#### **Reflective Journey Toward Order:**

The Reflective Journey Toward Order Marion Montgomery, 2008-10-01 This book embodies a sequence of closely related essays which explore the modern poet s uneasy awareness of a tradition the romantic tradition with which he must contend The author's premise is that the romantic age extends from The Divine Comedy through Wordsworth to Eliot The roots of contemporary questions about the self and alienation are seen to extend at least as far back as Dante who is the first poet to choose the ego as a focus for poetry of epic dimensions In the course of the study Montgomery considers the growing emphasis upon the self's becoming the focus of poetry until this shift culminated in the literature of the most autobiographical century in western letters the twentieth Dante Wordsworth and Eliot are discussed at length individually and in relation to one another as principal instances of the reflective poet The critic also considers other illustrative figures such as Milton Coleridge Keats Whitman Pound Joyce and Hemingway These and other writers have traveled along the romantic road anticipated by The Divine Comedy Finally the author suggests the road may end in a labyrinth so far as the contemporary writer is concerned In his increasing concern with the problems of the self and of the mind the poet has been forced to invent new modes and techniques which as the author demonstrates grow out of his response to the psychological and metaphysical preoccupations of his age Possum, and Other Receits for the Recovery of "Southern" Being Marion Montgomery, 2008-10 In this volume Marion Montgomery ponders two very different varieties of possum as the starting point for a literary philosophical and poetic inquiry into the nature of Southernness the familiar marsupial and the first person singular present of the Latin verb posse rendered as I am able Another Sort of Learning James V. Schall, 2011-05-12 Noting the widespread concern about the quality of education in our schools Schall examines what is taught and read and not read in these schools He questions the fundamental premises in our culture which do not allow truth to be considered Schall lists various important books to read and why **Speak So I Shall Know Thee** William J. Walsh, 2012-02-29 A R Ammons was asked if he agreed that the United States has not produced a major poet in the last 30 years I agree The poetry in the country has become sort of a company affair where support for the arts has just about ruined the arts and the system of bureaucrats managing the funds being developed here and there is turning into trade unionism which may be the best way to write poetry but it is unfamiliar to me This comprehensive collection contains 31 interviews in which Southern writers talk about their craft the Southern literary scene and themselves Poets short story writers and novelists include firmly established writers side by side with emerging talent Lee Smith James Dickey Harry Crews Pat Conroy Doris Bett Pulitzer Prize winner Donald Justice and 25 others Journal of Research of the National Bureau of Standards United States.
