Primer Of Italian Fascism:

A Primer of Italian Fascism Jeffrey Thompson Schnapp, Olivia E. Sears, Maria G. Stampino, 2000-01-01 A Primer of Italian Fascism makes available for the first time in English translation the key documents pertaining to one of our century's defining mass political movements Whereas existing anthologies survey Fascist writings in a multiplicity of national settings A Primer of Italian Fascism opts for a tightly focused in depth approach that emphasizes the development of Fascist ideology in the country of its birth Historically speaking Italian Fascism was the original Fascism The model for subsequent movements including Nazism Falangism and Integralism Italian Fascism set out to define a third way to modernization known as corporatism A Primer of Italian Fascism situates the rise and fall of corporatist ideals within the framework of the actual history of Mussolini's movement and regime It includes not only classic doctrinal statements such as Mussolini's Foundations and Doctrine of Fascism and writings by corporatist theorists such as Bottai Pellizzi Rocco and Spirito but also an array of fundamental political and juridical documents including the party platforms adopted by the Fascist combat brigades the 1938 Manifesto of Race the 1940 Manifesto of Verona and the Fascist labor and school charters By making available such an extensive array of source texts A Primer of Italian Fascism aims to open up for the English reader a more complex and complete vision of Fascism both in Italy and beyond

Italian Reactionary Thought and Critical Theory A. Righi, 2016-04-30 Contemporary critical theory has customarily been dominated by French and German thought However a new wave of Italian thinkers has broken ground for new theoretical inquiries This book seeks to explain and defend the new wave of Italian critical thought providing context and substance behind the praxis of this emerging school

Paul, 2016-06-21 By bringing Italian primary sources and new approaches to the cultural project of Mussolini's regime to bear on Ezra Pound's prose work this book shows how Pound's modernism changed as a result of involvement in Italian politics and culture

Fascism, and the Doctrine of National Socialism H.R. Morgan, 2015-12-16 What this all adds up to is the re-establishment of freedom Freedom to be ourselves to have the right to our feelings to have the right to our own thoughts to have the right to free speech whatever it is that we have to say and to say it whenever and wherever we find ourselves To have the right to see the truth in all things as we are able to perceive it To deliberately recognize the reality that surrounds us as we engage in the continual struggle for genuineness Keeping it real is good for all people without this faculty fantasy and prevarication takes over Our culture is our social environment We need to have the power and the will to protect it It is the womb of our civilization Our innately personal ideals as well as our interpersonal social norms mores and colloquialisations our national integrity is being cancelled out by the corrupt regime in Congress and the Federal courts We all have the right to live within the society and culture we were born into at the very least the right to our own individuality to our own opinions and to express our love of who and what we are Unfortunately the current phase that the Federal government has lapsed into is one of denying all of

these rights to the degree that the Bill of Rights is superseded Citizenship has become superfluous It is time to get radical It is past time for citizens to revolt Otherwise this will soon become no different than any other oppressed country with the federal tyranny of the D C Treason Regime HRM

Fascism Federico Marcon, 2025-06-06 A wide ranging history of the term fascism what it has meant and what it means today The rise and popular support for authoritarianism around the world and within traditional democracies have spurred debates over the meaning of the term fascist and when and whether it is appropriate to use it The landmark study *Fascism The History of a Word* takes this debate further by tackling its most fundamental questions How did the terms fascism and fascist come to be in the first place How and in what circumstances have they been used How can they be understood today And what are the advantages or disadvantages of using fascism to make sense of interwar authoritarianism as well as contemporary politics Exploring the writings and deeds of political leaders activists artists authors and philosophers Federico Marcon traces the history of the term s use and usefulness in relation to Mussolini s political regime antifascist resistance and the quest of postwar historians to develop a definition of a fascist minimum This investigation of the semiotics of fascism also aims to inquire about people s voluntary renunciation of the modern emancipatory ideals of freedom equality and solidarity

The Fascists and the Jews of Italy Michael A. Livingston, 2014-04-21 Describes the history and nature of the Italian Race Laws during the period 1938-43 when Italy was independent of German control

Mussolini's Theatre Patricia Gaborik, 2021-05-06 A vividly written portrait of Benito Mussolini whose passion for the theatre profoundly shaped his ideology and actions as head of fascist Italy This consistently illuminating book transforms our understanding of fascism as a whole and will have strong appeal to readers in both theatre studies and modern Italian history

Subaltern Political Subjectivities and Practices in the Nineteenth and Twentieth Centuries Karen Lauwers, Sami Suodenjoki, Marnix Beyen, 2023-06-09 Approaching subalternity from a broad Gramscian angle this edited collection contributes to the understanding of popular politics in parliamentary autocratic and colonial contexts The book explores individual stories and micro histories of complaints requests rumors and other mediated and unmediated interactions between political institutions and the subjects they claimed to govern or represent It challenges the approaches of institutionally oriented political historiography and its attention to the top down construction of political representation citizenship and power and powerlessness The book discusses more subtle forms of agency and the spaces these pertained to which could indicate contestation or resistance taking place within a framework of loyalty towards the existing political institutions This research does not only bridge the divide between political and apolitical frames of reference but it also provides a new perspective on the dichotomy between loyalty and resistance by acknowledging the nuances of these seemingly opposing stances With case studies from Europe North Africa South America and India the chapters cover political communication in proto democratic democratic imperial and authoritarian contexts This volume is crucial reading for undergraduates postgraduates and scholars in history and social sciences who are interested in political

culture and the mechanisms of negotiating local national or imperial identities Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution 4.0 International CC BY 4.0 license

Gabriele d'Annunzio Lucy Hughes-Hallett, 2013-08-20 Godfather to Mussolini national hero of Italy and the WWI irredentist movement literary icon of Joyce and Pound lover of actress Eleonora Duse here is Lucy Hughes Hallett's extraordinary biography of Gabriele d'Annunzio poet bon vivant harbinger of Italian fascism Gabriele d'Annunzio was Italy's premier poet at a time when poetry mattered enough to trigger riots A brilliant self publicist in the first age of mass media he used his fame to sell his work seduce women and promote his extreme nationalism In 1915 d'Annunzio's incendiary oratory helped drive Italy to enter the First World War in which he achieved heroic status as an aviator In 1919 he led a troop of mutineers into the Croatian port of Fiume and there a delinquent city state Futurists anarchists communists and proto fascists descended on the city So did literati and thrill seekers drug dealers and prostitutes After fifteen months an Italian gunship brought the regime to an end but the adventure had its sequel three years later the fascists marched on Rome belting out anthems they'd learned in Fiume as Mussolini consciously modeled himself after the great poet At once an aesthete and a militarist d'Annunzio wrote with equal enthusiasm about Fortuny gowns and torpedoes and enjoyed making love on beds strewn with rose petals as much as risking death as an aviator Lucy Hughes Hallett's stunning biography vividly recreates his flamboyant life and dramatic times tracing the early twentieth century's trajectory from Romantic idealism to world war and fascist aggression

Italian Fascism and Spanish Falangism in Comparison Giorgia Priorelli, 2020-07-01 This book compares the Italian Fascist and the Spanish Falangist political cultures from the early 1930s to the early 1940s using the idea of the nation as the focus of the comparison It argues that the discourse on the nation represented a common denominator between these two manifestations of the fascist phenomenon in Mussolini's Italy and Franco's Spain Exploring the similarities and differences between these two political cultures this study investigates how Fascist and Falangist ideologues defined and developed their own idea of the nation over time to legitimise their power within their respective countries It examines to what extent their concept of the nation influenced Italian and Spanish domestic and foreign policies The book offers a four level framework for understanding the evolution of the fascist idea of the nation the ideology of the nation the imperial projects of Fascism and Falangism race and the nation and the place of these cultures in the new Nazi continental order In doing so it shows how these ideas of the nation had significant repercussions on fascist political practice
