The Overtourism Debate Jeroen Oskam, 2020-09-14 This book gives an overview of the positions in the rapidly evolving debate over the sociocultural footprint of tourism on its destinations Overtourism its impact and subsequent mitigating measures taken have started to dominate political discussions in European cities such as Amsterdam Barcelona Seville and Berlin **Congressional Record** United States. Congress, 2010 [National Parks Our Living National Treasures](#) Dr. Gil Lusk, 2019-04-20 The National Park Service created in 1916 and now over one hundred years old has become an immensely popular concept with visitation equal to the national population of the United States every year Along the way the Service has picked up a few issues and stresses that endanger the mission of the NPS Its unique mission is to preserve and protect America's significant natural cultural and historical areas for future generations in an unencumbered condition The areas that are America's Living National Treasures Those issues need to be addressed to allow the National Park Service to uphold its mission and continue to protect our National Treasures for future generations This book is dedicated to the identification of some of those issues and presents possible solutions by capturing the author's experiences over his 35 year career depicting what working for the Service entails and its challenges Once the reader has a better feel for work of the National Park Service there are specific sections dealing with the author's concerns for the future and the changes needed today to

bring the Service back to its prime **Vanished** Sadiya Qureshi, 2025-06-05 A vital and important book David Olusoga From an award winning historian of race science and empire a path breaking and poignant history of extinction as a scientific idea an imperial legacy and a political choice Anyone alive today is among a tiny fraction of the once living over 90% of species that ever existed are now extinct How did we come to think of ourselves as survivors in a world where species can vanish forever or as capable of pushing our planet to the verge of a sixth mass extinction Extinction Sadiya Qureshi shows us is a surprisingly modern concept and a phenomenon that is not as natural as we might think In Europe until the late eighteenth century species were considered perfect and unchanging creations of God Then in the age of revolutions scientists gathered enough fossil evidence to determine that mammoth bones for example were not just large elephants but a lost species that once roamed the Earth alongside ancient humans Extinction went from being regarded as theologically dangerous to pervasive and even inevitable Yet Vanished shows us that extinction is more than a scientific idea it is a political choice that has led to devastating consequences Europeans and Americans quickly used the notion that extinction was a natural process to justify persecution and genocide predicting that nations from Newfoundland's Beothuk to Aboriginal Australians were doomed to die out from imperial expansion Exploring the tangled and unnatural histories of extinction and empire Vanished weaves together pioneering original research and breath taking storytelling to show us extinction is both an evolutionary process and a human act one which illuminates our past and may alter our future **Review of Proposals to Restrict Timber Exports** United States. Congress. House. Committee on Agriculture. Subcommittee on Forests, Family Farms, and Energy, 1991 **Privacy Vs. Security** Ron Fridell, 2004 Hidden cameras take our pictures Computer technology records everywhere we go on the Internet The government gathers information on us in the interests of national security In many ways our right to privacy is increasingly being challenged in today's world In Privacy vs Security Your Rights in Conflict author Ron Fridell explores the issue of privacy He examines the history of the right to privacy as well as the laws and technological developments that affect this right Fridell looks at the ways that terrorism has changed how we feel about global security Privacy vs Security helps young readers understand the effort to balance our desire for privacy and our need for safety Book jacket *Environmental Debates in Albania* Deniz Çupi, 2023-09-30 This book investigates the role played by classical and digital media and social networks in shaping debates on the environment Providing a unique window of observation on environmental debates the book explores the media theatre from the post communist perspective of Albania The work navigates the creation and development of environmental debate in Albania using evidence based case studies investigating the role of actors involved who are closely related to the media such as in business or politics Environmental Debates in Albania offers an original insight on environmental debate which is closely tied to and influenced by the place and culture within which it originates Rich literature exists on global environmental issues protests policy and the rhetoric around climate change this book supplies another piece to the puzzle through its focus on the under researched area of

environmental debate in post communist and Eastern European countries **National Parks** ,1997-11 The flagship publication of the National Parks Conservation Association National Parks Magazine circ 340 000 fosters an appreciation of the natural and historic treasures found in the national parks educates readers about the need to preserve those resources and illustrates how member contributions drive our organization s park protection efforts National Parks Magazine uses images and language to convey our country s history and natural landscapes from Acadia to Zion from Denali to the Everglades and the 387 other park units in between **Challenges and Change in Middle America** Katie Willis,Cathy Mcilwaine,2014-09-25 A comprehensive introduction to the important economic social and political processes and development issues in this extremely popular region The Central American nations and those of the Caribbean including Guyana Surinam and French Guiana on the mainland share many historical processes as well as experiencing similar development problems today These include European colonialism structural adjustment small size reliance on primary production influence of the United States and moves towards democratisation While Mexico is obviously a much larger country in area economy and population terms it is included in this volume because of its close ties to the other countries in the region through processes such as trade and migration *Resources in Education* ,1992-04 Guardians Of The Parks John C.
