Shine Grammar 2 Sb:

A Vedic Grammar for Students Arthur Anthony Macdonell, 1993 The present work is to a great extent based on the author's large Vedic Grammar. It is however by no means simply an abridgement of that work. For besides being differently arranged so as to agree with the scheme of his other work Sanskrit Grammar it contains much matter excluded from the Vedic Grammar. It adds a full treatment of Vedic Syntax and an account of the Vedic meters. Thus it constitutes a supplement to the Vedic Grammar. Reprinted *The English Dialect Dictionary: T-Z. Supplement.
