**International and Comparative Studies in Adult and Continuing Education** Regina Egetenmeyer ,Vanna Boffo,Stefanie Kröner,2020-11-10 This volume gives theoretical and practical insights in international and comparative research in the field of adult and continuing education The 16 contributions of this volume give three perspectives on international and comparative adult education The first perspective focuses on the question how internationalisation and comparative adult and continuing education can be taught The second perspective gives insights into the results of comparative research that has been conducted throughout a two week Winter School that took place in February 2019 in Würzburg The third perspective complements the two perspectives with insights into international projects and practices in adult and continuing education The authors of this volume are contributing to the transnational Winter School International and comparative studies in adult and continuing education in Würzburg Germany since 2014

*Deviance in International Relations* W. Wagner,W. Werner,M. Onderco,2014-03-30 Rogue states have been high on the policy agenda for many years but their theoretical significance for international relations has remained poorly understood In contrast to the bulk of writings on rogue states that address them merely as a policy challenge this book studies what we can learn from deviance about international politics

**The Politics of Nuclear Non-Proliferation** Ursula Jasper,2013-10-08 This book examines the puzzle of why some states acquire nuclear weapons whereas others refrain from trying to do so or even renounce them Based on the predominant theoretical thinking in International Relations it is often assumed that nuclear proliferation is inevitable given the anarchic nature of the international system Proliferation is thus often explained by vague references to states insecurity in an anarchic environment Yet elusive generalisations and grand abstract theories inhibit a more profound and detailed knowledge of the very political processes that lead towards nuclearisation or its reversal Drawing upon the philosophical and social theoretical insights of American pragmatism The Politics of Nuclear Non Proliferation provides a

theoretically innovative and practically useful framework for the analysis of states nuclear proliferation policies Rather than reaccounting a parsimonious lean account of proliferation the framework allows for the incorporation of multiple paradigms in order to depict the complex political contestation underlying states proliferation decisions This pragmatist framework of analysis offers ways of overcoming long standing metatheoretical gridlocks in the IR discipline and encourages scholars to reorient their efforts towards imminent real world challenges This book will be of much interest to students of nuclear proliferation international security and IR theory International Norms, Moral Psychology, and Neuroscience Richard Price, Kathryn Sikkink, 2021-08-19 Research on international norms has yet to answer satisfactorily some of our own most important questions about the origins of norms and the conditions under which some norms win out over others The authors argue that international relations IR theorists should engage more with research in moral psychology and neuroscience to advance theories of norm emergence and resonance This Element first provides an overview of six areas of research in neuroscience and moral psychology that hold particular promise for norms theorists and international relations theory more generally It next surveys existing literature in IR to see how literature from moral psychology is already being put to use and then recommends a research agenda for norms researchers engaging with this literature The authors do not believe that this exchange should be a one way street however and they discuss various ways in which the IR literature on norms may be of interest and of use to moral psychologists and of use to advocacy communities **Introduction to International Political Economy** David N. Balaam, Bradford Dillman, 2018-07-31 In a revolutionary revision of this best selling text David Balaam and Bradford Dillman show how the postwar world order is at once under threat and yet resilient This classic text surveys the theories institutions and relationships that characterize IPE and highlights them in the context of a diverse range of regional and transnational issues Introduction to International Political Economy positions students to critically evaluate the global economy and to appreciate the personal impact of political economic and social forces New to the Seventh Edition Streamlined yet comprehensive coverage reducing the text from 20 to 17 chapters There is also one unified chapter on global finance and a single chapter on energy and the environment A new chapter on Constructivism shows sociological and ideational forces at work A new chapter on Global Production encompasses transnational corporations and labor A new chapter on Global Health incorporates food and refugee issues Substantial revisions to 10 chapters including new material on Brexit the EU debt and refugee crises populist nationalist movements inequality trade conflicts and negotiations cyber weapons the rise of China Middle East conflicts and international responses to climate change Significant focus throughout on President Trump s impact on U S foreign policy international order and global security Extensive new graphs and tables of data plus 27 fascinating new text boxes throughout An author written Instructor s Manual and Test Bank are provided along with additional online resources **Handbook of the International Political Economy of Monetary Relations** Thomas Oatley, W. Kindred Winecoff, 2014-06-27 This extensive Handbook provides an in depth exploration of the political economy

dynamics associated with the international monetary and financial systems Leading experts offer a fresh take on research into the interaction between system structure t *Sharing the Burden?* Benjamin Zyla,2015-02-26 Since the fall of the Berlin Wall NATO's middle powers have been pressured into shouldering an increasing share of the costs of the transatlantic alliance In *Sharing the Burden* Benjamin Zyla rejects the claim that countries like Canada have shirked their responsibilities within NATO Using a range of measures that go beyond troop numbers and defense budgets to include peacekeeping commitments foreign economic assistance and contributions to NATO's rapid reaction forces and infrastructure Zyla argues that proportionally Canada's NATO commitments in the 1990s rivaled those of the alliance's major powers At the same time he demonstrates that Canadian policy was driven by strong normative principles to assist failed and failing states rather than a desire to ride the coattails of the United States as is often presumed An important challenge to realist theories *Sharing the Burden* is a significant contribution to the debate on the nature of alliances in international relations **Japan's New**

**Regional Reality** Saori N. Katada,2020-07-07 Since the mid 1990s Japan's regional economic strategy has transformed Once characterized by bilateralism informality and neomercantilism Japanese policy has shifted to a new liberal strategy emphasizing regional institution building and rule setting As two major global powers China and the United States wrestle over economic advantages Japan currently occupies a pivotal position capable of tipping the geoeconomic balance in the region Japan's New Regional Reality offers a comprehensive analysis of Japan's geoeconomic strategy that reveals the country's role in shaping regional economic order in the Asia Pacific Saori N Katada explains Japanese foreign economic policy in light of both international and domestic dynamics She points out the hurdles to implementing a state led liberal strategy detailing how domestic political and institutional changes have been much slower and stickier than the changing regional economics Katada highlights state market relations and shows how big businesses have responded to the country's interventionist policies The book covers a wide range of economic issues including trade investment finance currency and foreign aid Japan's New Regional Reality is a meticulously researched study of the dynamics that have contributed to economic and political realities in the Asia Pacific today with significant implications for future regional trends **China's**

**Reforms at 30** Dali L. Yang,2009 This book consists of papers presented at the International Conference on OC China The Next DecadeOCO organized by the East Asian Institute at the National University of Singapore in 2007 to commemorate the Institute's 10th anniversary With eight papers covering China's economic social and political development this volume offers a balanced yet in depth assessment of the challenges facing China in the next decade **Globalization, Institutions and**

**Governance** James A Caporaso,Mary Anne Madeira,2011-10-26 The study of international relations now goes well beyond state to state politics and even regional politics Technological forces are working their effects on the world as a whole bringing state and non state actors into contact with one another Globalization Institutions and Governance provides students with a sophisticated and engaging exploration of the often differing impacts of these technological forces and the

wider implications of globalization for theories of global governance and the role of international institutions This title is part of the SAGE Series on the Foundations of International Relations This series fills the gap between narrowly focused research monographs and broad introductory texts providing graduate students with state of the art critical overviews of the key sub fields within International Relations International Political Economy International Security Foreign Policy Analysis International Organization Normative IR Theory International Environmental Politics Globalization and IR Theory Explicitly designed to further the transatlantic dialogue fostered by publications such as the SAGE Handbook of International Relations the series is written by renowned scholars drawn from North America continental Europe and the UK The books are intended as core texts on advanced courses in IR taking students beyond the basics and into the heart of the debates within each field encouraging an independent critical approach and signposting further avenues of research Series Editors Walter Carlsnaes Uppsala University Sweden Jeffrey T Checkel Simon Fraser University Canada International Advisory Board Peter J Katzenstein Cornell University USA Emanuel Adler University of Toronto Canada Martha Finnemore George Washington University USA Andrew Hurrell Oxford University UK G John Ikenberry Princeton University USA Beth Simmons Harvard University USA Steve Smith University of Exeter UK Michael Zuern Hertie School of Governance Berlin Germany

**Non-Western International Relations Theory** Amitav Acharya, Barry Buzan, 2009-12-22 Introduces non Western IR traditions to a Western IR audience and challenges the dominance of Western theory This book challenges criticisms that IR theory is Western focused and therefore misrepresents much of world history by introducing the reader to non Western traditions literature and histories relevant to how IR is conceptualised *The New Power Politics* Deborah Avant, Oliver Westerwinter, 2016-06-02 Traditional analyses of global security cannot explain the degree to which there is governance of important security issues from combatting piracy to curtailing nuclear proliferation to reducing the contributions of extractive industries to violence and conflict They are even less able to explain why contemporary governance schemes involve the various actors and take the many forms they do Juxtaposing the insights of scholars writing about new modes of governance with the logic of network theory *The New Power Politics* offers a framework for understanding contemporary security governance and its variation The framework rests on a fresh view of power and how it works in global politics Though power is integral to governance it is something that emerges from and depends on relationships Thus power is dynamic it is something that governors must continually cultivate with a wide range of consequential global players and how a governor uses power in one situation can have consequences for her future relationships and thus future power Understanding this new power politics is crucial for explaining and shaping the future of global security politics This stellar group of scholars analyzes both the networking strategies of would be governors and their impacts on the effectiveness of governance and whether it reflects broad or narrow concerns on a wide range of contemporary governance issues

Negotiating Trade John S. Odell, 2006-02-16 Negotiations between governments shape the world political economy and in

turn the lives of people everywhere Developing countries have become far more influential in talks in the World Trade Organization including infamous stalemates in Seattle in 1999 and Canc n in 2003 as well as bilateral and regional talks like those that created NAFTA Yet social science does not understand well enough the process of negotiation and least of all the roles of developing countries in these situations This 2006 book sheds light on three aspects of this otherwise opaque process the strategies developing countries use coalition formation and how they learn and influence other participants beliefs This book will be valuable for many readers interested in negotiation international political economy trade development global governance or international law Developing country negotiators and those who train them will find practical insights on how to avoid pitfalls and negotiate better *Constructivism and Comparative Politics* Richard T Green,2016-09-16 This work presents an approach to the study of comparative politics that builds on the assumption that political actors and institutions operate within constructed communities of meaning which in turn interface with other such communities **Pragmatic Cosmopolitanism** D. Bray,2016-04-30 Building on the work of philosopher John Dewey Bray develops an approach to transnational democracy called pragmatic cosmopolitanism He argues for an ideal of representative democracy that emphasizes the role of democratic leadership and the development of critical intelligence Private Authority and International Affairs A. Claire Cutler,Virginia Haufler,Tony Porter,1999-04-01 Explores in detail the degree to which private sector firms are beginning to replace governments in governing some areas of international relations *International Relations Theory* Knud Erik Jørgensen,2017-09-30 This is a major new edition of a highly regarded textbook on International Relations theory which combines deep analysis into the diversity of thought within the major scholarly traditions and the guidance for students on doing their own theorising Knud Erik Jorgensen analyses the nuances of the main contending theories and approaches their philosophical underpinnings and explains their use and relevance to different research agendas This is all placed within the context of cross cutting coverage of key current issues and debates of the philosophical foundations of IR theory and of why different theories are addressed to different research agendas All chapters have been fully revised and updated and a new chapter on the Human Nature tradition has been included to reflect the changes within the field This text is the most up to date and informative text on International Relations theory and is an essential companion for all International Relations students
