Reflexology An Introductory Guide To Its Uses:

Reflexology INGE DOUGANS,2016-01-28 Reflexology is a form of therapeutic foot massage based on the tried and tested theory that the human body has its own internal energy lines or acupuncture meridians In this clearly written introduction to the subject Inge Dougans shows how to find and use the reflexology points and the associated meridians on the foot in order to restore the body to its state of natural balance prevent ill health and assist relaxation Learn how reflexology and the meridian theory work Follow the illustrated step by step reflexology techniques Use reflexology to balance the body s functions Improve the body s circulation and general health **The Complete Illustrated Guide to Reflexology** Inge

Dougans,1996 This volume introduces the art and science of reflexology describing the typical treatments and including many practical examples and case studies Reflexology is an alternative medicine involving the physical act of applying pressure to the feet hands or ears with specific thumb finger and hand techniques without the use of oil or lotion It is based on what reflexologists claim to be a system of zones and reflex areas that they say reflect an image of the body on the feet and hands with the premise that such work effects a physical change to the body Introduction to Massage Therapy Mary Beth Braun,2013-08-29 Practical concise and well illustrated Introduction to Massage Therapy 3rd Edition provides everything you need to build strong foundation skills that will carry you throughout your studies help you prepare for the national exam and launch you into a successful career as a massage therapist This proven book includes step by step instructions for massage techniques assessments and treatments along with striking photos that illustrate difficult to understand concepts As the most concise introductory book on the market Introduction to Massage Therapy makes it easy for you to find the information you need when you need it while coverage of anatomy and physiology pathology and pharmacology integrated with techniques helps you understand the science behind the practice The Third Edition is enhanced by new evidence based references and new online videos that demonstrate common procedures techniques and flow sequences You ll also find practical information that will help you create and maintain a successful massage therapy practice including communication and documentation tips safety and self care practices and essential business concepts

Principles of Reflexology Nicola Hall, Elisabeth Shaw,2013 Each book offers an overview of a particular type of alternative medicine in a concise format that will not overwhelm readers new to the subject Original **Subject Guide to Books in**

Print ,1993 **Clinical Reflexology** Denise Tiran,Peter A. Mackereth,2010-12-01 Clinical Reflexology takes the practitioner on a journey of examination critical review and debate prior to making recommendations for best practice in reflexology The phenomenal rise in interest by health professionals in Complementary and Alternative Medicine CAM and in particular touch therapies has led to a need for texts that relate and integrate theory and practice to health care settings Clinical Reflexology does this expanding and exploring concepts introduced in the first edition Many CAM books have been written for therapists working in private practice but many of these practitioners are also now working in healthcare settings

This book allows both groups to facilitate the greater integration of clinical reflexology in clinical practice. The book is divided into two sections. The first deals with key themes including an up to date review of the research evidence and appropriate methodology, safe and supported practice and integration issues. All these themes are explored and discussed utilizing the available literature, analysis of models and concepts and are related specifically to health care practice. The second section focuses on the clinical application of reflexology and how it can be best adapted to the context. The contributors are committed pioneers in their field with a track record of integrating reflexology within clinical settings. Many are teachers, coordinators of therapy services and supervisors.

ABOUT THE AUTHORS Dr Peter Mackereth is the Clinical Lead for Complementary Therapies and Smoking Cessation Services at The Christie NHS Foundation Trust, Manchester. He is a registered nurse and has worked in intensive care, neurology and oncology. Peter has an MA in Medical Ethics and has completed a PhD project examining reflexology vs relaxation training for people with Multiple Sclerosis. An author and renowned speaker, Peter has held academic post in number of universities, most recently as Reader in Integrative Health at the University of Derby. Denise Tiran, a midwife, lecturer and reflex zone therapist, is an internationally acclaimed authority on complementary therapies in pregnancy and childbirth. She is Director of Expectancy, the leading provider of professional education on the safe use of complementary therapies in maternity care, including a special pregnancy course for reflexologists. Her latest book, *Reflexology for Pregnancy and Childbirth*, was published in January 2010.

Alternative Medicine Resource Guide Francine Feuerman, Marsha J. Handel, 1997. Contains information on resources and publications in the general field of alternative medicine and thirty two specific modalities.

[An Introductory Guide to Reflexology](#) Louise Tucker, Jane Foulston, 2008.
