Graybill, 2013-10-07 Winner of the Labriola Center American Indian National Book Award One of the American West's bloodiest and least known massacres is searingly re-created in this generation spanning history of native white intermarriage At dawn on January 23 1870 four hundred men of the Second U S Cavalry attacked and butchered a Piegan camp near the Marias River in Montana in one of the worst slaughters of Indians by American military forces in U S history Coming to avenge the murder of their father a former fur trader named Malcolm Clarke who had been killed four months earlier by their Piegan mother's cousin Clarke's own two sons joined the cavalry in a slaughter of many of their own relatives In this groundbreaking work of American history Andrew R Graybill places the Marias Massacre within a larger three generation saga of the Clarke family particularly illuminating the complex history of native white intermarriage in the American Northwest *Chasing Sunrise* Emily Mah, Liana Linacre thought she was in love but what began as her fantasy romance ended with a curse that threatens her life and everything she loves Orphaned and alone she barely escapes the dark forces that want her soul Corban Alexander belongs to an ancient order of vampire hunters

and wants to kill everyone who is demon touched He knows that the creatures who want Liana dead will find her again before long Liana must fight if she wants to live while Corban must decide if he can love a girl who made the one mistake he believes is unforgivable No one mortal or immortal has ever won against the evil that plagues Liana but if she and Corban can work together they might just defy the laws of the universe

Initiation Thomas Kirsch, Virginia Beane Rutter, Thomas Singer, 2016-11-10 This book builds on the vast clinical experience of Joseph L Henderson who became interested in initiatory symbolism when he began his analysis with Jung in 1929 Henderson studied this symbolism in patients dreams fantasies and active imagination and demonstrated the archetype of initiation in both men and women s psychology After Henderson s book was republished in 2005 Kirsch Beane Rutter and Singer brought together this collection of essays to allow a new generation to explore the archetype of initiation Initiation The Living Reality of an Archetype demonstrates how the archetype of initiation is seen clinically today Divided into distinct parts the book explores the archetype of initiation in Dr Henderson s own life as well as suggesting its importance in clinical practice culture aging and death The chapters in this book amplify and extend the archetype of initiation from the earliest historical periods up to the present day The editors argue that initiation symbolism often underlies contemporary phenomena but is rarely recognized Initiation helps to bring a new understanding to these experiences This book will be of interest to psychotherapists with an interest in psychoanalysis and analytical psychology as well as those training at analytic institutes
