*The Trafficking of Children* Elizabeth A. Faulkner, 2023-04-10 The phenomenon of child trafficking holds a unique position as an issue of significant contemporary relevance occupying a principal place in debates about human rights today The interchangeable terms trafficking and modern slavery evoke emotive responses and proclamations about abolition of contemporary ills viewed as the ultimate aberration when a child is involved The classification of children under legal frameworks marks them as different as other and in the context of laws implemented to

address trafficking slavery and children on the move more generally this distinction is complicated This book charts the emergence decline and re emergence of child trafficking law and policy during the twentieth and twenty first centuries It provides a systematic and comprehensive overview of the historical origins of child trafficking by utilising the wealth of information located within the non digitised archives of the League of Nations It focusses upon the Committee on the Traffic in Women and Children to engage with League of Nations policy to provide an insightful and original contribution to the current body of literature This is a book that seeks to critique the entanglements of children s rights and colonialism in relation to the mobility and exploitation of children It centralises the legacy of colonialism the undercurrents of race white supremacy patriarchy and their ongoing influence upon contemporary anti trafficking legal and policy responses Through utilizing what the author identifies as the anti trafficking machine as a theoretical framework the book challenges contemporary law and policy responses to child trafficking This theoretical framework has been adopted to illustrate a central hypothesis of the book that the contemporary anti trafficking agenda is both imperialist and a continuity of colonial attitudes

understanding of the growth of the sex industry in the wake of war It features in depth interviews with the diverse women engaged in prostitution with those facilitating it and with police prosecutors and gynecologists Drawing on the perspectives of women engaged in prostitution in the wake of war this volume argues that the depiction of these women as victims of trafficking in the hegemonic discourse does more harm than good Instead it outlines the complex set of circumstances and choices that emerge in the context of a growing post war sex economy Extrapolating the conclusions from the study of Kosovo this book is a valuable resources for researchers and practitioners studying the aftermath of war in the Balkans and beyond and researchers engaged with the function of the UN and peacekeeping missions internationally
