Regeneration The Imposter:

Regeneration: the Impostor Linda Joy Singleton, 2000 The Imposter Linda Joy Singleton, 2000 Someone has stolen Sandee's songs and Chase has offered to help her retrieve them while trying to convince her that she is a clone *The Imposter as Social Theory* Steve Woolgar, Else Vogel, David Moats, Claes-Fredrik Helgesson, 2022-08 Edited by expert scholars this volume explores the imposter through empirical cases including click farms bikers business leaders and fraudulent scientists providing insights into the social relations and cultural forms from which they emerge **Biometrics and Cryptography** Sudhakar Radhakrishnan, Carlos M. Travieso-Gonzalez, 2024-06-19 Cryptography has crept into everything from Web browsers and e mail programs to cell phones bank cards and cars Shortly we will see many new exciting applications for cryptography such as radio frequency identification RFID tags for anti counterfeiting As a consequence of the pervasiveness of crypto algorithms an increasing number of people must understand how they work and how they can be applied in practice This book addresses this issue by providing a comprehensive introduction to modern applied cryptography that is equally suited for students and practitioners in industry Much of the focus is on practical relevance by introducing most crypto algorithms that are used in modern real world applications In addition to crypto algorithms attention is also given to important cryptographic protocols modes of operation security services and key establishment techniques Timely topics include lightweight ciphers which are optimized for constrained applications In today's fast paced world security and convenience are paramount Biometrics the science of identifying individuals based on their unique physical or behavioral traits offers a solution that is both secure and convenient From fingerprint scanners on smartphones to facial recognition software at airports biometrics is rapidly becoming an integral part of our daily lives But what exactly is biometrics and how does it work This book delves into the fascinating world of biometrics exploring its history applications and the latest technological advancements You'll discover how biometrics can be used to verify identity control access and even detect fraud Whether you're a security professional a technology enthusiast or simply curious about the future of personal identification this book is for you *Handbook of Biometrics* Anil K. Jain, Patrick Flynn, Arun A. Ross, 2007-10-23 Biometrics is a rapidly evolving field with applications ranging from accessing one's computer to gaining entry into a country The deployment of large scale biometric systems in both commercial and government applications has increased public awareness of this technology Recent years have seen significant growth in biometric research resulting in the development of innovative sensors new algorithms enhanced test methodologies and novel applications This book addresses this void by inviting some of the prominent researchers in Biometrics to contribute chapters describing the fundamentals as well as the latest innovations in their respective areas of expertise *The Regenerate Lyric* Elisa New, 1993-05-28 Elisa New examines the poems in great detail offering searching readings and concluding finally that it is regeneracy rather than originality that is the American poet's modus operandi and native mandate Network and System Security Jiageng Chen, Vincenzo

Piuri, Chunhua Su, Moti Yung, 2016-09-20 This book constitutes the proceedings of the 10th International Conference on Network and System Security NSS 2016 held in Taipei Taiwan in September 2016 The 31 full and 4 short papers presented in this volume were carefully reviewed and selected from 105 submissions They were organized in topical sections named authentication mechanism cloud computing security data mining for security application privacy preserving technologies network security and forensics searchable encryption security policy and access control security protocols symmetric key cryptography system security Web security The volume also contains one invited paper A Math-Based Writing System for Engineers Brad Henderson, 2019-09-30 This book presents the generative rules for formal written communication in an engineering context through the lens of mathematics Aimed at engineering students headed for careers in industry and professionals needing a just in time writing resource this pragmatic text covers all that engineers need to become successful workplace writers and leaves out all pedagogical piffle they do not Organized into three levels of skill specific instruction A Math Based Writing System for Engineers Sentence Algebra professionals seeking a thorough left brained treatment of English grammar and go to document structures and ESL engineers at all levels **Getting On in the Creative Arts Therapies** Erin Partridge, 2021-02-18 What do you really want from your career and how are you going to get it How do you find the right people and make the right connections along the way What are the secrets of finding fulfilment in your work This book is intended to help you to answer these questions and many more Written to inspire and motivate you as you progress through your career as creative arts therapist it shares diverse stories and experiences spanning different career paths and decisions The book also tackles common early career challenges including designing services advocacy and collaborative working exploring how adverse circumstances can be used as opportunities for growth With creative and reflective exercises throughout to help you to identify your goals and achieve them this book is an indispensable guide for any creative arts therapist who wants to flourish in their career **Thin Description** John L. Jackson Jr., 2013-11-04 The African Hebrew Israelites of Jerusalem are often dismissed as a fringe cult for their beliefs that African Americans are descendants of the ancient Israelites and that veganism leads to immortality But John L Jackson questions what fringe means in a world where cultural practices of every stripe circulate freely on the Internet In this poignant and sophisticated examination of the limits of ethnography the reader is invited into the visionary sometimes vexing world of the AHIJ Jackson challenges what Clifford Geertz called the thick description of anthropological research through a multidisciplinary investigation of how the AHIJ use media and technology to define their public image in the twenty first century Moving beyond the modest witness of nineteenth century scientific discourse or the thick descriptions of twentieth century anthropology Jackson insists that Geertzian thickness is impossible especially in a world where the anthropologist s subjects craft their own self ethnographies and critically consume the ethnographer s offerings Taking as its topic a group situated along the fault lines of several diasporas African American Jewish Thin Description provides an account of how race religion

and ethnographic representation must be understood anew in the twenty first century lest we reenact old mistakes in the study of black humanity *Forsaken Duty* Elaine Levine,2019-02-13 The only truth Owen Tremaine s certain of is that everything in his life has been a lie Not only is his former fianc e alive but so is their son a child he never knew existed Raised as a fighter in the resistance against a violent and secretive cult Owen abandons his team his family everything to extract the woman he once loved and the son he s never met from the clutches of his enemy Adelaide Jacobs has only loved one man Owen Tremaine She grew up in the long shadow he and her brother cast toddling after them as much as her brother tolerated Owen s visits were the best memories of her childhood until the day he saw her as a woman They had one night together before hell took over her life in a war that s framed her world ever since Now she s a fighter too battling an unknown disease that consumes a little more of her each day She ll never forgive her brother for bringing Owen into her hell Is there enough time to find the cure so they can have the future they both thought they d never have Or is now this very moment all the time they ll have **Seneca Myths and Folk Tales** Arthur Caswell Parker,1923 **A Discussion of the Subject of Universalism** Nelson Doolittle,1846 Publications Buffalo Historical Society (Buffalo, N.Y.),1923 **What Profit is there of Baptism? "To the Law, and to the Testimony." Regeneration and justification, scripturally considered: with specimens of proposed alterations in the Prayer Book. A letter to William Trail. [A reply to William Trail's pamphlet, "Orthodoxy against Heterodoxy."]** Charles CROSTHWAITE (Vicar-General of Kildare.),1866

Children's Books in Print ,1993 **Black Land** Nadia Nurhussein,2022-06-07 The first book to explore how African American writing and art engaged with visions of Ethiopia during the late nineteenth and early twentieth centuries As the only African nation with the exception of Liberia to remain independent during the colonization of the continent Ethiopia has long held significance for and captivated the imaginations of African Americans In *Black Land* Nadia Nurhussein delves into nineteenth and twentieth century African American artistic and journalistic depictions of Ethiopia illuminating the increasing tensions and ironies behind cultural celebrations of an African country asserting itself as an imperial power Nurhussein navigates texts by Walt Whitman Paul Laurence Dunbar Pauline Hopkins Harry Dean Langston Hughes Claude McKay George Schuyler and others alongside images and performances that show the intersection of African America with Ethiopia during historic political shifts From a description of a notorious 1920 Star Order of Ethiopia flag burning demonstration in Chicago to a discussion of the Ethiopian emperor Haile Selassie as Time magazine s Man of the Year for 1935 Nurhussein illuminates the growing complications that modern Ethiopia posed for American writers and activists American media coverage of the African nation exposed a clear contrast between the Pan African ideal and the modern reality of Ethiopia as an antidemocratic imperialist state Did Ethiopia represent the black nation of the future or one of an inert and static past Revising current understandings of black transnationalism *Black Land* presents a well rounded exploration of an era when Ethiopia s presence in African American culture was at its height **Audio- and Video-Based Biometric Person**

Authentication Takeo Kanade, Anil Jain, Nalini K. Ratha, 2011-04-06 This book constitutes the refereed proceedings of the 5th International Conference on Audio and Video Based Biometric Person Authentication AVBPA 2005 held in Hilton Rye Town NY USA in July 2005 The 66 revised oral papers and 50 revised poster papers presented were carefully reviewed and selected from numerous submissions The papers discuss all aspects of biometrics including iris fingerprint face palm print gait gesture speaker and signature theoretical and algorithmic issues are dealt with as well as systems issues The industrial side of biometrics is evident from presentations on smart cards wireless devices and architectural and implementation aspects
