Sturm,1833 **Reflections of One Small Candle** Gertie Mayeux,2012-09-18 LIT CANDLES We keep candles in our homes in case of power failures for prayer or to create a cozy atmosphere or simply for their beauty Their real purpose is and has always been to dispel darkness and in doing so bring comfort and reassurance to us in physical darkness We are all familiar with the Christophers motto It is better to light a candle than to curse the darkness In South Africa before apartheid was abolished people would light a candle and place it in a window as a sign of hope that one day this evil would be overcome It soon was declared illegal as illegal as carrying a gun The village children would laugh and say The government is afraid of candles Things did get better for them as a people with the end of apartheid after the long years of darkness It is an appalling sense of darkness we encounter whenever there is a diagnosis of illness that completely re directs our lives and wipes out our plans for our lives as well as our future If ever there is a time in our lives we need this darkness dispelled it is in this bewildering place So many of us have given up our loved ones to cancer but there is a candle lit and it was lit by a doctor at a cancer facility and there is light in his words **In the Garden: Musings and Reflections on Nature and Life** Pasquale De Marco,2025-04-22 In the Garden Musings and Reflections on Nature and Life is a contemplative journey that invites you to explore the profound interconnectedness of nature and the human spirit Through a series of introspective essays and poetic reflections this book delves into the beauty wisdom and transformative power of the natural world With each chapter you ll wander through a literary garden uncovering hidden treasures of grace abundance and self discovery From the healing power of nature to the resilience of ancient trees you ll find solace inspiration and a renewed sense of purpose in the embrace of the natural world In the Garden is a celebration of the interconnectedness of all living things a reminder of the profound beauty that surrounds us It s an invitation to pause to reflect and to rediscover the simple joys and profound lessons that nature has to offer As you journey through these pages you ll discover the art of observing the language of nature and the wisdom of the earth You ll learn to listen to the whispers of the wind the songs of the birds and the silent wisdom of the stones beneath your feet With its evocative prose and stunning imagery In the Garden will transport you to a place of peace and tranquility where you can reconnect with your inner self and find solace and inspiration in the beauty of the natural world Whether you re a nature lover a seeker of wisdom or simply someone looking for a moment of respite from the busyness of life In the Garden offers a sanctuary for your mind body and soul Let nature be your guide as you embark on this journey of self discovery and transformation If you like this book write a review on google books The Atmosphere and Climate of Mars Robert M.
