Rubin, 2001 Since the foundation of the Atlantic Alliance after World War II the face of world politics and consequently of NATO has changed dramatically NATO after Fifty Years examines from a wide range of perspectives the past present and future of the alliance now in the throes of its most uncertain period The contributors to this volume bring a diversity and breadth of perspectives that will make this book an invaluable teaching tool for courses relating to U S defense policy arms control and the military in politics international organizations war and peace international conflict and government and politics in Europe **The EU, NATO and the Integration of Europe** Frank Schimmelfennig, 2003-12-18 Why did Western European states agree to the enlargement of the EU and NATO Frank Schimmelfennig analyzes the history of the enlargement process and develops a theoretical approach of rhetorical action to explain why it occurred While rationalist theory explains the willingness of East European states to join the NATO and EU it does not explain why member states decided to admit them Using original data Schimmelfennig shows that expansion to the East can be understood in terms of liberal democratic community building Drawing on the works of Jon Elster and Erving Goffman he demonstrates that the decision to expand was the result of rhetorical action Candidates and their supporters used arguments based on collective identity norms and values of the Western community to shame opponents into acquiescing to enlargement This landmark book makes an enormous contribution to theory in international relations and to the study of European politics *NATO Enlargement* László Nagy, 1997 *Military Law Review*, 1999 Russia, NATO and Cooperative Security Lionel Ponsard, 2006-11-22 This is a comprehensive study of NATO Russian relations since the Cold War Author is a military professional who works as a NATO research advisor Book will be assigned reading at the NATO Defense College Senior Course about 160 people p a and the Senior Staff Officer Course of the NATO School about 800 people p a Will appeal to students of NATO Russian politics IR and security studies in general **NATO's Northern Enlargement** Tuomas Forsberg, Magnus Christiansson, 2025-06-24 Europe's security environment was fundamentally altered by Russia's invasion of Ukraine which gave fresh impetus to states to apply for NATO membership This book written by leading experts on European defence analyses NATO's northern expansion detailing the unique dynamics that forged Finland and Sweden's path to NATO membership The book uses resources in Swedish Finnish and English to offer a balanced study of both political and military aspects of NATO enlargement Exploring the pressing issues that NATO will need to tackle particularly in Northern Europe the book considers the potential repercussions the newest round of NATO enlargement will have on European and global security Defending the West James Gow, 2005 This text provides a timely contribution to current debates about 21st century security challenges and draws on a range of contemporary world events to illustrate its arguments *Small Baltic States and the Euro-Atlantic Security Community* Sandis Sraders, 2020-09-02 This book analyzes
