Simona Rich

Shine All Stars Shine:

The First Reader Outlook Verlag, 2024-02-15 Reprint of the original first published in 1883 *My Journey to Wealth* Simona Rich, 2018-01-01 I wrote this book in 2015 and in 2018 I completely updated and revised it Four new chapters have been added to it as well It is a short book explaining how I broke out of the poverty consciousness that I grew up with in Lithuania started my own business earned enough money to be able to quit my job How I became fully financially independent was traveling to my favorite places in the world whilst blogging about the experiences I was going through that was and still is my occupation How I found spirituality and my understanding of wealth started shifting to embrace the Divine This isn't a usual book on wealth because I see wealth in a slightly different way to how the majority sees it For me wealth is not about earning millions and overworking yourself to the degree that your health fails and you cannot enjoy what you earned For me wealth is about being self-sufficient yet having plenty of time to do what you love So for me a person who earns enough money by doing something that he loves affords to visit the places he wants to visit though that doesn't have to be a first class travel and has plenty of time to really enjoy life is much wealthier than a billionaire Thus this book embraces this kind of understanding about wealth and it explains how I achieved financial independence from breaking out of the lack mindset I grew up with to reaching the peak of my financial abundance and then to transitioning to spiritual abundance Once the mindset is changed to the one of abundance you no longer have to dwell on the money It will always be there when you need it Then you can focus on things that really interest you I hope that by reading this book you will be enabled to arrive at that stage where your mindset has no place for lack and therefore money manifests when you need it **The Modern**

Sorry Not Sorry Angela N. Parris, 2016-02-03 You cannot give meaning to someone else's life by demeaning your own God said I Am who I Am Ex 3 14 So why shouldn't we boldly declare the same And if we were fully transparent it would sound something like this Im nobody and Im somebody special God is a divine craftsman do you agree Then why is it so hard to delight in His craftsmanship That would be ushumankind The Bible consists of many warnings to steer clear of arrogance and high minded behaviors After all pride was the sin that did Satan in Still down through the years well meaning Christians have applied human logic to these instructions and as a result the world sees weakness and is unimpressed with God Wouldn't it be powerful to see the resources and collective gifts of believers come to full effect against the ills of this world Just what is keeping us from unleashing that fearfully and wonderfully made person within Insecurity jealousy and self doubt have zapped the life out of God's children for too long Sorry Not Sorry celebrates the privilegethe exclusive benefits and favorthat come with belonging to Christ Its time to begin replacing guilt with grace and Im sorry with Thank you In fact the only apology that will be made is to God Hes the one who lit the light inside of you Have you hidden that light under a bushel Repent break free and ignite the life you were made for in Christ You wont be sorry that you did

Brunetto Latini Brunetto Latini,2013-10-28 First published in 1993 Part of a library on Medieval Literature this volume is a translated version of The Book of the Treasure by Brunetto Latini who was a teacher of Dante and is remembered in Dante s Inferno in Canto 15 The Book of the Treasure is a compendium of primarily classical material following in a long tradition of such collections with origins in late Antiquity and the early Middle Ages a genre which was finally to die in the Renaissance when

especially the scientific knowledge contained in these pale and corrupt reflections of classical wisdom could no longer compete with the superior scientific material from the Muslim world which began to make its way into Christian Europe as early as the 11th century
