Shift Linguals Edward S. Robinson, 2011 Shift Linguals traces a history of the cut up method the experimental writing practice discovered by Brion Gysin and made famous by Beat author William S Burroughs From the groundbreaking works of Dada and Surrealism that paved the way for Burroughs breakthrough through the countercultural explosion of the 1960s Shift Linguals explores the evolution of the cut ups within the theoretical frameworks of postmodernism and the avant garde to arrive at the present and the digital age Some 50 years on from the first discovery of the cut ups in 1959 it is only now that we are truly able to observe the method s impact not only on literature but on music and culture in a broader sense The result of over nine years of research this study represents the first sustained and detailed analysis of the cut ups as a narrative form With explorations of the works of Burroughs Gysin Kathy Acker and John Giorno it also contains the first critical writing on the works of Claude P lieu and Carl Weissner in English as well as the first in depth discussion of the writing of Stewart Home to date *Kansas Quarterly*, 1992

Selected Poems Hélène Aji, Jennifer Kilgore-Caradec, 2013-01-16 Complete poems are bulky and too heavy to carry around Collected poems pretend to be complete but usually are not Selected poems are altogether unpretentious and reader friendly But they can be problematic Who decides what poems are important for inclusion in a volume of selected poems When the selection occurs during the author s lifetime may one assume that the author was involved What motivates the choice of one poem over another How do readers preferences influence this choice How do new readers and familiar readers of a poet negotiate the poems that are left out of the selection The essays in this volume address these questions in a variety of ways and also provide an overview of poetic writing from modernist poets to the present day using selections from the 1940s until now They offer new insight into the uses both pedagogical and critical of selection Because Selected Poems usually address a large general public these essays have also been written for all those who wish to know more about how these slimmer more attractive volumes are produced How Long Have You Been With Us? Khaled

Mattawa, 2016-11-08 A volume in the Poets on Poetry series which collects critical works by contemporary poets gathering together the articles interviews and book reviews by which they have articulated the poetics of a new generation Like the myriad companions and comrades that he summons from their exile Khaled Mattawa is himself a poet stranger In the essays written in a poet's prose collected in *How Long Have You Been With Us* Mattawa evokes a powerful amalgam of the personal intimacy of the solitary and the political challenge of solidarity Barbara Harlow University of Texas at Austin If you've read about exile you've read about Brodsky and Milosz just as if you've read about translation you've read about Walter Benjamin and George Steiner While Khaled Mattawa has mastered these masters his essays about world literature serve as a tour of the rest of the world He introduces you to the writers you haven't heard of but should from contemporary Libya and colonial South Asia to Latin America and China When Mattawa invokes Saadi Youssef or Rabindranath Tagore Mohja Kahf or Toru Dutt the effect is to deprovincialize American literature Ken Chen The Asian American Writers Workshop Khaled Mattawa an American poet of Libyan origin explores various dynamic developments shaping American poetry as it is being practiced today Arising from an incredibly diverse range personal backgrounds lyric traditions and even languages American poetry is transforming into a truly international form Mattawa who also translates Arabic poetry into American English and American poetry into Arabic explores the poetics and politics of cross cultural exchange and literary translation that fostered such transformation The essays in this collection also shed light on Mattawa's development as a poet and provide numerous portraits of the poets who helped shaped his poetry **The Formalist**, 1999
