*Red China's Green Revolution* Joshua Eisenman,2018-04-24 China s dismantling of the Mao era rural commune system and return to individual household farming under Deng Xiaoping has been seen as a successful turn away from a misguided social experiment and a rejection of the disastrous policies that produced widespread famine In this revisionist study Joshua Eisenman marshals previously inaccessible data to overturn this narrative showing that the commune modernized agriculture increased productivity and spurred an agricultural green revolution that laid the foundation for China s future rapid growth *Red China s Green Revolution* tells the story of the commune s origins evolution and downfall demonstrating its role in China
