**Alexis M. Durham**

## **Reform And Punishment:**

**Reform and Punishment** Sue Rex, Michael Tonry, 2012-12-06 In this book a group of leading authorities in the field address the key issues surrounding the future of sentencing in Britain in the light particularly of the highly influential Halliday Report. These proposals for reform amount to the single most ambitious and comprehensive set of proposals for reconstituting the sentencing system of a common law country and include proposals to replace existing sentencing statutes, the establishment of a sentencing commission and sentencing guidelines and the creation of a sentence review function in the judiciary. As well as addressing the major issues of the Halliday Report, the chapters in this book go beyond this to explore the broader set of policy problems and implications which are raised, drawing upon experiences of reform in other jurisdictions and contexts, particularly that of the USA. This book will be essential reading for anybody with an interest in the future of sentencing or the future direction of the criminal justice system as a whole. **Reform and Punishment** Michael H. Tonry, Franklin E. Zimring, 1983 Crisis and Reform Alexis M. Durham, 1994 After 300 years of the American struggle with crime and punishment related issues, the nation seems less able to deal with them now than at any other time in history. Why have we failed? Is the worst yet to come? In *Crisis and Reform*, criminology expert Alexis M. Durham III explores the most serious problems currently plaguing America's correctional system, their historical background, and possible solutions. Topics covered include Prison Crowding, AIDS in Prison, Difficulties Associated with Older Inmates, Women in Prison, Changing the Offender, Alternatives to Incarceration including Electronic Monitoring, Intensive Supervision, House Arrest, Community Services, and Day Reporting Centers, Boot Camps, Prison Privatization, The Death Penalty. Justice through Apologies Nick Smith, 2014-03-24 This book explains that penitentiaries were originally designed to bring about penance and that this has been lost in the assembly line of mass incarceration. The Politics of Punishment Bruce F. Adams, 2019-09-15 Bruce F. Adams examines how Russia's Main Prison Administration was created, the number of prisoners it managed, in what types of prisons, and what it accomplished. While providing a thorough account of prison management at a crucial time in Russia's history, Adams explores broader discussions of reform within Russia's government and society, especially after the Revolution of 1905, when arguments on such topics as parole and probation boiled in the arena of raucous public debate. Crime and Punishment in Latin America Ricardo D. Salvatore, Carlos

Aguirre, Gilbert M. Joseph, 2001-09-20 Essays in collection argue that Latin American legal institutions were both mechanisms of social control and unique arenas for ordinary people to contest government policies and resist exploitation

*Transnational Penal Cultures* Vivien Miller, James Campbell, 2014-11-13 Focusing on three key stages of the criminal justice process discipline punishment and desistance and incorporating case studies from Asia the Americas Europe Africa and Australia the thirteen chapters in this collection are based on exciting new research that explores the evolution and adaptation of criminal justice and penal systems largely from the early nineteenth century to the present They range across the disciplinary boundaries of History Criminology Law and Penology Journeying into and unlocking different national and international penal archives and drawing on diverse analytical approaches the chapters forge new connections between historical and contemporary issues in crime prisons policing and penal cultures and challenge traditional Western democratic historiographies of crime and punishment and categorisations of offenders police and ex offenders The individual chapters provide new perspectives on race gender class urban space surveillance policing prisonisation and defiance and will be essential reading for academics and students engaged in the study of criminal justice law police transportation slavery offenders and desistance from crime
