have lost connection with who they were These songs and myths were their way of keeping their legacy alive Being there were so many different tribes with countless beliefs and customs the only way to understand their ways is through understanding their stories In this book you will be shown a wide landscape of different tribes and hopefully present a true look at their beliefs and understand the Native American people a little better The mythology of North America is a cultural treasure house but many of these myths and legends are hidden away in various old and rare books It would be difficult for the average person to track down and collect this material because the rarity of some of these books makes them hard to find So this vast body of wisdom lies out of reach of most people until now
