**Reformers, Rebels, and Revolutionaries** Andrew Ross McCormack, 1979      **Reformers, Rebels and Revolutionaries** A. Ross McCormack, 1991-01-01 The opening of the twentieth century saw a fervour of radical political movements in Western Canada Ross McCormack explores the constituencies ideologies and development of early reformist syndicalist and socialist organizations from the 1880s up to the Winnipeg General Strike in 1919 He distinguishes three types of radicals reformers rebels and revolutionaries who competed with each other to fashion a general western constituency The reformers wanted to change society for the betterment of the workers but both their aims and methods were moderate essentially transferring the philosophy and tactics of the British labour movement to the Canadian west The rebels militant industrial unionists periodically battled the Trades and Labour Congress in order to establish unions strong enough to defeat the employers and if necessary the state The revolutionary Marxists were committed to the destruction of industrial capitalism and the establishment of a society controlled by the workers The book describes the origins of radicalism traces the histories of the various organizations that expressed its ideals and discusses the impact of the First World War on the labour movement Using previously unexplored sources McCormack has produced the first comprehensive examination of the early history of the radical movement in western Canada adding an important dimension to our knowledge and understanding of Canadian labour history      *Radicalism in the Mountain West, 1890-1920* David R. Berman, 2011-05-18 *Radicalism in the Mountain West 1890 1920* traces the history of radicalism in the Populist Party Socialist Party Western Federation of Miners and Industrial Workers of the World in Arizona Utah Nevada Idaho Montana Wyoming Colorado and New Mexico Focusing on the populist and socialist movements David R Berman sheds light on American radicalism with this study of a region that epitomized its rise and fall As the frontier industrialized self reliant pioneers and prospectors transformed into wage laborers for major corporations with government military and church ties Economically and politically stymied westerners rallied around homegrown radicals such as William Big Bill Haywood and Vincent the Saint St John and touring agitators such as Eugene Debs and Mary Mother Jones *Radicalism in the Mountain West* tells how volleys of strikes property damage executions and deportations ensued in the absence of negotiation Drawing on years of archival research and diverse materials such as radical newspapers reports filed by labor spies and government agents and records of votes subscriptions and memberships Berman offers Western historians and political scientists an unprecedented view into the region's radical past      **Civilizing the West** A.A. den Otter, 1986 Alexander Galt and his son Elliott worked tirelessly to promote resource exploitation on Canada's vast western plains Their coal mines in Alberta gave birth to the city of Lethbridge      **Race, Nation, and Reform Ideology in Winnipeg, 1880s-1920s** Kurt Korneski, 2015-06-09 During the late nineteenth and early twentieth centuries a host of journalists ministers medical doctors businessmen lawyers labor leaders politicians and others called for an assault on poverty slums disreputable boarding houses alcoholism prostitution sweatshop

conditions inadequate educational facilities and other social evils Although they represented an array of political positions and advocated a range of strategies to deal with what they deemed problems historians have come to term this impulse urban reform or the urban reform movement This book considers the history of reform ideology in Canada It does so by considering four leading reformers living in what might be described as the most Canadian of Canadian cities Winnipeg Manitoba While the book engages in discussions debates surrounding the particular individuals it considers its more general argument is that to understand the history of reform in Canada requires viewing reformers as simultaneously experiencing and responding to two basic phenomena simultaneously It requires understanding them as confronting the polarizing tendencies exploitation and sometimes grinding poverty that was central to the economic order they often unwittingly helped to impose in northern North America It also however requires seeing them as fundamentally shaped by the process and legacy of the dispossession of Aboriginal peoples and the changing nature of Aboriginal settler relations that were also central to the development of Canada

*Labour at the Lakehead* Michel S. Beaulieu, 2011-05-07 In the early twentieth century the Canadian Lakehead was known as a breeding ground for revolution a place where harsh conditions in dockyards lumber mills and railway yards drove immigrants into radical labour politics This intensely engaging history reasserts Northwestern Ontario's rightful reputation as a birthplace of leftism in Canada by exposing the conditions that gave rise to an array of left wing organizations including the Communist Party the One Big Union and the Industrial Workers of the World Yet as Michel Beaulieu shows the circumstances and actions of Lakehead labour especially those related to ideology ethnicity and personality were complex they simultaneously empowered and fettered workers in their struggles against the shackles of capitalism Cultural ties helped bring left wing ideas to Canada but as each group developed a distinctive vocabulary of socialism Anglo Celtic workers defended their privileges against Finns Ukrainians and Italians At the Lakehead ethnic difference often outweighed class solidarity at the cost of a stronger labour movement for Canada

**From Victoria to Vladivostok** Benjamin Isitt, 2010 Isitt's work is new innovative and important He deftly weaves the Canadian working class opposition to war and the rising leftist sentiment among workers with the inner life of the Siberian Expedition itself No less important he melds a national story with an international one He reveals new aspects of international cooperation in the attempt to suppress the Bolshevik revolution as well as international rivalries among the countries that intervened in Russia Larry Hannant editor of *The Politics of Passion* Norman Behtune's *Writing and Art From Victoria to Vladivostok* sheds new light on a part of Canadian history that previous scholars have written off as a mere sideshow a rather embarrassing episode that had no impact on the First World War In contrast Isitt sees the problems that befell the Expedition as being rooted in conflicting views of Bolshevism in Canada and different perceptions of the logic behind an intervention in Russia In this his contribution is both significant and original Jonathan Vance author of *Unlikely Soldiers How Two Canadians Fought the Secret War against Nazi Occupation* This highly readable and provocative book brings to life a forgotten chapter in the

history of Canada and Russia the journey of 4 200 Canadian soldiers from Victoria to Vladivostok in 1918 to help defeat Bolshevism It illuminates how the Siberian Expedition exacerbated tensions within Canadian society at a time when a radicalized working class many French Canadians and even the soldiers themselves objected to a military adventure designed to counter the Russian Revolution BOOK JACKET *Canadian History: Confederation to the present* Martin Brook Taylor,Doug O'Wram,1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover *Alien Heart* Lyall Powers,2012-11-02 Today almost two decades after her death Margaret Laurence remains one of Canada's best known and most beloved writers Twice winner of the Governor General's Award for fiction she was as the late William French wrote more profoundly admired than any other Canadian novelist of her generation Lyall Powers is both a respected scholar of literature and a lifelong friend of Laurence's having met her when they were students together at Winnipeg's United College in the 1940s *Alien Heart* is the first full length biography of Margaret that combines personal knowledge and insights about Laurence with a study of her work which often paralleled the events and concerns in her own life Drawing on letters personal correspondence journals and interviews Lyall Powers discusses the struggles and triumphs Laurence experienced in her efforts to understand herself in the roles of writer wife mother and public figure He portrays a deeply compassionate and courageous woman who yet felt troubled by conflicting demands While Laurence's work is not directly autobiographical Powers illustrates how her writing expressed many of the same dilemmas and how the resolution her characters achieved in the novels and stories had an impact on Laurence's own life Powers provides an in depth analysis of all Laurence's work including the early African essays fiction and translations and her books for children as well as the beloved Manawaka fiction The study clearly shows the progression and expression of Laurence as a writer of great humanity and conscience *Working People in Alberta* Alvin Finkel,2012 A political and economic analysis of the history of working people in Alberta *Patterns of the Past* Roger Hall,William Westfall,Laurel Sefton MacDowell,1996-07-25 *Patterns of the Past* has been published to commemorate the one hundredth anniversary of the founding of the Ontario Historical Society Organized on 4 Sept 1888 as the Pioneer Association of Ontario the Society adopted its current name in 1898 Its objectives for a century have been to promote and develop the study of Ontario's past The purpose of this book is both to commemorate and to carry on that worthy tradition Introduced by Ian Wilson Archivist of Ontario and edited by Roger Hall William Westfall and Laurel Sefton MacDowell this distinctive volume is a landmark not only in the Society's history but in the province's historiography Eighteen scholars have pooled their talents to fashion a volume of fresh interpretive essays that chronicle and analyze the whole scope of Ontario's rich and varied past New light is thrown on our understanding of early native peoples rural life in Upper Canada the opening of the North the impact of railways and the growth of businesses and institutions And there is much social study here too especially of the new roles for women in

industrial society of working class experience of ethnic groups and of children in our society's past. As well, there are innovative treatments of the conservation movement of science's role in provincial society and of the relationship between society and culture in small towns. Anyone with an interest in the history of Canada's most populous province will find much in this comprehensive collection. *The Workers' Revolt in Canada, 1917-1925* Craig Heron, 1998-01-01. A clear, concise portrait of one of the most dramatic moments in the history of working class life and class relations generally in Canada: the upsurge of working class protest at the end of the First World War. *For All We Have and Are* James M. Pitsula, 2011-11-30. The First World War profoundly affected every community in Canada. In Regina, the politics of national identity, the rural myth and the social gospel all lent a distinctive flavour to the city's experience of the Great War. For many Regina residents, the fight against German militarism merged with the struggle against social evils and the Big Interests, adding new momentum to the forces of social reform, including the fights for prohibition and women's suffrage. James M. Pitsula traces these social movements against the background of the lives of Regina men who fought overseas in battles such as Passchendaele and Vimy Ridge. Skillfully combining vivid detail with the larger social context, *For All We Have and Are* provides a nuanced picture of how one Canadian community rebuilt both its realities and myths in response to the cataclysm of the war to end all wars. *Vancouver Past: Essays in Social History* Robert A. J. McDonald, Jean Barman, 1986-01-01. Focusing on Vancouver's social history, the essays written for this special edition of *BC Studies* treat hitherto neglected areas of the city's past and bring new insights into how its residents lived and worked. Receiving particular attention is the socio-economic and residential structure of Vancouver, with one author arguing that the city's economy created an urban working class which was at once more complex and politically more conservative than that of the highly polarized communities on Vancouver Island and in the Interior. *For a Better World* James Naylor, Rhonda L. Hinther, Jim Mochoruk, 2022-09-16. Canada's largest and most famous example of class conflict, the Winnipeg General Strike, redefined local, national and international conversations around class, politics, region, ethnicity and gender. The Strike's centenary occasioned a re-examination of this critical moment in working class history, when 300 social justice activists, organizers, scholars, trade unionists, artists and labour rights advocates gathered in Winnipeg in 2019. Probing the meaning of the General Strike in new and innovative ways, *For a Better World* includes a selection of contributions from the conference as well as others' explorations of the character of class confrontation in the aftermath of the First World War. Editors Naylor, Hinther and Mochoruk depict key events of 1919, detailing the dynamic and complex historiography of the Strike and the larger Workers' Revolt that reverberated around the world and shaped the century following the war. The chapters delve into intersections of race, class and gender. Settler colonialism's impact on the conflict is also examined. Placing the struggle in Winnipeg within a broader national and international context, several contributors explore parallel strikes in Edmonton, Crowsnest Pass, Montreal, Kansas City and Seattle. *For a Better World* interrogates types of commemoration and remembrance, current legacies of the Strike and its

ongoing influence Together the essays in this collection demonstrate that the Winnipeg General Strike continues to mobilize revealing our radical past and helping us to think imaginatively about collective action in the future
