographer with a crush on Amazing Grace the receptionist not forgetting Mrs Short with her secret addiction Charlie Sloper the local poacher and supermarket shoplifter the accident prone Aubrey Cattermole and last but not least the rugby team from Drake's College who develop a mysterious and embarrassing ailment after an away match at a London night club. And the strangest thing about these cases is they're all true.

The Doctor's Dilemma Stretton Hesba, 2023-08-02 First published in 1872 the story is that of Olivia who as the curtain opens has been locked in a room threatened and is frantic to escape. She sees her chance and her escape takes her to the smallest of the Channel Islands named Sark. There she lives peacefully under an assumed identity until she has an accident and is in need of a doctor. Dr Martin Dobree comes from the neighboring island to help her and is instantly taken with her. Thus unfolds various circumstances that delve into Olivia's past and what will become of her future.

DR. DOLITTLE Book Series Hugh Lofting, 2023-12-28 The Dr Dolittle book series penned by Hugh Lofting immerses readers in the whimsical adventures of a physician who possesses the extraordinary ability to communicate with animals. Written during the early 20th century Lofting's prose combines fantasy with a rich imagination reflecting the socio-political climate of the time. His style showcases a blend of humor and moral insight as Dolittle embarks on journeys that challenge anthropocentrism and explore themes of empathy, stewardship, and the environment. Each volume serves not only as a delightful tale of exploration but also a vehicle for Lofting's subtle critiques of human society's shortcomings vividly brought to life through enchanting narratives and memorable characters. Hugh Lofting, born in 1886, was influenced by his experiences as a soldier in World War I and a fascination with nature nurtured in his childhood. His background in engineering gave him a unique perspective on the intersection of man and machinery which manifested in his portrayal of animals as sentient beings deserving of respect. Lofting's dedication to promoting a kinder world coupled with a deep-seated belief in the interconnectedness of life invigorated his storytelling, resulting in a series that resonates with readers of all ages. I highly recommend the Dr Dolittle series for those who cherish imaginative literature that also invites reflection on crucial ethical questions. Lofting's engaging narrative style coupled with his ability to breathe life into animal characters makes these books not only entertaining but profoundly educational. This beloved series encourages an understanding of our animal companions and the delicate balance of nature, making it an essential addition to both children's and adult literature.
