

WILLIAM T. FONTAINE
Associate Professor of Philosophy
University of Pennsylvania
Philadelphia, Pennsylvania

Reflections on Segregation, Desegregation, Power and Morals

On both sides of our racial controversy there is need for a clarification of issues and a statement of position. Resolution of group conflict requires current and historical knowledge of the attitudes and goals of the antagonists.

Reflections On Segregation Desegregation Power And Morals

**Kenneth Kinnamon, Joseph
Benson, Michel Fabre, Craig Werner**

Reflections On Segregation Desegregation Power And Morals:

Reflections on Segregation, Desegregation, Power and Morals, by William T. Fontaine William Thomas Fontaine, 1967

Reflections on Segregation, Desegregation, Power and Morals William Thomas Fontaine, 1967

Reflections on

segregation, desegregation power and morals, 1967

Black Philosopher, White Academy Bruce Kuklick, 2011-06-03

At a time when almost all African American college students attended black colleges philosopher William Fontaine was the only black member of the University of Pennsylvania faculty and quite possibly the only black member of any faculty in the Ivy League Little is known about Fontaine but his predicament was common to African American professionals and intellectuals at a critical time in the history of civil rights and race relations in the United States *Black Philosopher White Academy* is at once a biographical sketch of a man caught up in the issues and the dilemmas of race in the middle of the last century a portrait of a salient aspect of academic life then and an intellectual history of a period in African American life and letters the discipline of philosophy and the American academy It is also a meditation on the sources available to a practicing historian and frustratingly the sources that are not Bruce Kuklick stays close to the slim packet of evidence left on Fontaine's life and career but also strains against its limitations to extract the largest possible insights into the life of the elusive Fontaine

Another white Man's Burden Tommy J. Curry, 2018-12-01 Demonstrates the extent to which Josiah Royce's ideas about race were motivated explicitly in terms of imperial conquest *Another white Man's Burden* performs a case study of Josiah Royce's philosophy of racial difference In an effort to lay bare the ethnological racial heritage of American philosophy Tommy J. Curry challenges the common notion that the cultural racism of the twentieth century was more progressive and less racist than the biological determinism of the 1800s Like many white thinkers of his time Royce believed in the superiority of the white races Unlike today however whiteness did not represent only one racial designation but many Contrary to the view of the British born Germanophile philosopher Houston S. Chamberlain for example who insisted upon the superiority of the Teutonic races Royce believed it was the Anglo-Saxon lineage that possessed the key to Western civilization It was the birthright of white America he believed to join the imperial ventures of Britain to take up the white man's burden To this end he advocated the domestic colonization of Blacks in the American South suggested that America's xenophobia was natural and necessary to protecting the culture of white America and demanded the assimilation and elimination of cultural difference for the stability of America's communities *Another white Man's Burden* reminds philosophers that racism has been part of the building blocks of American thought for centuries and that this must be recognized and addressed in order for its proclamations of democracy community and social problems to have real meaning Curry has paid attention to the odd and icky bits of Royce tracking down the offhand cultural references the unfamiliar names and historical contexts A solid analysis of early twentieth century conceptions of race and colonialism reveals an unseemly picture before our contemporary eyes Curry is right we shouldn't ignore or soft pedal this Lee A. McBride III the College of Wooster **W. E. B. Du Bois and**

American Political Thought Adolph L. Reed Jr.,1997-10-30 In this explosive book Adolph Reed covers for the first time the full sweep and totality of W E B Du Bois s political thought Departing from existing scholarship Reed locates the sources of Du Bois s thought in the cauldron of reform minded intellectual life at the turn of the century demonstrating that a commitment to liberal collectivism an essentially Fabian socialism remained pivotal in Du Bois s thought even as he embraced a range of political programs over time including radical Marxism He remaps the history of twentieth century progressive thought and sharply criticizing recent trends in Afro American literary and cultural studies **W.E.B. Du Bois**

and American Political Thought Adolph L. Reed,1997 Reed argues that DuBois is not best seen as the premier black intellectual but rather as a member of a cohort that included other progressive and radical American voices black and white Afro American thought must be placed in context not isolated America the Philosophical Carlin Romano,2013-04-23 This bold insightful book argues that America today towers as the most philosophical culture in the history of the world an unprecedented marketplace for truth and debate With verve and keen intelligence Carlin Romano Pulitzer Prize finalist award winning book critic and professor of philosophy takes on the widely held belief that the United States is an anti intellectual country Instead he provides a richly reported overview of American thought arguing that ordinary Americans see through phony philosophical justifications faster than anyone else and that the best of our thinkers ditch artificial academic debates for fresh intellectual enterprises Along the way Romano seeks to topple philosophy s most fiercely admired hero Socrates asserting that it is Isocrates the nearly forgotten Greek philosopher who rejected certainty whom Americans should honor as their intellectual ancestor America the Philosophical is a rebellious tour de force that both celebrates our country s unparalleled intellectual energy and promises to bury some of our most hidebound cultural clich s **A Richard Wright**

Bibliography Kenneth Kinnamon,Joseph Benson,Michel Fabre,Craig Werner,1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity academic or public libraries supporting a program of black culture will find it invaluable and it belongs in any library supporting American literature studies Richard Wright has truly been well served Choice The most comprehensive bibliography ever compiled for an American writer this book contains 13 117 annotated items pertaining to Richard Wright It includes almost all published mentions of the author or his work in every language in which those mentions appear Sources listed include books articles reviews notes news items publishers catalogs promotional materials book jackets dissertations and theses encyclopedias biographical dictionaries handbooks and study guides library reports best seller charts the Index Translationum playbills and advertisements editorials radio transcripts and published letters and interviews The bibliography is arranged chronologically by year Each entry includes bibliographical information an annotation by the authors and information about all reprintings partial or full The index is unusually complete and contains the titles of Wright s works real and fictional characters in the works entries relating to significant places and events in the author s life important literary terminology and much additional information **Dictionary of Modern**

American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected. It includes those intellectuals involved in the development of psychology, pedagogy, sociology, anthropology, education, theology, political science, and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century. Each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings, and suggestions for further reading. While all the major post Civil War philosophers are represented, the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers. In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought.

Philosophy of Race Naomi Zack, 2023-04-27 *Philosophy of Race: An Introduction* provides plainly written access to a new subfield that has been in the background of philosophy since Plato and Aristotle. The second edition is updated to include contemporary developments such as digital racism, metaphysical othering, and metaphysical racism, and the rise of populist movements. Its focus has also been expanded to address non white racial groups in the Americas, Europe, and beyond, such as the Roma and Uighur people. Part I provides an overview of ideas of race and ethnicity in the philosophical canon, egalitarian traditions, race in biology, and race in American and Continental Philosophy. Part II addresses race as it operates in life through colonialism and development, social constructions, and institutions, racism, political philosophy, gender, and populist movements. This book constructs an outline that will serve as a resource for students, non-specialists, and general readers in thinking, talking, and writing about philosophy of race.

Congressional Record United States. Congress, 1993

Tulip for Tebeau Edwin Driver, 2025-03-21 Pioneers and their schools have long had a mutually beneficial bond. This symbiosis was eloquently articulated by a Duke University resident, Broadbent, at the dedication ceremony for the Samuel DuBose Cook Center for Social Equity. You have led a remarkable life, and we are today annexing your name to the fame of this school. Some might say we are honoring you by naming the Center after you, but everyone knows the truth: we are honoring ourselves and this Center by appropriating your enduring legacy. Cook, a distinguished political scientist, made history in 1966 as the first Black professor to receive tenure at a predominantly White southern university in the United States. By affiliating themselves with his pioneering work, schools like Duke aim to share in the honor and social capital of civil rights icons. Yet, as Broadbent suggests, the true beneficiaries of such naming opportunities are arguably the institutions themselves.
