Failure L. Roselle, 2006-09-02 Roselle analyzes how political leaders of powerful states use media to explain military defeats. The cases of the United States in Vietnam and the Soviet Union in Afghanistan highlight the role of great power identity, domestic politics and media structure.

Kosovo Mary Buckley, Sally Cummings, 2001-01-01 NATO intervention in Kosovo marked a major turning point in post cold war international relations. While some western commentators argued that it was the first war to be fought on purely moral grounds, Serbian, Russian and Chinese assessments were sharply different. This highly original addition to the literature on Kosovo highlights the importance of perspective to an understanding of both the causes and consequences of war. It makes clear that the conceptual lenses, paradigms or frameworks through which political actors view reality in turn affect their understanding of the behaviour of others and their reactions to it. The authors, a team of regional experts on the countries covered, examine the way the war has been understood in countries involved in and peripheral to the conflict. Their aim is to provide a broad yet highly nuanced picture of this focal point of Balkan unrest. The book opens with an introduction to the historical and regional context of the conflict. The authors go on to present twelve case studies ranging from Serbia and the other former Yugoslav republics to the USA and to China. These detailed regional studies highlight the considerable variation in the key states' perceptions of their national interest and their perceptions of what constitutes legality or legitimacy. In each case domestic constraints are explored and the ways in which differing perspectives of political and military leadership fed into the crisis are examined. Further thematic chapters determine the war's consequences and the lessons to be drawn in terms of the wider issues of refugees, humanitarian intervention, European security and geopolitics.

A History Of Russia Volume 2 Walter G. The Soviet Transition Ottorino Cappelli, Rita di Leo, Stephen White, 2014-04-08 Of course we watched it all on television day by day as the Evil Empire transmuted into the Circus Bear, but seeing it and knowing what to think about it are not the same. Scholars from eastern and western Europe and North America help out in 14 papers from an April 1992 conference in Naples.

Soviet Fates and Lost Alternatives Stephen F. Cohen, 2009-06-23 In this wide ranging and acclaimed book Stephen F. Cohen challenges conventional wisdom about the course of Soviet and post Soviet history. Reexamining leaders from Nikolai Bukharin, Stalin's preeminent opponent, and Nikita Khrushchev to Mikhail Gorbachev and his rival Yegor Ligachev, Cohen shows that their defeated policies were viable alternatives and that their tragic personal fates shaped the Soviet Union and Russia today. Cohen's ramifying arguments include that Stalinism was not the predetermined outcome of

the Communist Revolution that the Soviet Union was reformable and its breakup avoidable and that the opportunity for a real post Cold War relationship with Russia was squandered in Washington not in Moscow This is revisionist history at its best compelling readers to rethink fateful events of the twentieth and early twenty first centuries and the possibilities ahead In his new epilogue Cohen expands his analysis of U S policy toward post Soviet Russia tracing its development in the Clinton and Obama administrations and pointing to its initiation of a new Cold War that he implies has led to a fateful confrontation over Ukraine

Gender and housing in Soviet Russia Lynne Attwood, 2013-07-19 This book explores the housing problem throughout the 70 years of Soviet history looking at changing political ideology on appropriate forms of housing under socialism successive government policies on housing and the meaning and experience of home for Soviet citizens She examines the use of housing to alter gender relations and the ways in which domestic space was differentially experienced by men and women Much of Attwood's material comes from Soviet magazines and journals which enables her to demonstrate how official ideas on housing and daily life changed during the course of the Soviet era and were propagandised to the population Through a series of in depth interviews she also draws on the memories of people with direct experience of Soviet housing and domestic life Attwood has produced not just a history of housing but a social history of daily life which will appeal both to scholars and those with a general interest in Soviet history
