project Written by an international team of specialists the Routledge Encyclopedia of Second Language Acquisition is an invaluable resource for students and researchers with an academic interest in SLA **Explorations of Language Transfer** Terence Odlin, 2022-05-13 When learners of a new language draw on their native language or on any other that they may know this earlier acquired linguistic knowledge may influence their success Such cross linguistic influence also known as language transfer has long raised questions about what linguists can predict about success in the new language and about what processes are involved in using prior knowledge This book lucidly brings together many insights on transfer e g on the relation between translation and transfer the relation between comprehension and production and the problem of how complete any predictions of difficulty may ever be The discussions also explore implications for future research and for classroom practice The book will thus serve as a reliable guide for teachers researchers translators interpreters and students curious about language contact The Solution to the 'Son of Man' Problem Maurice Casey, 2009-09-01 The opening chapter surveys the history of scholarship regarding the problematic use of the phrase son of man in the New Testament It also explains why this problem could not be solved until recently Casey then presents the relevant Aramaic evidence He offers a careful discussion of the use of the Aramaic term son of man in the light of over 30 examples of the use of this term by speakers who are referring to themselves Chapters 4-9 discuss authentic examples of this idiom in the teaching of Jesus with Aramaic reconstructions of each saying All but one of these sayings is found in Mark or Q There is then a full discussion of secondary sayings in the Synoptic Gospels The first ones dependent on Daniel 7:13 belong to the earliest Gospel which also contains the results of translating genuine sayings of Jesus from Aramaic into Greek There is a discussion of the transition process between authentic Aramaic sayings of Jesus and Greek son of man sayings in the synoptic Gospels This argument builds on work in the field of translation studies and the work of ancient translators especially of the Septuagint Casey argues that Gospel translators deliberately translated both literally and creatively to produce a new Christological title It is this tradition that is evident in the Fourth Gospel its son of man sayings fit perfectly into Johannine theology The final chapter draws together a complete solution to this difficult problem **Age, Accent and Experience in Second Language Acquisition** Alene Moyer, 2004-03-16 This work critically addresses the age debate in second language acquisition studies presenting an in depth study of factors that predict foreign accent Quantitative and qualitative analyses confirm that cognitive social and psychological factors contribute to attainment and that biological influences must therefore be considered alongside these essential aspects of learner experience **Routledge Encyclopedia of Language Teaching and Learning** Michael Byram, 2004 This handbook deals with all aspects of contemporary language teaching and its history Produced for language teaching professionals it is also useful as a reference work for academic studies at postgraduate level Adquisició de l'anglès com a segona llengua María Luz Celaya Villanueva, 2005-05-23 En el context dels nous ensenyaments i en el nostre cas amb la implantació d'assignatures de Lingüística Aplicada Anglesa per primera vegada el curs
