## **National Identity And Foreign Policy Nationalism And Leadership In Poland Russia And Ukraine:**

**National Identity and Foreign Policy** Ilya Prizel, 1998-08-13 This book argues that the foreign policy of any country is heavily influenced by national identity This is especially the case in East Central Europe where political institutions are weak and social coherence remains subject to the vagaries of the concept of nationhood Ilya Prizel's study examines the history and politics of Russia Poland and Ukraine and will be of interest to students of nationalism as well as foreign policy and politics in East Central Europe

**National Identity and Foreign Policy** Ilya Prizel, 1998-08-13 This book is based on the premise that the foreign policy of any country is heavily influenced by a society's evolving notions of itself Applying his analysis to Russia Poland and Ukraine the author argues that national identity is an ever changing concept influenced by internal and external events and by the manipulation of a polity's collective memory The interaction of the narrative of a society and its foreign policy is therefore paramount This is especially the case in East Central Europe where political institutions are weak and social coherence remains subject to the vagaries of the concept of nationhood Ilya Prizel's study will be of interest to students of nationalism as well as of foreign policy and politics in East Central Europe

**British Foreign Policy, National Identity, and Neoclassical Realism** Amelia Hadfield-Amkhan, 2010-10-16 This groundbreaking study offers a genuinely multidisciplinary exploration of cultural influences on foreign policy Through an innovative blend of historical analysis neoclassical realist theory and cultural studies Amelia Hadfield-Amkhan shows how national identity has been a catalyst for British foreign policy decisions helping the state to both define and defend itself Representing key points of crisis from the past two centuries her case studies include the 1882 attempt to construct a channel tunnel to France the frantic 1909 Dreadnought race with Germany the 1982 Falklands War with Argentina and the 2003 decision to remain outside the Eurozone The author argues that these events marking the decline of a great power have forced Britain's society and government into periods of deep self reflection that are carved into its culture and etched into its policy stances on central issues of sovereignty territorial integrity international recognition and even monetary policy

**Ideology and National Identity in Post-communist Foreign Policy** Rick Fawn, 2004-03-01 A comparative analysis of the foreign policies of eight post communist states which considers the extent to which official communist ideology has been replaced by nationalism and establishes how these states express their national identities through foreign policy

**Dealing with a Juggernaut** Joanna A. Gorska, 2012-07-10 Dealing with a Juggernaut Analyzing Poland's Policy towards Russia 1989-2009 by Joanna A Gorska is the first substantial study of Poland's foreign policy interaction with its more powerful eastern neighbor Russia This study is essential to understanding the prospects for order and peace in Central and Eastern Europe towards Russia during the past twenty years

Gorska challenges widely established interpretations of Poland's post 1989 foreign policy by arguing that consecutive Polish governments pursued a largely cooperative policy towards Russia and did so because of material power considerations namely Poland's strengthened power position after the Cold War and moderate security pressures from Russia In analyzing Polish foreign policy *Dealing with a Juggernaut* draws on leading theories in the field of International Relations and Foreign Policy Analysis and develops a comprehensive theoretical framework to guide empirical research Representing a cross section of politically important areas in Poland's most recent Russia policy the analysis is delineated along four case studies the Soviet military withdrawal from Poland in the early 1990s the NATO issue in Polish policy towards Russia Polish energy policy towards Moscow and the Katyn question in Polish foreign policy This book uses previously unpublished archival material interviews with leading Polish officials and a wealth of Polish publications to provide an insight into Warsaw's foreign policy behavior Gorska points to a departure from hostility and imposition a significant change in Poland's policy towards Russia after 1989 As such *Dealing with a Juggernaut* by Joanna A Gorska uncovers important mechanisms of regional cooperation between states with a checkered past

*Russian Foreign Policy toward Missile Defense* Bilyana Lilly, 2014-08-21 This book is devoted to one of the central issues in U S Russian and NATO Russian relations ballistic missile defense Drawing on more than 2 000 primary sources interviews with Russian and NATO officials and a variety of Russian and Western publications this book offers an unparalleled in depth analysis of the reasons behind Russia's policy towards the construction of a U S ballistic missile defense in Europe It provides a critical assessment of the decision making mechanisms that shape Russia's position on ballistic missile defense as well as Russia's strategic relations with the United States and Russia's interaction with European and non European powers Lilly argues that contrary to Moscow's official claims during the Putin era Russian objections to the construction of ballistic missile defense in Europe have not been wholly dictated by security concerns To Russia missile defense is not purely an issue

in and of itself but rather a symbol and instrument of broader political considerations At the international level the factors that have shaped Russia's response include Moscow's perception of the overall state of U S Russian relations the Kremlin's capacity to project influence and power abroad and NATO's behavior in the post Soviet space Domestically the issue of missile defense has been a facilitating instrument for strengthening Putin's regime and justifying military modernization Taken together these instrumental considerations and their fluctuating intensity in different periods prompt the Russian leadership to pursue contradictory policy approaches simultaneously On the one hand the Kremlin seeks U S cooperation while on the other hand it threatens retaliation and reinforces Russian offensive capabilities The result is Moscow's incoherence inconsistency and double speak over the issue of missile defense
