Sherlock Holmes And The Houdini Birthright

Daniele Della Rocca

Sherlock Holmes And The Houdini Birthright:

Sherlock Holmes and the Houdini Birthright Val Andrews, 1998 Here two areas of mystery are linked the exploits of Sherlock Holmes and the secrets of master escapologist Harry Houdini Doctor Watson's collaborator Sir Arthur Conan Doyle finds himself drawn into the world of the fake psychics and Houdini is anxious for Holmes to unmask the perpetrators who prey on the innocent believers Holmes's investigations lead him to some surprising locations including a Ruritanian castle

The Alternative Sherlock Holmes Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field

Sherlock Holmes. Inglese Daniele Della Rocca, 2022-12-20 Una guida al celebre personaggio illustrata con numerose fotografie e poster Il libro comprende cast trame e commenti di film adattamenti teatrali romanzi e fumetti in un arco di oltre 130 anni An a z guide to the famous detective illustrated with numerous photographs and posters The book includes cast storylines and film comments theatrical adaptations novels and comics in over 100 years
