poetry comics and texts of the militant and reactionary Right More space than is usual in literary histories is allowed for commentary on famous texts but the book also makes room for the marginalized and for socially contextualized explorations of the interconnectedness of various forms of writing The overall structure is not chronological but thematic dealing with abstract and topical issues such as silence the family or realism *The Ethics of Community* Ana M.

Luszczynska,2011-12-01 The Ethics of Community initiates a conversation between continental philosophy and cultural literary studies that is long overdue Illustrating that there is a fundamental ethics in deconstructionist approaches to community that can be provocatively traced in the context of cultural considerations central to African American and U S Latino literature this is a book about bridging gaps Luszczynska nimbly traverses the complex terrain of preeminent French philosophers Jacques Derrida and Jean Luc Nancy offering a valuable introduction to the ethical components of their philosophical projects Toni Morrison s *Beloved* and Ana Menendez s *In Cuba I Was a German Shepherd* serve as case studies through which Nancian community and Derridean bearing witness are elaborated As Luszczynska demonstrates Morrison s foregrounding of the distinct cultural sensibilities of her black and white characters and Menendez s preoccupation with geographical displacement and exile themselves activate a deconstructive ethics In this groundbreaking study distinct cultural understandings and contexts provide a novel way of thinking through intricacies of Nancy and Derrida s thought while revealing the potential of the novel to re imagine ways of being in the concrete world *Goodbye Eros* Ana

Laguna,John Beusterien,2020-04-02 Traditional Petrarchan and Neoplatonic paradigms of love started to show clear signs of inadequacy and exhaustion in the sixteenth century How did the Spanish Golden Age recast worn out discourses of love and make them compelling again This volume explores how Spanish letters recognized that old love paradigms especially the crisis of the subject presented an extraordinary opportunity for revising traditional literary strictures As a result during Spain s nascent modernity literature took up the challenge to expand existing forms of desire and subjectivity A range of scholars show how canonical and non canonical Golden Age writers like Miguel de Cervantes Diego Hurtado de Mendoza Francisco de Quevedo Luis de G ngora Lope de Vega and Francisco de la Torre y Sevil became equal agents of the sweeping ontological reconfiguration of the idea of eros that defined their culture Such reconfiguration includes the troubling displacement of self and other seen in sentimental genres like the pastoral or romance the overlapping of emotions such as love and jealousy characteristic of the baroque lyric and dramatic production and the conflation of axioms such as eros and eris prevalent in contemporaneous epic experiments In uniting the findings of often surprising texts the collection of essays in *Goodbye Eros* takes a pioneering look at how Golden Age moral ideological scientific and literary discourses intersected to create fascinating re elaborations of the trope of love

**The Disinherited** Henry Kamen,2008-11-06 Spain has had a long history of exiles Since the destruction of the last Muslim territories in Granada in 1492 wave after wave of its people have been driven from the country *The Disinherited* paints a vivid picture of Spain s diverse exiles from Muslims Jews and Protestants to

Liberals Socialists and Communists artists writers and musicians Kamen describes the ways in which many of these expelled citizens have shaped Spanish culture or impoverished it by leaving and enriched their adopted homes through their creative responses to exile and to encounters with new worlds Picasso Mir Dali and Bu uel among them Henry Kamen s compelling and sympathetic account tells the story of their incalculable impact on the world Cervantes, the Golden Age, and the Battle for Cultural Identity in 20th-Century Spain Ana María G. Laguna,2021-07-29 Studies that connect the Spanish 17th and 20th centuries usually do so through a conservative lens assuming that the blunt imperialism of the early modern age endlessly glorified by Franco s dictatorship was a constant in the Spanish imaginary This book by contrast recuperates the thriving humanistic vision of the Golden Age celebrated by Spanish progressive thinkers writers and artists in the decades prior to 1939 and the Francoist Regime The hybrid modern stance of the country in the 1920s and early 1930s would uniquely incorporate the literary and political legacies of the Spanish Renaissance into the ambitious design of a forward democratic future In exploring the complex understanding of the multifaceted event that is modernity the life story and literary opus of Miguel de Cervantes 1547 1616 acquires a new significance given the weight of the author in the poetic and political endeavors of those Spanish left wing reformists who believed they could shape a new Spanish society By recovering their progressive dream buried for almost a century of incipient and full Spanish modernities Ana Mar a G Laguna establishes a more balanced understanding of both the modern and early modern periods and casts doubt on the idea of a persistent conservatism in Golden Age literature and studies This book ultimately serves as a vigorous defense of the canonical as well as the neglected critical traditions that promoted Cervantes s humanism in the 20th century **The Workings of Memory** Sarah Leggott,2008 The study examines the ways in which these writers portray their positioning in relation to dominant cultural models of the time and their engagement with political and social issues in a period of changing gender dynamics and political instability In broader terms this book examines the complex relationships between memory writing and identity and thus contributes to the growing field of explorations of the workings of memory in narrative BOOK JACKET **History and Post-War Writing** ,2023-07-10 *The Rise of Euroskepticism* Luis Martin-Estudillo,2018-03-26 Electronic open access edition funded by the National Endowment for the Humanities Covering from 1915 to the present this book deals with the role that artists and intellectuals have played regarding projects of European integration Consciously or not they partake of a tradition of Euroskepticism Because Euroskepticism is often associated with the discourse of political elites its literary and artistic expressions have gone largely unnoticed This book addresses that gap Taking Spain as a case study author Luis Mart n Estudillo analyzes its conflict over its own Europeanness or exceptionalism as well as the European view of Spain He ranges from canonical writers like Unamuno Ortega y Gasset and Zambrano to new media artists like Valeriano L pez Carlos Spottorno and Santiago Sierra Mart n Estudillo provides a new context for the current refugee crisis the North South divide among EU countries and the generalized disaffection toward the project of European integration The

eclipsed critical tradition he discusses contributes to a deeper understanding of the notion of Europe and its institutional embodiments It gives resonance to the intellectual and cultural history of Europe's peripheries and re-evaluates Euroskeptic contributions as one of the few hopes left to imagine ways to renew the promise of a union of the European nations
