with one another while the Picts from the wild northlands and marauders from Iwerddon the emerald isle are a frequent threat Christianity is spreading rapidly and further dividing the tribes in its push to eradicate the ancient beliefs of the Old Religion Now there are ominous signs that Saxons and Angles old enemies from across the eastern sea are intent on conquering the islands No single tribe is powerful enough to stand against the invasion The Britons are facing complete annihilation if they lose this battle A great leader is needed who can unite the tribes and stand against the Saxon onslaught King Aurelianus is seventy four years old Who can save Briton from extinction Badon weaves the tales of these turbulent times the courage and honour of the men the mystic wisdom of the women who stand as leaders and equals the fierce loyalty and devotion to home and tribe Badon is a story of love and valour intrigue and bravery betrayal and war *1,000 Places to See in the United States and Canada Before You Die* Patricia Schultz,2016-11-29 Covering the U S A and Canada like never before and for the first time with full color photographs here are 1 000 compelling essential offbeat utterly unforgettable places Pristine beaches and national parks world class museums and the Just for Laughs festival mountain resorts salmon rich rivers scenic byways the Oyster Bar and the country s best taco lush gardens and coastal treks at Point Reyes rafting the Upper Gauley if you dare Plus resorts vineyards hot springs classic ballparks the Talladega Speedway and more Includes new attractions like Miami s P rez Art Museum and Manhattan s High Line plus more than 150 places of special interest to families And for every entry what you need to know about how and when to visit Patricia Schultz unearths the hidden gems in our North American backyard Don t even think about packing your bag and sightseeing without it New York Daily News

1,000 Places to See in the USA and Canada Before You Die Patricia Schultz,2007-01-01 Describes essential places to see throughout the United States and Canada offering information on what to find at each spot the best time to visit things to see and do local accommodations and eateries and other important information **Selected Works of Charles Bernard Nordhoff** Charles Bernard Nordhoff,2020-09-28 The Hawaiian group consists as you will see on the map of eleven islands of which Hawaii is the largest and Molokini the smallest The islands together contain about 6000 square miles and Hawaii alone has an area of nearly 4000 square miles Maui 620 Oahu which contains Honolulu the capital 530 and Kauai 500 Lanai Kahoolawe Molokai Niihau Kaula Lehua and Molokini are small islands All are of volcanic origin mountainous and Hawaii contains the largest active crater in the world Kilauea one of the craters of Mauna Loa while Maui contains the largest known extinct crater Haleakala the House of the Sun a pit thirty miles in circumference and two thousand feet deep Mauna Loa and Mauna Kea are nearly 14 000 feet high as high as Mount Grey in Colorado and you can not ride anywhere in the islands without seeing extinct craters of which the hill called Diamond Head near Honolulu is an example The voyage from San Francisco to Honolulu is now very comfortably made in one of the Pacific Mail Company s steamers which plies regularly between the two ports and makes a round trip once in every month The voyage down to the Islands lasts from eight to nine days and even to persons subject to sea sickness is likely to be an enjoyable sea journey because after the second day the

weather is charmingly warm the breezes usually mild and the skies sunny and clear In forty eight hours after you leave the Golden Gate shawls overcoats and wraps are discarded You put on thinner clothing After breakfast you will like to spread rugs on deck and lie in the sun fanned by deliciously soft winds and before you see Honolulu you will even in winter like to have an awning spread over you to keep off the sun When they seek a tropical climate our brethren on the Pacific coast have to endure no such rough voyage as that across the Atlantic On the way you see flying fish and if you are lucky an occasional whale or a school of porpoises but no ships It is one of the loneliest of ocean tracks for sailing vessels usually steer farther north to catch stronger gales But you sail over the lovely blue of the Pacific Ocean which has not only softer gales but even a different shade of color than the fierce Atlantic We made the land at daylight on the tenth day of the voyage and by breakfast time were steaming through the Molokai Channel with the high rugged and bare volcanic cliffs of Oahu close aboard the surf beating vehemently against the shore An hour later we rounded Diamond Head and sailing past Waikiki which is the Long Branch of Honolulu charmingly placed amidst groves of cocoa nut trees turned sharp about and steamed through a narrow channel into the landlocked little harbor of Honolulu smooth as a mill pond It is not until you are almost within the harbor that you get a fair view of the city which lies embowered in palms and fine tamarind trees with the tall fronds of the banana peering above the low roofed houses and thus the tropics come after all somewhat suddenly upon you for the land which you have skirted all the morning is by no means tropical in appearance and the cocoa nut groves of Waikiki will disappoint you on their first and too distant view which gives them the insignificant appearance of tall reeds But your first view of Honolulu that from the ship s deck is one of the pleasantest you can get it is a view of gray house tops hidden in luxuriant green with a background of volcanic mountains three or four thousand feet high and an immediate foreground of smooth harbor gay with man of war boats native canoes and flags and the wharf with ladies in carriages and native fruit venders in what will seem to you brightly colored night gowns eager to sell you a feast of bananas and oranges There are several other fine views of Honolulu especially that from the lovely Nuanu Valley looking seaward over the town and one from the roof of the prison which edifice clean roomy and in the day time empty because the convicts are sent out to labor on public works and roads has one of the finest situations in the town s limits directly facing the Nuanu Valley
