## **Native Speaker Examined Home Two 1st Edition:**

**The Native Speaker Examined Home** John Miles O'Reilly, 1909      **Gaelic Prose in the Irish Free State** Philip O'Leary, 2010-07-01 This is an authoritative account of the a major but neglected aspect of the Irish cultural renaissance prose literature of the Gaelic Revival The period following the War of Independence and Civil War saw an outpouring of book length works in Irish from the state publishing agency An Gum The frequency and production of new plays both original and translated have never been approached since This book investigates all of these works as well as journalism and manuscript material and discusses them in a lively and often humorous manner Publisher description      *Beyond Native-Speakerism* Stephanie Ann Houghton, Damian J. Rivers, Kayoko Hashimoto, 2018-06-14 Despite unsubstantiated claims of best practice the division of language teaching professionals on the basis of their categorization as native speakers or non native speakers continues to cascade throughout the academic literature It has become normative under the rhetorical guise of acting to correct prejudice and or discrimination to see native speakerism as having a single beneficiary the native speaker and a single victim the non native speaker However this unidirectional perspective fails to deal with the more veiled systems through which those labeled as native speakers and non native speakers are both cast as casualties of this questionable bifurcation This volume documents such complexities and aims to fill the void currently observable within mainstream academic literature in the teaching of both English and Japanese foreign language education By identifying how the construct of Japanese native speaker mirrors that of the native speaker of English the volume presents a revealing insight into language teaching in Japan Further taking a problem solving approach this volume explores possible grounds on which language teachers could be employed if native speakerism is rejected according to experts in the fields of intercultural communicative competence English as a Lingua Franca and World Englishes all of which aim to replace the native speaker model with something new      **The Prose Literature of the Gaelic Revival, 1881-1921** Philip O'Leary, 1994-04-15 The Gaelic Revival has long fascinated scholars of political history nationalism literature and theater history yet studies of the period have neglected a significant dimension of Ireland s evolution into nationhood the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity citing documents such as editorials columns speeches letters and literary works that were influential at the time but all too often were published only in Irish or were difficult to access Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O Leary addresses the many debates and questions concerning Irish writing of the period His study

is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism      **The Publishers' Circular and Booksellers' Record** ,1909      **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1909      **The Publisher** ,1909      **British Books** ,1910      *The English Catalogue of Books* Sampson Low,1926 Volumes for 1898 1968 include a directory of publishers      *General Catalogue of Printed Books* British Museum.
