Reflection On Vietnam Revised Edition:

Reflection on Vietnam Guy Jones, 2004-02 **Reflection On Vietnam** Guy L. Jones, 2004-02 New York was paralyzed by a truckers strike instigated by terrorists Grasping for supplies brought out the inhumane where in stores they fought for food leaving shelves empty In Switzerland two determined Americans risked their lives to discover the terrorist plot The couple fell in love spending a grand evening at a mountain tavern and inn With high spirits and locked arms they sang along with a rollicking crowd But after they left the next morning an avalanche covered the tavern and inn killing all there Saddened the couple followed the trail of the terrorists where they faced fearful intrigue Now they were in the midst of a dangerous game Locked in a large church bell tower they came horribly close to losing their lives A terrorist cell planned the couple's death when the bells clanged with intense loudness But by ingenuity they escaped and alerted authorities Throughout their journey the couple fell deeper in love They were tempted to stay in Switzerland which by then was much safer than the US suffering through massive small pox deaths as well as suicide bombings Yet when news came that the terrorists had hit the Statue of Liberty the patriotic couple flew back to help their beloved country America *Unraveling Vietnam* William R. Haycraft, 2015-01-09 The Vietnam War coincided with and in many ways caused an enormous cultural schism in the United States Now as then scholarship is divided over the efficacy of American Cold War strategy its ability to halt the spread of communism in Southeast Asia and the role the United States should have played in the struggle for a unified socialist Vietnam This book represents a new historical take on the Vietnam War After a lengthy description of the war's historical backdrop the book examines the origins of American involvement under the Truman and Eisenhower administrations Kennedy's advancement toward direct conflict between the U S and guerrilla and regular North Vietnamese forces and the dramatic troop buildup under Johnson The final chapters discuss peace negotiations during Nixon's presidency the ultimate American failure in Indochina and the region in the aftermath of war Throughout the work argues that the war was necessary and winnable under better circumstances and leadership The book includes an extensive bibliography **Reflections in a Bloodshot Lens** Lawrence Pintak, 2006-01-20 There exists today a tragic rift between Americans and the world's Muslims Yet in the immediate aftermath of 9 11 there was widespread sympathy for the US throughout the Muslim world This book explores what happened It examines the disconnect that leads Americans and Muslims to view the same words and images in fundamentally different ways Partly a result of a centuries old us against them dichotomy the problem is exacerbated by an increasingly polarised media and by leaders on both sides who either don't understand or don't care what impact their words and policies have in the world at large *Reflections in a Bloodshot Lens* argues that the Arab media revolution and the rise of patriot journalists in the US marginalised voices of moderation distorting perceptions on both sides of the divide with potentially disastrous results *Reflections on the Vietnam War* Cao Van Vien, Van Khuyen Dong, 1980 *Historical Reflections* , 2002 **New Perceptions of the Vietnam War** Nathalie

Without Honor Arnold R. Isaacs,2022-11-09 In a new and updated second edition this book first published in 1983 provides a detailed review of the end of the Vietnam War Drawing on the author s eyewitness reporting

and extensive research the book relies on carefully reported facts not partisan myths to reconstruct the war's last years and harrowing final months. The catastrophic suffering those events brought to ordinary Vietnamese civilians and soldiers is vividly portrayed. The largely unremembered wars in Cambodia and Laos are examined as well while new material in an updated final chapter points out troubling parallels between the Vietnam War and America's wars in Iraq and Afghanistan.

Reflections of a Police Psychologist Jack A. Digliani PhD EdD, 2022-10-24 *Reflections of a Police Psychologist* is an interesting journey through the experiences, thoughts, and observations of a seasoned police veteran. It is written for police officers and those who would like a glimpse into the world of policing from the perspective of a police psychologist. Topics of discussion include transitioning into policing, police and personal stress, surviving critical incidents, police peer support teams, police marriage and family, coping with death and loss, mental illness, interacting with persons that are mentally ill, suicide, and life after a police career. The insights of Dr. Digliani apply equally well to those outside of the policing profession. Jack A. Digliani is a psychologist and former deputy sheriff, police officer, and detective. He has served as the police psychologist and peer support team clinical supervisor for the Fort Collins Police Services, the Loveland Police Department, and the Larimer County Sheriff's Office.

Travelogues and Reflections Laszlo Gyermek, 2015-07-24 This book is about the travels of Laszlo Gyermek MD PhD, a retired physician and researcher who has immigrated to the USA from Hungary in 1957 after the defeat of the uprising against the Soviet occupation and oppression of his native country. The source of his travelogues has been the numerous trips he has taken from the United States to more than sixty countries, particularly in the last three decades, which encompass mostly recreational trips, vacations, reflecting the author's wide-ranging interests in geographic and cultural explorations all over the world but particularly in Europe where he has established two regional residences: one in Southern France in 1983 and another one in Budapest, Hungary in 2000. From these bases he originated many of these trips. The book is narrated in a unique, perhaps scattered and unusual style, considering the many destinations in different time frames, often repeatedly, and covering the common practical aspects of today's travels into foreign lands, from ticket purchases to challenges during travel, e.g., jet lag and other health problems. There is varied information from many social, economical, educational, and artistic aspects about many European countries, first, and in the second half of the book, encountered in several overseas countries on five continents. The last part of the book deals with episodes in selected cities in the United States and abroad, often with a humoristic veneer. In essence, the reader is presented with a lot of material and with analytically aspired but often critical and subjective stories. Still, the author believes that the contents are worth going through and pondering about.

Bureaucracies at War Tyler Jost, 2024-06-27 Rethinks how bureaucracy shapes foreign policy; miscalculation is less likely when political leaders can extract quality information from the bureaucracy.

Critical Reflections on the Cold War Martin J. Medhurst, H. W. Brands, 2000 Rhetoric and history intersected dramatically during the Cold War, which was above all else a war of words. This volume, which combines the work of historians and communication

scholars examines the public discourse in Cold War America from a number of perspectives including how rhetoric shaped history and policies and how rhetorical images invited interpretations of history The book opens with Norman Graebner s wideranging analysis of the rhetorical background of the Cold War Frank Costigliola then parses Stalin s speech of February 1946 an address that many in the West took as a declaration of war by the USSR The development of NSC68 in 1950 often referred to as America s blueprint for fighting the Cold War is the subject of Robert P Newman s review Shawn J ParryGiles and J Michael Hogan then focus on American propaganda responses to the perceived Soviet threat H W Brands Randall B Woods and Rachel L Holloway examine the effects of liberal ideology and rhetoric on domestic and foreign policy decisions Robert J McMahon and Robert L Ivie raise the issue of what it has meant to be the leader of the Free World and what the task of postCold War rhetoric will be in this regard Scholars concerned with the role of words in public life and in the study of history will find challenging material in this interdisciplinary volume Historians speech communication scholars and political scientists with an interest in the Cold War will similarly find grist for further milling

Lethality in Combat Doctor Tom Lewis,2012-02-01 Lethality in Combat shines a blazing light on the three most controversial aspects of military combat the necessity of killing the taking or not of prisoners and the targeting of civilians This book argues that when a nation state sends its soldiers to fight the state must accept the full implications of this uncomfortable as they may be Drawing on seven conflicts the Boer War World Wars I and II and the wars in Korea Vietnam the Falklands and Iraq the author considers these ethical issues

New Zealand and the Vietnam War Roberto Rabel,2013-11-01 Starting with the first Indochina War in the 1950s this historical analysis covers the story of New Zealand s relations with Vietnam up to the end of the Vietnam War in the 1970s Exploring the diplomatic history of the engagement which is not well known or understood and showing that New Zealand officials and politicians in fact entered the war with extreme reluctance this describes how the dispatch of troops to Vietnam divided the country enraged a generation and forced the government to publicly defend its policy Readers quickly discover that the fallout from the Vietnam conflict still affects New Zealand s position today from its well known antinuclear stance to its position over the recent Iraq conflict

The American Experience in Vietnam The Editors of Boston Publishing Company, 2014-11-01 The landmark Pulitzer Prize nominated bestselling illustrated history updated for the fiftieth anniversary of the Vietnam War When it was originally published the twenty five volume *Vietnam Experience* offered the definitive historical perspectives of the Vietnam War from some of the best rising authors on the conflict This new and reimagined edition updates the war on the fifty years that have passed since the war's initiation The official successor to the Pulitzer Prize nominated set *The American Experience in Vietnam* combines the best serious historical writing about the Vietnam War with new never before published photos and perspectives New content includes social cultural and military analysis a view of post 1980s Vietnam and contextualizing discussion of US involvement in the Persian Gulf Iraq and Afghanistan Even if you own the original *The American Experience in Vietnam* is a necessary addition for any modern Vietnam War enthusiast Praise for *The American Experience in Vietnam* The heart of the book is a well written objectively presented history of the war that includes a lot of military history *Vietnam Veterans of America* [Vietnam](#) John Prados, 2009-04-21 The Vietnam war continues to be the focus of intense controversy While most people liberals conservatives Democrats Republicans historians pundits and citizens alike agree that the United States did not win the war a vocal minority argue the opposite or debate why victory never came attributing the quagmire to everything from domestic politics to the press The military never lost a battle how then did it not win the war Stepping back from this overheated fray bestselling author John Prados takes a fresh look at both the war and the debates about it to produce a much needed and long overdue reassessment of one of our nation's most tragic episodes Drawing upon several decades of research including recently declassified documents newly available presidential tapes and a wide range of Vietnamese and other international sources Prados's magisterial account weaves together multiple perspectives across an epic sized canvas where domestic

politics ideologies nations and militaries all collide Prados patiently pieces back together the events and moments from the end of World War II until our dispiriting departure from Vietnam in 1975 that reveal a war that now appears to have been truly unwinnable due to opportunities lost missed ignored or refused He shows how from the Truman through the Eisenhower Kennedy Johnson and Nixon administrations American leaders consistently ignored or misunderstood the realities in Southeast Asia and passed up every opportunity to avoid war in the first place or avoid becoming ever more mired in it after it began Highlighting especially Ike s seminal and long lasting influence on our Vietnam policy Prados demonstrates how and why our range of choices narrowed with each passing year while our decision making continued to be distorted by Cold War politics and fundamental misperceptions about the culture psychology goals and abilities of both our enemies and our allies in Vietnam By turns engaging narrative history compelling analytic treatise and moving personal account Prados s magnum opus challenges previous authors and should rightfully take its place as the most comprehensive up to date and accurate one volume account of a war that judging by the frequent analogies to the current war in Iraq has not yet really ended for any of us
