*Antebellum Light Skinned Slaves to the Globalization of Skin Whitening Biotechnology* Amina Mire, 2025-03-15 From *Antebellum Light Skinned Slaves to the Globalization of Skin Whitening Biotechnology* takes historically grounded analysis and delineates how the skin whitening industry has become a contemporary site that facilitates commodification of unregulated whiteness on a global scale Amina Mire investigates the extent to which antebellum South anti miscegenation racial purity laws facilitated unofficial interracial reproduction of light skinned slaves resulting primarily from a systemic rape of enslaved Black women by white slave masters This is because while different in terms of historical context what the unregulated globalization of the skin whitening industry and the antebellum unofficial reproduction and trade in light skinned slaves have in common is the unofficial and unregulated nature of the accumulation of economic symbolic and aesthetic investment in whiteness The central argument of this book is that commodifiable whiteness is a form of racial capital with profound health social and political implications Consequently as long as whiteness remains a salient ideological force that shapes global understanding of standards of beauty and desirability commodification of whiteness will continue to further entrench systems of racism and colorism The author argues this requires taking seriously the resilience and malleability of white supremacy and its ability to rebrand itself endlessly

Laura Locke ignored the warnings of local superstition and played among the burnt out ruins of Magnolia a Tennessee plantation that had been forcibly occupied by the Union Army and then laid to waste during the bloody Battle of Franklin in 1864 She had always thought the ghost stories and tall tales to be untrue until the night when she witnessed it for herself High among the blackened columns of the old mansion upon a balcony with no floor stood the forlorn specter of Jessica

Heller Rather than fright or horror Laura had felt empathy for the lost soul along with a strange kinship She told herself then and there that she would someday own the old house and discover the truth concerning the violent scourge of Magnolia and what had truly become of its lonesome mistress who had mysteriously vanished without a trace Years later as a bestselling author of steamy romance novels Laura's dream of owning the deserted plantation became a reality After much construction and remodeling the old mansion was every bit as majestic as it had been during the prosperous years of the Old South before the devastation of the Civil War She thought life for her and her husband Rick would be peaceful and idyllic But then strange and disturbing occurrences began to take place A weeping woman in the garden A haggard man digging feverishly by the light of a coal oil lantern The horrifying shadow of a man hanging from the limb of an ancient oak tree And worst of all a malevolent and destructive poltergeist that seemed particularly resentful of her husband's presence When a world renowned ghost hunter a man in search of his ancestral heritage and two local historians arrive at Magnolia Laura hopes that the terror that stalks Magnolia will finally be put to rest Instead things begin to spiral out of control leading toward a violent and bloody confrontation that somehow mirrors the deadly events that took place there over a century before *San Francisco Daily Times*, 1902

**Scarlett Johansson** Janice Loreck, Whitney Monaghan, Kirsten Stevens, 2019-12-03 Screening Scarlett Johansson Gender Genre Stardom provides an account of Johansson's persona work and stardom extending from her breakout roles in independent cinema to contemporary blockbusters to her self-parodying work in science fiction Screening Scarlett Johansson is more than an account of Johansson's career it positions Johansson as a point of reference for interrogating how femininity sexuality identity and genre play out through a contemporary woman star and the textual manipulations of her image The chapters in this collection cast a critical eye over the characters Johansson has portrayed the personas she has inhabited and how the two intersect and influence one another They draw out the multitude of meanings generated through and inherent to her performances specifically looking at processes of transformation metamorphosis and self deconstruction depicted in her work

Imperfekt Heidi Patullo, 2016-07-16 When young author Heidi Patullo bought into the labels donned on her smart pretty talented and Miss Perfect and for several years her choices both academic and personal reflected a fierce dedication to this identity Superficially it worked And yet even as a young adult Patullo knew it was for show merely a veneer of perfection and excellence and certainly not her chosen identity A born pleaser she dismayed over disappointing those whom she felt counted on her being the woman they believed her to be And so she maintained the many acts downplaying and silencing her own personal need to become the truest version of herself Ultimately however when she found the courage to make the heart wrenching choice to split up her perfect young family she sent a message loudly and clearly that all was not as it appeared Or certainly not in her personal world But shed only just begun To act out And to grow up This middle aged mother and teacher would need several years to get it right Nevertheless she was determined to become the genuine and genuinely happy woman she longed to be Anyone and everyone could see she was imperfect She handed that to them
