Forbidden Art Art Center College of Design (Pasadena, Calif.), Gosudarstvennyj russkij muzej, 1998. From the horrific purges of the Stalin era to the time before glasnost when failure to conform could result in imprisonment or loss of employment, Soviet artists have had to struggle at great risk to maintain aesthetic and intellectual freedom. The sweeping cultural reforms presided over by Gorbachev brought an end to decades of censorship and new intellectual freedoms allowed scholars in and outside of Russia to begin to trace the outlines of a broad category of artistic production known today as nonconformist art. *Forbidden Art* is drawn from a highly focused private collection assembled by Yuri Traisman, a Russian migrant who has spent nearly thirty years gathering unofficial and migrant art by Russian artists. The

range of artists styles and movements represented here offers an extraordinary point of departure for discussions of what may be called a second Russian avant garde While the works in the collection are largely figurative abstraction conceptualism media critiques and complex forms of realism are also revealed as vital pursuits Soviet artists were able to develop avant garde traditions and certain surprising parallels to leading practitioners of Western art despite official censorship
