The Way Of Horus

Medhananda,2006-01-01 Readers of this book will learn that during the Golden Age of Ancient Egypt human consciousness was quite different from our mainly mentally dominated consciousness it was turned towards the inner movements of the soul which were then expressed in images and symbols The author is convinced that rather than taking these Egyptian hieroglyphs and images at face value the deeper meaning should be explored In place of a pantheon of primitive gods and figures he perceives a multiplicity of soul powers representing inner movements of consciousness aspects of ourselves as well as universal principles

The Eye of Horus ,2012 *Reflections of Osiris* John Ray,2001 This absorbing book approaches the perennially fascinating history of ancient Egypt in a highly original way Egyptologist John Ray has chosen twelve lives drawn from across the three millennia of that civilization to illuminate it Some are famous Imhotep Egypt s Leonardo royal architect of the Step Pyramid inventor of stone building and seer Hatshepsut the female Pharaoh Egypt s Gloriana Horemheb self made politician and general and finally king who cleaned up the mess after Akhenaten and Tutankhamun the legendary magician Pharaoh Nectanebo II the greatest builder of temples The lives of others much less famous have been preserved thanks to the desert Heganakhte a cantankerous peasant farmer who has problems with his sons and they with their stepmother Prince Khaemwese son of the megalomaniac Rameses II High Priest of Ptah and restorer of ancient monuments the first Egyptologist Petiese a scribe whose petition to the authorities preserves a feud stretching back over generations that has poisoned the temple based economy of a small town Most fascinating of all perhaps are the people of the Serapeum

a Greek recluse his brother rootless adolescent and police informer two temple dancers with financial difficulties and a temple scribe whom we can briefly come to know intimately even their dreams Last is the god Osiris judge of the netherworld creator of the land of Egypt before whom all the above believed they would appear at the end of their lives
