Nations That Know Thee Not:

The Nations that Know Thee Not Robert Goldenberg, 1998 Explores the malleable Jewish attitude toward other religions in the ancient world Recounts how at certain times in the past Judaism was accepting of paganism while at other times it mounted attacks on other nations based largely on religious hostility Goldenberg Judaic studies State U of New York at Stony Brook also argues that the ambiguous attitude of the ancient Jews towards other religions ultimately impacted the Christian Church's doctrines on the matter primarily through the Old Testament Annotation copyrighted by Book News Inc Portland OR The Harvard Classics: Sacred writings ,1910 *The Scattered Nation* ,1898 **A Concordance to All the Bookes of the Old Testament, According to the Translation Allowed by His Late Matie of Great Brittain, Etc. [By Clement Cotton.]** ,1627 **Select Notes** Mary Abby Thaxter Peloubet, 1904 *Selections from Six Great Religions* ,1910

The Ante-Nicene Fathers Reverend Alexander Roberts, 2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume III of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find three of Tertullian's most famous writings In Apologetic Tertullian addresses the powers that be in Rome demanding that Christians be accepted and tolerated by Roman law In Anti Marcion Tertullian attacks and discusses heretics And in Ethical he discusses a variety of moral questions **Judaism and Other Religions** Alan Brill, 2010-04-14 With insight and scholarship Alan Brill crisply outlines the traditional Jewish approaches to other religions for an age of globalization He provides a fresh perspective on Biblical and Rabbinic texts offering new ways of thinking about other faiths In the majority of volume he develops the categories of theology of religions for Jewish text and arranges the texts according classification widely used in interfaith work inclusivist exclusivist universalist and pluralist Judaism and Other Religions is essential for a Jewish theological understanding of the various issues in encounters with other religions With passion and clarity Brill argues that in today's world of strong religious passions and intolerance it is necessary to go beyond secular tolerance toward moderate and mediating religious positions *Theological Works: The heavenly arcana disclosed ... which are in Genesis ([v. 1-11]) [and] in Exodus ([v. 12-19])* Emanuel Swedenborg, 1907 The Writings of Tertullian - Volume II Revised Tertullian, 2019-10-15 This second volume in a four book series of the writings of Tertullian focuses on the teachings of a heretic named Marcion This work mainly shows the error of Marcion's theology and the gnostic basis of the teaching Although we no longer have many of the original teachings of the first and second century Gnostics we are able to use works

like this to try and piece them together Tertullian was adamant in showing the error of the Gnostic way of using the Bible and adequately shows the heresy that lies within the fabric of Gnostic thought that made it so dangerous Now in larger print

Large Concordance to the Bible of the Last Translation Allowed by Authority Clement Cotton,1635 **The Freemason and Masonic Illustrated. A Weekly Record of Progress in Freemasonry** ,1872 **The Collateral Bible** William McCorkle,Ezra Stiles Ely, Gregory Townsend Bedell,1828 **This Nation Under God** Charles E. Kistler,1924 **Uarda. The burgomaster's wife** Georg Ebers,1881 **An Exposition of the Old Testament** ,1818 **Chosen and Unchosen** Joel N. Lohr,2009-06-30 Winner of the 2011 RBY Scott Award from the Canadian Society of Biblical Studies Soci t  canadienne des  tudes bibliques The God of the Bible favors a national people Israel and this is at the cost of the other nations In fact not being Israel usually means humiliation or destruction or simply being ignored by God Reading the text with the grain or placing oneself within the chosen s perspective may seem very well until one considers the unchosen There is much regarding the unchosen that has not been explored in scholarly research but in this important work Lohr attempts to make sense of the question of election and nonelection in the OT as a Christian interpreter and with a concern for the history of interpretation and Jewish Christian dialogue He also corrects a Christian tendency to read election and nonelection as love and damnation respectively a perception that is altogether foreign to the OT itself The unchosen are important to the overall world view of Scripture and although election entails exclusion and God s love for the one people Israel is a love in contrast to others it does not follow that the unchosen fall outside of the economy of God s purposes his workings or his ways The unchosen often face important tests of their own and have a responsibility to God and the chosen however much this idea defies modern day notions of fairness It is a central idea of Scripture that already appears in the original call of and promises made to Abram and something that if ignored places our larger understanding of God at risk Equally important if contemporary faith communities both Jewish and Christian form their understanding of the other on a faulty reading of Scripture regarding the unchosen chaos and hatred can ensue The political and religious climate of our contemporary world has never presented a more important time to get this matter right Scholars and students alike are finding Chosen and Unchosen to be an indispensable resource as they mull over these difficult questions The Delphian Course ,1913 The Delphian Course Delphian Society,1922 **A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church, Second Series, Volume 3** Philip Schaff, Henry Wace,2022-04-29 Philip Schaff s classic work colloquially known as The Early Church Fathers is an invaluable resource filled with the primary documents and early theological building blocks for the Christian church Comprised of thirty eight volumes it is broken into three parts the Ante Nicene Fathers and Nicene and Post Nicene Fathers First and Second Series
