*Rediscovering the Classics* Ruth Townsend, Marcia Lubell, 1999      **Women Re-Creating Classics** Emily Hauser, Helena Taylor, 2025-06-12 In the last few years there has been a major and unmissable surge in women's retellings and re-creations of ancient myths and texts that has put women's re-creations of Classics centre stage Drawing together an interdisciplinary range of creative and scholarly voices this volume asks why classical creative retellings by women are so popular now and considers what creativity can do to foster new ways of thinking and writing about Classics thus blurring the boundary between the creative and the critical Contributors engage with debates on how to make Classics more accessible through the medium of creative works so that it is not just a discipline for the select few This second volume in a two volume set brings together original creative work by some of the many women writers who are pushing forward changes in the landscape of re-creating Classics from Madeline Miller to Jennifer Saint Emily Hauser Caroline Lawrence Roz Kaveney Nikita Gill Fiona Benson Anne Carson and many more These are set alongside discussions and interviews between writers and academics roundtable conversations among poets and critics and reflections on creative and inclusive pedagogy thus offering a cutting edge collaboration between practitioners and researchers and underlining the centrality of women's re-creations of Classics to the contemporary shaping of the field      **Resources in Education** ,1998      **English Journal** ,2000      **American Book Publishing Record** ,2000      *Rediscovering Value* Geary A. Rummler, Alan J. Ramias, Cherie L. Wilkins, 2011-01-13 To paraphrase a number of philosophers the major challenge any executive or manager and especially any CEO faces is that his or her experience of the reality of the organization is not the same as the reality itself How then does an executive 1 develop a more accurate and complete representation of the organization 2 identify critical business issues and improvement opportunities across this system 3 design a way forward and 4 install the feedback and measurement mechanisms necessary to ensure the organizational system delivers the performance and stays on course This is where this book comes into its own Michael DeNoma president and CEO Chinatrust Commercial Bank Every CEO or executive managing a business should read and understand *Rediscovering Value* if they want to effectively lead and manage their company Leading a company without an understanding of the value and resource dimensions and how to manage them is like flying an airplane without a navigation system The team at PDL has done an unbelievable job of describing the principles of an organization and how to effectively organize lead and manage the enterprise Our company used PDL's systems approach to planning and managing and it was like turning on the lights in a dark room Our people became process and work focused and morale improved dramatically as we moved away from the silo approach of running a business *Rediscovering Value* is a must read for any executive Steve Hassenfelt CEO Granville Capital Inc From author of the acclaimed *Improving Performance* an exploration of the concept of Value Management and technology comes the next step resource that introduces the transformation model *Rediscovering Value* gives a preliminary description of the SOE phase and covers the dimensions of the model The book

dissects each phase of the model and describes what is accomplished along each dimension the criteria to reach the next phase and the key challenges of each phase Stabilize Optimize Exploit in detail It lays out the success factors for effective process design improvement and management Rediscovering the Dead Sea Scrolls Maxine L. Grossman,2010-06-28 Fifteen respected DSS scholars representing diverse perspectives offer here a window into the scholarly study of these ancient texts Rediscovering the Dead Sea Scrolls introduces readers to a wide range of established and experimental treatments of the Scrolls including paleography archaeology manuscript analysis and a variety of literary historical and social scientific approaches The authors provide not only an introduction to a given approach but also a more self reflective assessment of the limits of their approaches and the potential pitfalls associated with them From publisher description

*Rediscovering the Spirit* Lowell Greathouse,2020-10-16 How do we come together when things around us are falling apart What is the best way forward when we are faced with political turmoil a global pandemic civil unrest and spiritual wandering Rediscovering the Spirit is an exploration of the critical spiritual principles we need to understand and embrace in our current social reality The book focuses on the nature of the inward out movement and how to deal with current social barriers that cause deep division and alienation We can come together in whole and harmonious ways when we rediscover and activate our spiritual lives through centering framing practicing and learning how to live with others *Jesus, Skepticism, and the Problem of History* Zondervan,2019-10-08 In recent years a number of New Testament scholars engaged in academic historical Jesus studies have concluded that such scholarship cannot yield secure and illuminating conclusions about its subject arguing that the search for a historically authentic Jesus has run aground Jesus Skepticism and the Problem of History brings together a stellar lineup of New Testament scholars who contend that historical Jesus scholarship is far from dead These scholars all find value in using the tools of contemporary historical methods in the study of Jesus and Christian origins While the skeptical use of criteria to fashion a Jesus contrary to the one portrayed in the Gospels is methodologically unsound and theologically unacceptable these criteria properly formulated and applied yield positive results that support the Gospel accounts and the historical narrative in Acts This book presents a nuanced and vitally needed alternative to the skeptical extremes of revisionist Jesus scholarship that on the one hand uses historical methods to call into question the Jesus of the Gospels and on the other denies the possibility of using historical methods to learn about Jesus

**The Cairo Genizah and the Age of Discovery in Egypt** Rebecca J. W. Jefferson,2022-01-27 The Cairo Genizah is considered one of the world s greatest Hebrew manuscript treasures Yet the story of how over a quarter of a million fragments hidden in Egypt were discovered and distributed around the world before becoming collectively known as The Cairo Genizah is far more convoluted and compelling than previously told The full story involves an international cast of scholars librarians archaeologists excavators collectors dealers and agents operating from the mid nineteenth to the early twentieth century and all acting with varying motivations and intentions in a race for the spoils Basing her research on a wealth of archival materials Jefferson reconstructs how these protagonists used their various networks to create key alliances or to blaze lone trails each one on a quest to recover ancient manuscripts Following in their footsteps she takes the reader on a journey down into ancient caves and tombs under medieval rubbish mounds into hidden attic rooms vaults basements and wells along labyrinthine souks and behind the doors of private clubs and cloistered colleges Along the way the reader will also learn about the importance of

establishing manuscript provenance and authenticity and the impact to our understanding of the past when either factor is in doubt **The Cambridge Companion to Greek Tragedy** P. E. Easterling, 1997-10-02 As a creative medium ancient Greek tragedy has had an extraordinarily wide influence many of the surviving plays are still part of the theatrical repertoire and texts like Agamemnon Antigone and Medea have had a profound effect on Western culture This Companion is not a conventional introductory textbook but an attempt by seven distinguished scholars to present the familiar corpus in the context of modern reading criticism and performance of Greek tragedy There are three main emphases on tragedy as an institution in the civic life of ancient Athens on a range of different critical interpretations arising from fresh readings of the texts and on changing patterns of reception adaptation and performance from antiquity to the present Each chapter can be read independently but each is linked with the others and most examples are drawn from the same selection of plays

**Transformations of Tradition** Junaid Quadri, 2021 Transformations of Tradition probes how the encounter with colonial modernity conditioned Islamic jurists conceptualizations of the shari'a Focusing on the jurisprudential writings of Muhammad Bakhit al Muti i 1854 1935 Mufti of Egypt for a time Junaid Quadri locates a remarkable series of foundational intellectual shifts that throw into doubt the possibility of reading the modern trajectory of Islamic law through the lens of a continuous tradition Through close readings of complex legal texts and mining archives oft neglected in the field this carefully researched study uncovers a shari'a that is neither a medieval holdover nor merely a pragmatic concession to the demands of a new world but rather is deeply entangled with the epistemological commitments of colonial modernity

**Grounded** Ryan D. Harker, Janeen Bertsche Johnson, 2016-01-28 For many of us the connection between the ecological crisis and humanity's detachment from the land is becoming increasingly clear In biblical terms Adam humanity has severed itself from the Adamah soil and we creation are reaping the consequences This collection of essays and the conference from which it took shape calls the church to root itself more deeply in the agrarian biblical text and ecclesial tradition in order to

remember and freshly imagine ways of living on and with the land that are restorative reconciling and faithful to the triune God's invitation to new life in Christ. When we listen attentively to and patiently learn from the biblical text, church history and theology, the land itself can become a conversation partner and we are summoned to recognize that the gospel is reserved not simply for humanity but for the whole of creation.
