Richard H. Immerman

National Party Platforms 1840 1956:

Abolitionism and American Politics and Government John R. McKivigan, 1999 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company **Witnessing Their Faith** Jay Alan Sekulow, 2007-12-13 When it was ratified in 1791 the First Amendment to the Constitution of the United States sought to protect against two distinct types of government actions that interfere with religious liberty the establishment of a national religion and interference with individual rights to practice religion Since that time no question has so bedeviled the U S Supreme Court as finding the best way to interpret and apply the Establishment Clause and the Free Exercise Clause of the First Amendment In this unique and timely book Jay Sekulow examines not only the key cases and their historical context that have shaped the law concerning church state relations but also for the first time the impact of the religious faith and practices of Supreme Court Justices who have ruled in each case Covering cases from the teaching of religion in public schools and the use of federal funds for parochial schools to today s debates about the Pledge of Allegiance and public displays of the Ten Commandments *Witnessing Their Faith* is essential reading for anyone interested in the history and future of religious freedom in America

Defender of the Faith Lawrence W. Levine, 1987 *Defender of the Faith* offers a reinterpretation of William Jennings Bryan in his last years as an unchanging Progressive whose roots were deeply embedded in agrarian populism It changes the standard picture of Bryan in his final years as that of a crusader for social and economic reform sadly transformed into a reactionary champion of anachronistic rural evangelism cheap moralistic panaceas and Florida real estate He pleaded for for progressive labor laws liberal taxes government aid to farmers public ownership of railroads telegraphs and telephones federal development of water resources minimum wages for labor and other advanced causes Reclaiming the Arid West William D. Rowley, 1996 Widely noted for his role in the passage of the National Reclamation Act of 1902 Francis G Newlands of Nevada was a champion of the growth of federal power in the modernization of America One of the few liberal national Democrats at the beginning of the twentieth century he is known as a key architect of the modern regulatory state Newlands worked to irrigate the Nevada desert and other arid western states with nationally funded reclamation and dam building projects As a leading western Progressive he supported national planning for the utilization of all the nation s water resources the Progressive conservation cause espoused by Republican Theodore Roosevelt and the supervision of private corporations by an enlarged and more powerful federal government Yet he opposed Progressives on many issues voicing suspicions about centralized banking defending the right of private corporations to fair treatment by public regulatory agencies even advocating the denial of suffrage to African Americans through the repeal of the Fifteenth Amendment William Rowley s biography reveals a complicated and sophisticated man who successfully lived a dual political life under a cloud of personal and public scandal It is a fascinating story of American politics in a time of immense national change *Making Space on the Western Frontier* W. Paul Reeve, 2010-10-01 Until recently most scholarly work on Chinese music in both

Chinese and Western languages has focused on genres musical structure and general history and concepts rather than on the musicians themselves This volume breaks new ground by focusing on individual musicians active in different amateur and professional music scenes in mainland China Hong Kong and Chinese communities in Europe Using biography to deepen understanding of Chinese music contributors present contextualized portraits of rural folk singers urban opera singers literati and musicians on both geographic and cultural frontiers Contributors are Nimrod Baranovitch Rachel Harris Frank Kouwenhoven Tong Soon Lee Peter Micic Helen Rees Antoinet Schimmelpenninck Shao Binsun Jonathan P J Stock and Bell Yung

The Party of Fear David Harry Bennett,1988 David Bennett presents a ground breaking historical analysis of the forces shaping nativist and counter subversive activity in America from colonial times to the present He demonstrates that in this nation of immigrants the American Right did not emerge from postfeudal parties of privilege or from the social chaos that bred a Hitler or Mussolini in Europe

Cold War Respite Günter Bischof,Saki Dockrill,2000-08-01 At the midpoint of the high cold war when most people in North America and Europe thought catastrophic nuclear onslaught was almost inevitable an unprecedented and unrepeated event took place in Geneva in July 1955 The heads of state from the United States the Soviet Union Britain and France came together in an attempt at diplomatic dialogue primarily over the questions of German unification European security and nuclear disarmament Although the summit ended with no tangible results its ramifications were extensive and it provided the world with a brief repose from escalating East West tension In *Cold War Respite* twelve scholars writing from several national perspectives investigate in riveting detail how that event examined only in passing until now came about why its spirit was so short lived and what its subsequent impact was on the development of the cold war Making use of newly declassified archives in the United States France Britain and Russia the authors provide some of the latest research and insights into early cold war history as they track the crucial period from Stalin's death in 1953 until the summit They consider John Foster Dulles's policy at Geneva and the meeting of the four foreign ministers that followed the summit As the essayists attest the psychological effects of the summit were of immense significance to the history of international relations and reveal the complexity and dynamism of foreign affairs during the decades following World War II While some argue that the series of international crises beginning in 1958 and culminating in 1962 might have been averted if the Geneva conference had been pursued more eagerly others argue that it is a credit to the summit that those events are studied today as examples of crisis management and not of nuclear war

Religion of a Different Color W. Paul Reeve,2015-01-30 Mormonism is one of the few homegrown religions in the United States one that emerged out of the religious fervor of the early nineteenth century Yet members of the Church of Jesus Christ of Latter-day Saints have struggled for status and recognition In this book W Paul Reeve explores the ways in which nineteenth century Protestant white America made outsiders out of an inside religious group Much of what has been written on Mormon otherness centers upon economic cultural doctrinal marital and political differences that set Mormons apart from mainstream America Reeve

instead looks at how Protestants racialized Mormons using physical differences in order to define Mormons as non White to help justify their expulsion from Ohio Missouri and Illinois He analyzes and contextualizes the rhetoric on Mormons as a race with period discussions of the Native American African American Oriental Turk Islam and European immigrant races He also examines how Mormon male female and child bodies were characterized in these racialized debates For instance while Mormons argued that polygamy was ordained by God and so created angelic celestial and elevated offspring their opponents suggested that the children were degenerate and deformed The Protestant white majority was convinced that Mormonism represented a racial not merely religious departure from the mainstream and spent considerable effort attempting to deny Mormon whiteness Being white brought access to political social and economic power all aspects of citizenship in which outsiders sought to limit or prevent Mormon participation At least a part of those efforts came through persistent attacks on the collective Mormon body ways in which outsiders suggested that Mormons were physically different racially more similar to marginalized groups than they were white Medical doctors went so far as to suggest that Mormon polygamy was spawning a new race Mormons responded with aspirations toward whiteness It was a back and forth struggle between what outsiders imagined and what Mormons believed Mormons ultimately emerged triumphant but not unscathed Mormon leaders moved away from universalistic ideals toward segregated priesthood and temples policies firmly in place by the early twentieth century So successful were Mormons at claiming whiteness for themselves that by the time Mormon Mitt Romney sought the White House in 2012 he was labeled the whitest white man to run for office in recent memory Ending with reflections on ongoing views of the Mormon body this groundbreaking book brings together literatures on religion whiteness studies and nineteenth century racial history with the history of politics and migration

The Public Order and the Sacred Order

Stephen M. Krason, 2009-05-20 The Public Order and the Sacred Order evaluates a range of contemporary social and political questions in light of Catholic social teaching philosophy great political thinkers and America's founding tradition It treats a wide range of topics including economics education free speech abortion church state relations American legal trends international politics Through discussions of these and other issues confronting contemporary American society author Stephen M Krason offers a scholarly social commentary suggests means for a reconstruction of sound social and political thought and calls for a renewal of American institutions politics and culture The book is structured in three parts Part I sets out foundational principles guided by Catholic social teaching philosophical reasoning Western political thought and the American founding Part II examines and evaluates the numerous issues in light of the principles set out in Part I and Part III provides approaches to the issues both general and specific policy ideas consonant with the foundational principles set out in Part I There is also a volume of important Catholic Church documents Supreme Court cases and excerpts of important writings in the history of Western and American political thought that let the reader examine directly many documents discussed in the text of the book Along with being a strong and focused defense of traditional Catholic approaches to the

questions of our time the vast array of material covered makes this book an invaluable reference for anyone interested in contemporary politics *The Public Order and the Sacred Order: Contemporary Issues, Catholic Social Thought, and the Western and American Traditions* Stephen M. Krason, 2009-05-20 The Public Order and the Sacred Order evaluates a range of contemporary social and political questions in light of Catholic social teaching philosophy great political thinkers and America's founding tradition It treats a wide range of topics including economics education free speech abortion church state relations American legal trends international politics Through discussions of these and other issues confronting contemporary American society author Stephen M Krason offers a scholarly social commentary suggests means for a reconstruction of sound social and political thought and calls for a renewal of American institutions politics and culture The book is structured in three parts Part I sets out foundational principles guided by Catholic social teaching philosophical reasoning Western political thought and the American founding Part II examines and evaluates the numerous issues in light of the principles set out in Part I and Part III provides approaches to the issues both general and specific policy ideas consonant with the foundational principles set out in Part I There is also a volume of important Catholic Church documents Supreme Court cases and excerpts of important writings in the history of Western and American political thought that let the reader examine directly many documents discussed in the text of the book Along with being a strong and focused defense of traditional Catholic approaches to the questions of our time the vast array of material covered makes this book an invaluable reference for anyone interested in contemporary politics *A Well-Founded Fear* Philip G. Schrag, 2002-09-11 First

published in 2000 Routledge is an imprint of Taylor Francis an informa company **Money, Power, and the People** Christopher W. Shaw, 2022-12-22 An engaging and well researched study of ordinary people who joined together to challenge financial institutions Choice Banks and bankers are hardly the most beloved institutions and people in this country With its corruptive influence on politics and stranglehold on the American economy Wall Street is held in high regard by few outside the financial sector But the pitchforks raised against this behemoth are largely rhetorical We rarely see riots in the streets or public demands for an equitable and democratic banking system that result in serious national changes Yet the situation was vastly different a century ago as Christopher W Shaw shows This book upends the conventional thinking that financial policy in the early twentieth century was set primarily by the needs and demands of bankers Shaw shows that banking and politics were directly shaped by the literal and symbolic investments of the grassroots This engagement remade financial institutions and the national economy through populist pressure and the establishment of federal regulatory programs and agencies like the Farm Credit System and the Federal Deposit Insurance Corporation Shaw reveals the surprising groundswell behind seemingly arcane legislation as well as the power of the people to demand serious political repercussions for the banks that caused the Great Depression One result of this sustained interest and pressure was legislation and regulation that brought on a long period of relative financial stability with a reduced frequency of economic booms and busts Ironically this stability led

to the decline of the very banking politics that brought it about Giving voice to a broad swath of American figures including workers farmers politicians and bankers alike Money Power and the People recasts our understanding of what might be possible in balancing the needs of the people with those of their financial institutions **The United States and NATO**

Lawrence S. Kaplan,2021-09-15 The creation of the North Atlantic Treaty Organization was one of the most important accomplishments of American diplomacy in countering the Soviet threat during the early days of the Cold War Why and how such a reversal of a 150 year nonalignment policy by the United States was brought about and how the goals of the treaty became a reality are questions addressed here by a leading scholar of NATO The importance of restoring Europe to strength and stability in the post World War II years was as obvious to America as to its allies but the means of achieving that goal were far from clear The problem for European statesmen was how to secure much needed American economic and military aid without sacrificing political independence For American policymakers in contrast a degree of American control was seen as an essential quid pro quo As Mr Kaplan shows the lengthy negotiations of 1947 and 1948 were chiefly concerned with reconciling these opposing views For the Truman administration the difficulties of achieving a treaty acceptable to the allies were matched by those of winning its acceptance by Congress and the public Many Americans saw such an entangling alliance as a threat not only to American security but to the viability of the United Nations Mr Kaplan demonstrates the tortuous course of the debate on the treaty and the pivotal role of the communist invasion of South Korea in its ultimate approval This authoritative study offers a timely reevaluation of the origins of an alliance that continues to play a critical role in the balance of power and in the prospects for world peace *The Concept of Jacksonian Democracy* Lee

Benson,2015-03-08 Jacksonian Democracy has become almost a commonplace in American history But in this penetrating analysis of one state its voting cycles party makeup and social ethnic and religious patterns Lee Benson shows that the concept bears little or no relation to New York history during the Jacksonian period New York voters between 1816 and 1844 did not follow the traditional distinctions between Whigs and Democrats Ethnic and religious ties were stronger social forces than income occupation and environment Mr Benson s examination suggests a new theory of American voting behavior and a reconsideration of other local studies during this period Originally published in 1961 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

John Foster Dulles Richard H. Immerman,1999 John Foster Dulles was one of the most influential and controversial figures in the history of twentieth century U S foreign relations Active in the field for decades Dulles reflected and was a reflection of the tension that pervaded U S international conduct from its evolution as a global power in the early twentieth

century through its emergence as the leader of the Free World during the Cold War His life and career embody the best and most troubling aspects of American foreign policy as it progressed toward international supremacy while swaying between altruism and self interest In this biography Richard Immerman traces Dulles s path from his early days growing up in the parsonage of the First Presbyterian Church of Watertown N Y through his years of amassing influence and power as an international business lawyer and adviser to his service as President Eisenhower s secretary of state This volume illuminates not only the history of modern U S foreign policy but its search for a twentieth century identity Sophisticated yet accessible John Foster Dulles Piety Pragmatism and Power in U S Foreign Policy is an important resource for graduate and undergraduate courses in U S history and U S foreign relations ieth century identity Sophisticated yet accessible John Foster Dulles Piety Pragmatism and Power in U S Foreign Policy is an important resource for graduate and undergraduate courses in U S history and U S foreign relations ieth century identity Sophisticated yet accessible John Foster Dulles Piety Pragmatism and Power in U S Foreign Policy is an important resource for graduate and undergraduate courses in U S history and U S foreign relations ieth century identity Sophisticated yet accessible John Foster Dulles Piety Pragmatism and Power in U S Foreign Policy is an important resource for graduate and undergraduate courses in U S history and U S foreign relations

Good Citizenship in America David M. Ricci,2004-07-19 Good Citizenship in America describes a civic ideal of who enjoys membership in the state and what obligations that entails and traces its history in America Until 1865 this ideal called for virtuous political behavior republicanism but extended the franchise beyond early republican expectations democracy The book follows the widening of the franchise to women and people of color and to those with little or no property following economic development post 1865 In the twentieth century the civic ideal was influenced by the increase of consumerism its peak after World War II and its subsequent decline More recent citizenship informed by environmental problems and growing global Darwinism places a bigger and bigger emphasis on the economic conscience This is an easily accessible analysis of civic trends in America and one that highlights much of what is decent in American life

Making the Managerial Presidency Peri E. Arnold,1998 Examines the political history of administrative reform undertaken by 20th century presidents Attempting to explain the growth of modern bureaucracy within an 18th century framework and the expansion of presidential control over administrative powers the author explores the relationship between administrative theory and the dilemmas posed for a developing administrative state by the separation of powers He also looks at and compares successive cases of presidentially initiated comprehensive reform planning in order to understand the implications for the president s institutional role Paper edition unseen 25 00 Annotation copyrighted by Book News Inc Portland OR

The Constitutional Bind Aziz Rana,2024-04-16 Americans today are increasingly uneasy about the democratic weaknesses of their Federal Constitution But for most of living memory that very Constitution has been idealized as near perfect How could it be that this flawed system came to enjoy such intense veneration In a striking reinterpretation of the American

constitutional past Aziz Rana connects the spread of a distinctive twentieth century American relationship to its founding document to another development rarely treated alongside it the rise of the U S to global dominance In the process he highlights the role of constitutional veneration in shaping the terms of American power abroad with ultimately transformative effects at home for narratives of nation and ideas of reform In the process Rana also explores the remarkably diverse array of movement activists in Black Indigenous feminist labor and immigrant politics that struggled to imagine a very different constitutional horizon one grounded in equal and effective freedom for all and able to overcome the basic limitations of the consolidating legal political system These voices of opposition including to the Constitution itself have overwhelmingly been excised from constitutional memory And yet they offer essential insights for making sense of our present difficulties in which Americans find themselves bereft of the constitutional sureties that have long shaped collective life

Promises to Keep Donald G. Nieman, 2020-02-03 Widely considered the first history of US Constitutionalism that places African Americans at the center Promises to Keep is a compelling overview of how conflict over African Americans place in American society has shaped the Constitution law and our understanding of citizenship and rights Both authoritative and accessible this revised and expanded second edition incorporates key insights from the last three decades of scholarship and makes sense of recent developments in civil rights from the War on Drugs to the rise of Black Lives Matter Promises to Keep shows how African Americans have played a critical role in transforming the Constitution from a bulwark of slavery to a document that is truer to the nation's promise of equality The book begins by examining debates about race from the Revolutionary Era at the Constitutional Convention and covers the establishment of civil rights protections during Reconstruction the Jim Crow backlash and the evolution of the civil rights movement from the formation of the National Association for the Advancement for Colored People to legal victories and massive organized protests Comprehensive in scope this book moves from debates over slavery at the nation's founding to contemporary discussions of affirmative action voting rights mass incarceration and police brutality In the process it provides readers with a historical perspective critical to understanding some of today's most important social and political issues

21st Century Political Science: A Reference Handbook John T Ishiyama, Marijke Breuning, 2011 Offering full coverage of major subthemes and subfields within political science this reference handbook includes entries on topics from theory and methodology to international relations and institutions

National Party Platforms 1840 1956 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading National Party Platforms 1840 1956 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading National Party Platforms 1840 1956 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading National Party Platforms 1840 1956 free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading National Party Platforms 1840 1956. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic

literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading National Party Platforms 1840 1956 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About National Party Platforms 1840 1956 Books

1. Where can I buy National Party Platforms 1840 1956 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a National Party Platforms 1840 1956 book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
