Mozzochi Ph.D.,2025-06-26 Part I The purpose of this part of the monograph is to discuss the hypnotic response and to present two methods for achieving it Part II The purpose of this part of the monograph is to outline an extremely effective procedure for obtaining self control through the use of tape recordings which you can easily make yourself This part of the monograph contains a new idea for although the idea of giving commands to oneself directly without the formal use of hypnosis goes back at least to Cou c 1920 and no doubt much farther a careful search of the literature seems to indicate that the idea of programming by means of the repeated use of a recording the subconscious mind to respond directly to arbitrary commands from the conscious mind is original with the author and consistent with the conclusions of other researchers His method helps a person realize his or her potential in what appears to be an innate ability **Advanced Techniques of Hypnosis**

Melvin Powers,2018-12-01 There have been many books written on the therapeutic value of hypnosis Numerous volumes have dealt with its history and many more have been concerned with its various phenomena There has however been comparatively little written about the actual technique of inducing the hypnotic state Since this phase of hypnosis has been so woefully neglected we have not had the rapid technical development our vital science so rightfully deserves This volume is designed to remedy that lack This book is dedicated to those who aspire to a fuller understanding of hypnotic procedures It is my purpose to show you the reader how to develop any individual into a receptive hypnotic subject and to give you the necessary understanding and knowledge required to achieve this end You will also be instructed in the use of my original techniques which have proven to be so wonderfully effective in my long experience as a professional hypnotist A careful reading of the book will not only be rewarding because of the wealth of information contained in it but will also assure the reader maximum professional efficiency in the exciting and fascinating practice of professional hypnosis **A Road to Prosperity - Ultimate Collection** Niccolò Machiavelli,Elbert Hubbard,James Allen,William Walker Atkinson,Orison Swett
